

Moving around

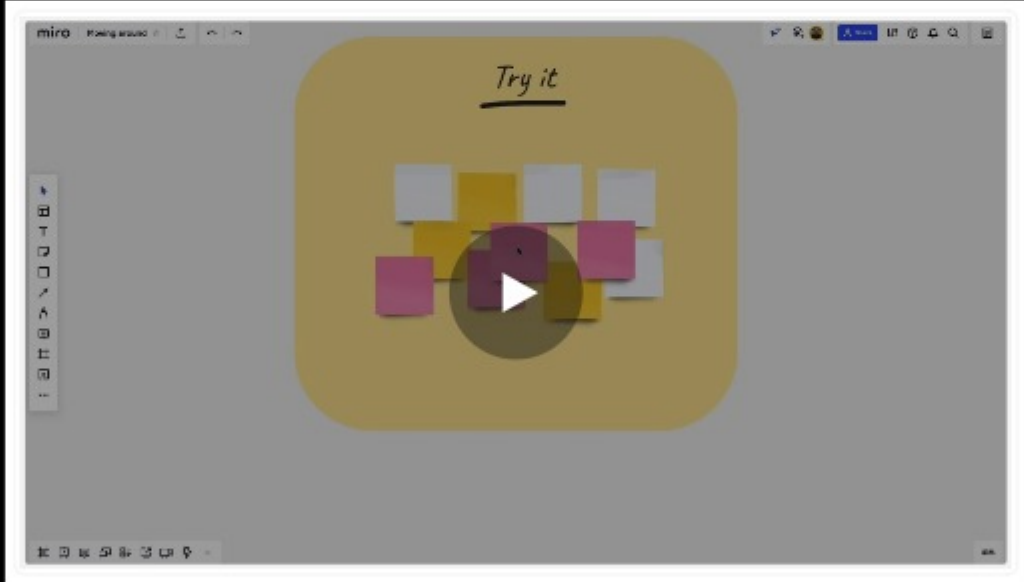

Hold spacebar then click and drag to move around.

Find it

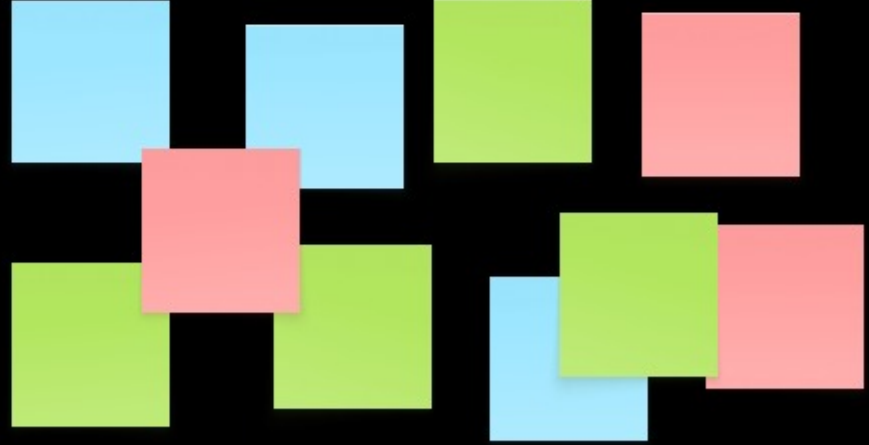

Hold **spacebar** then click and drag to move around

See it

Try it

- ① Hold **spacebar** until you see a hand
- ② Place your **cursor** over the stickies, then **click and drag**

 Edit the board when your cursor looks like a **pointer** (v). Move around with the **hand** (h).

Zooming in and out

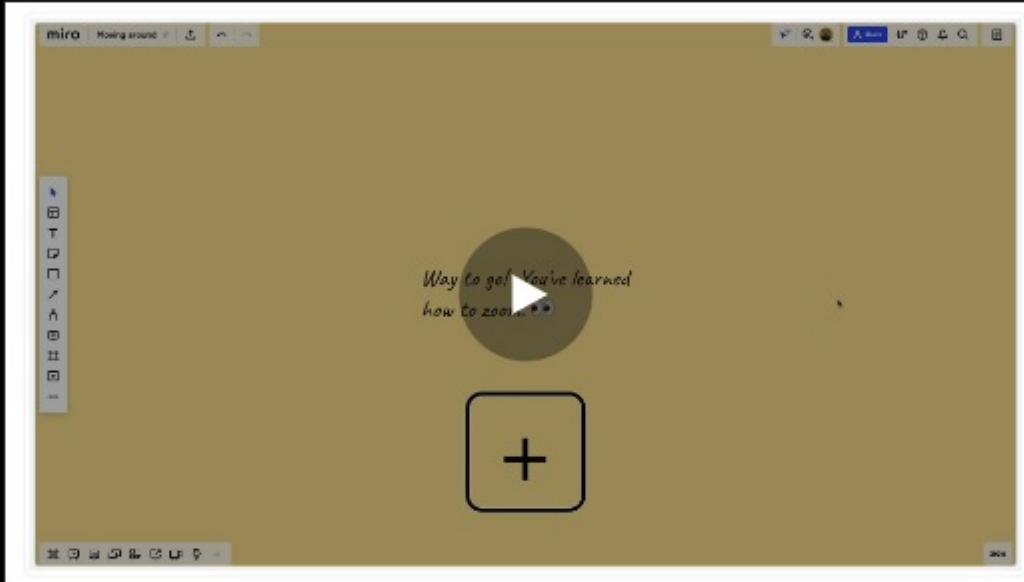

Use the plus and minus keys on your keyboard to zoom in and out.

Find it

Use the **plus** and **minus** keys on your keyboard

See it

Try it

- ① Center your screen on the small text below
- ② Use the **plus** and **minus** keys to zoom in and read the message

 Alternatively, use the **scroll wheel** on a mouse or **pinch** on a trackpad.

Housekeeping

Rules regarding webcams

Keep your Webcam on throughout the delivery

Rules regarding mute

Keep your Microphone off throughout for privacy unless you are asked or need to respond.

Frequency of breaks

Short Breaks are scheduled every hour to support you with your learning.

Rules regarding group participation

Everyone should equally participate in Group discussion and take lead in contributing your view.

Rules regarding questions

The Golden Rule:

'There is no such thing as a stupid question'

'Even when asked by an instructor'

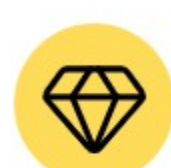

Please have a go at answering questions

Also:

'A question never resides in a single mind'
By asking questions, you are helping everyone out!

Project Scope, objectives, goals and KPI's.of the reports and dashboard.

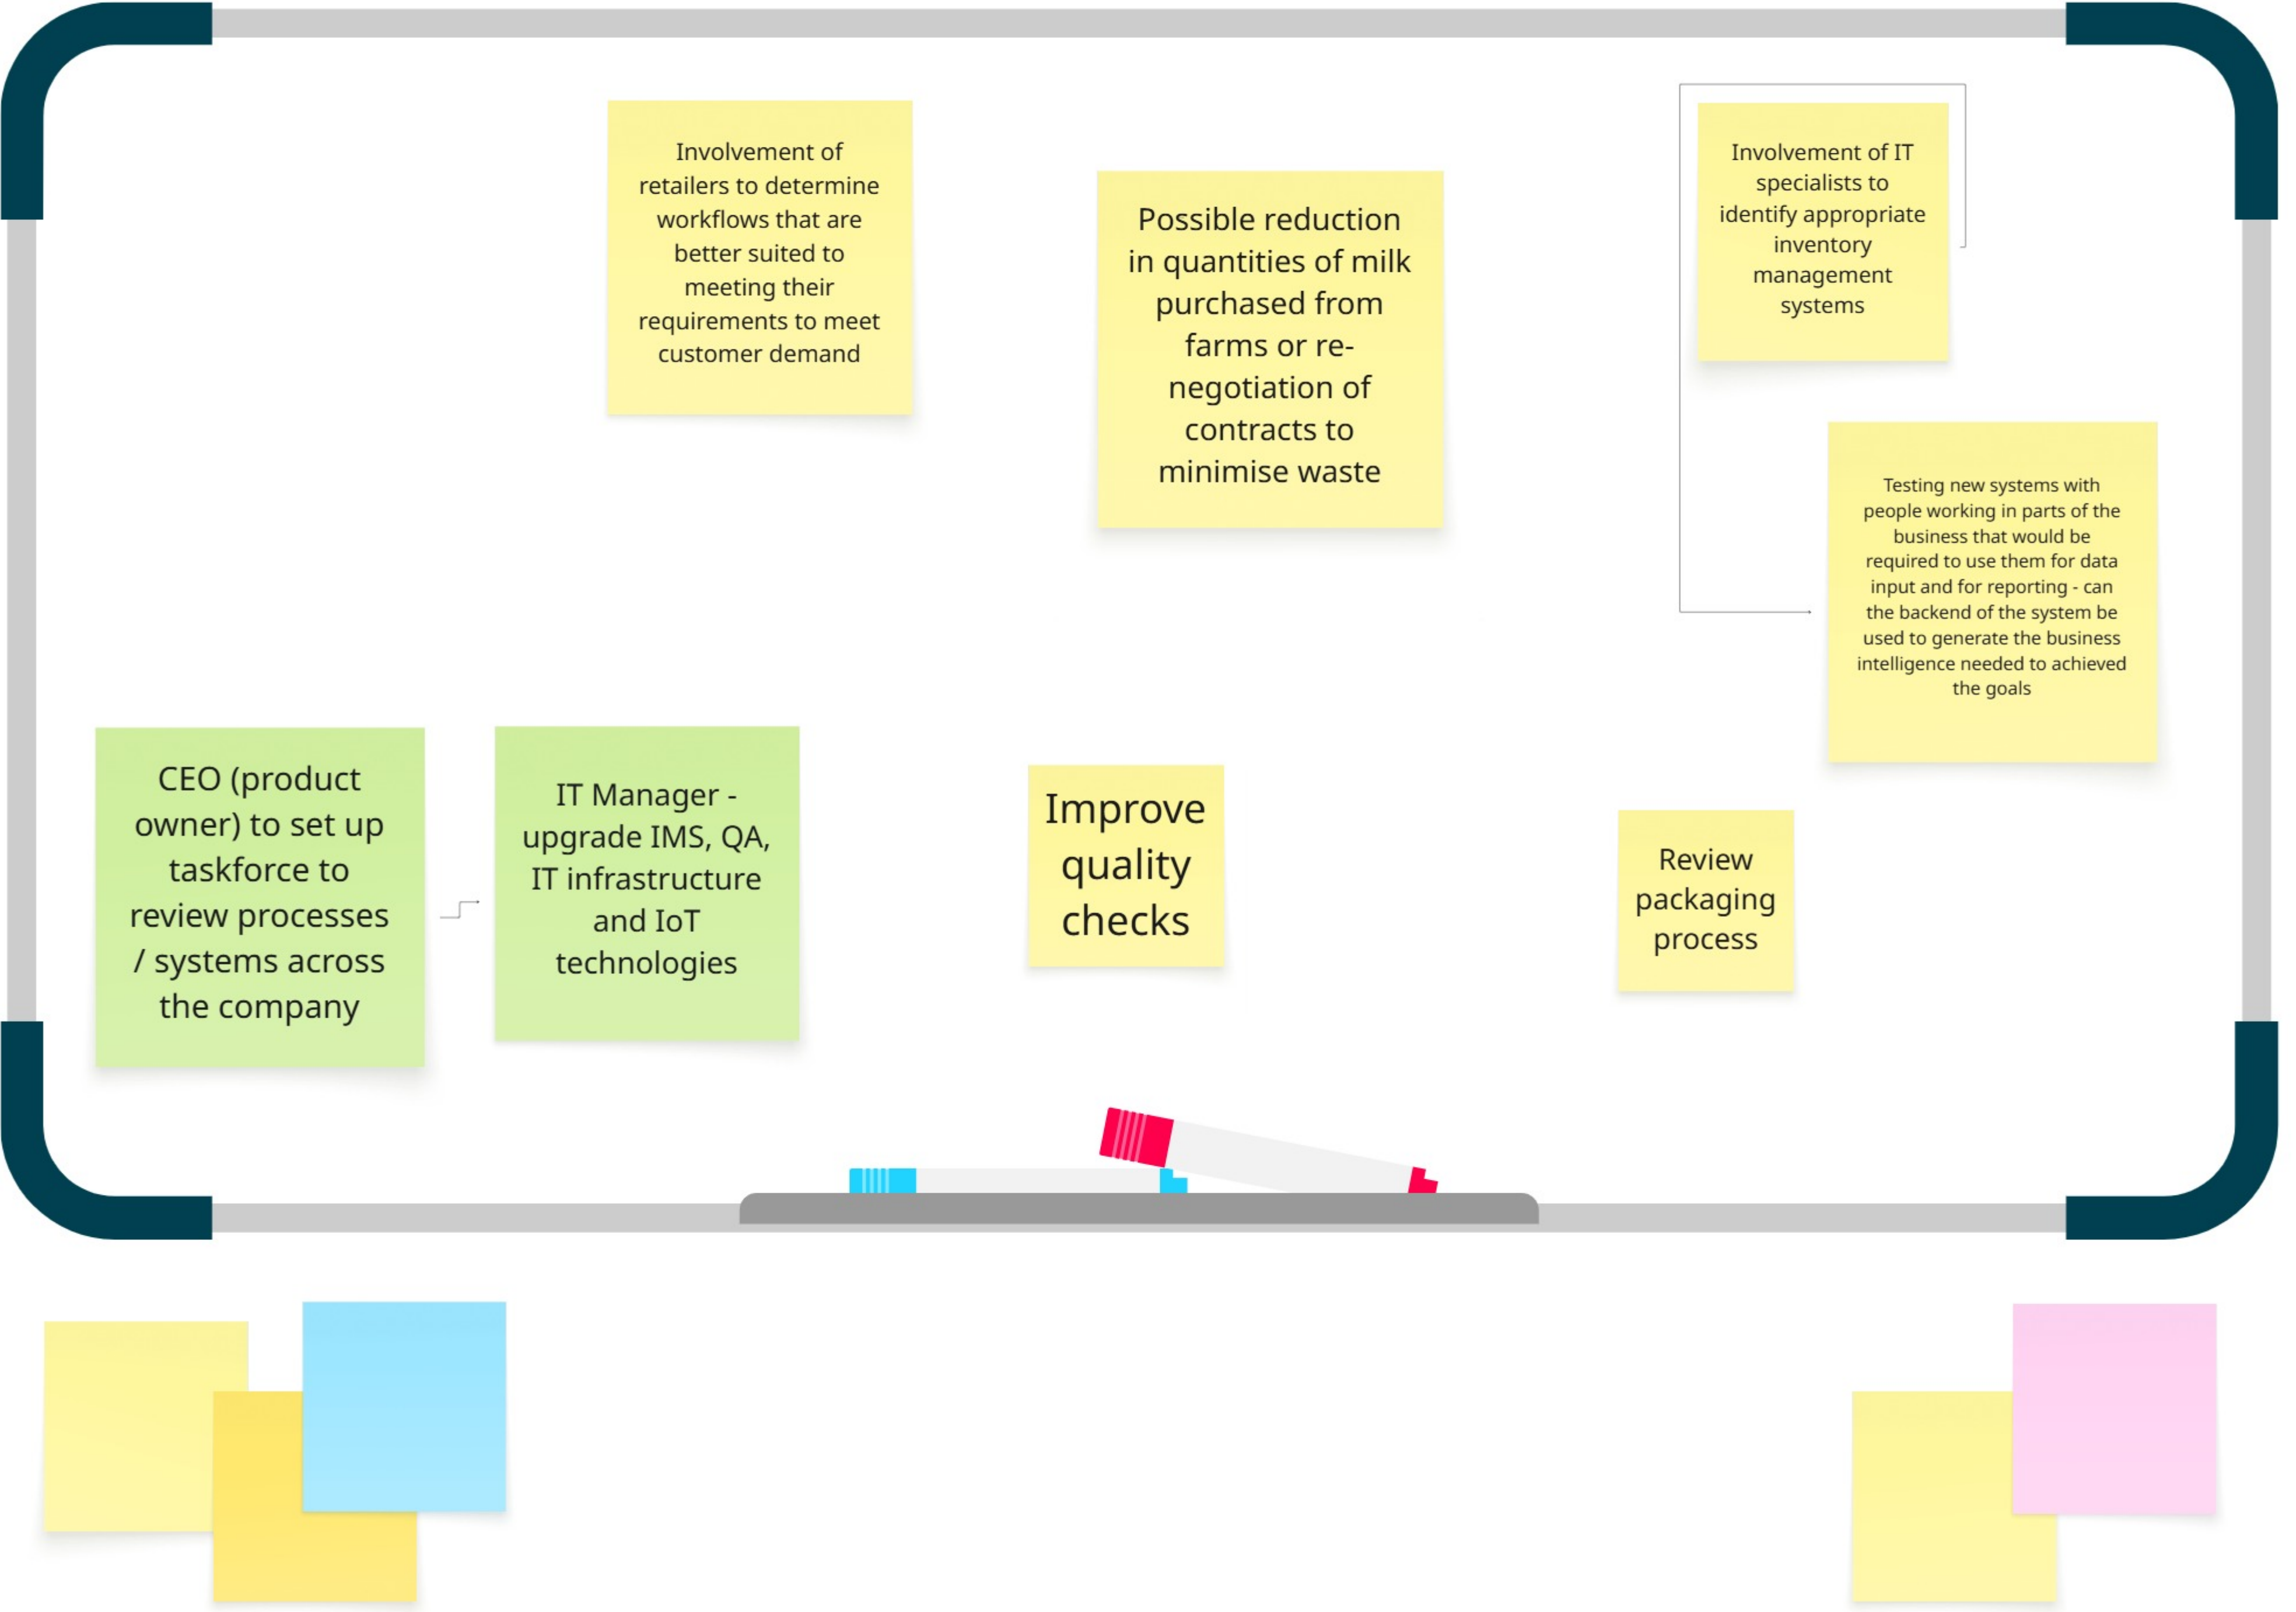

Target audience and stakeholders who will use the reports and dashboard.

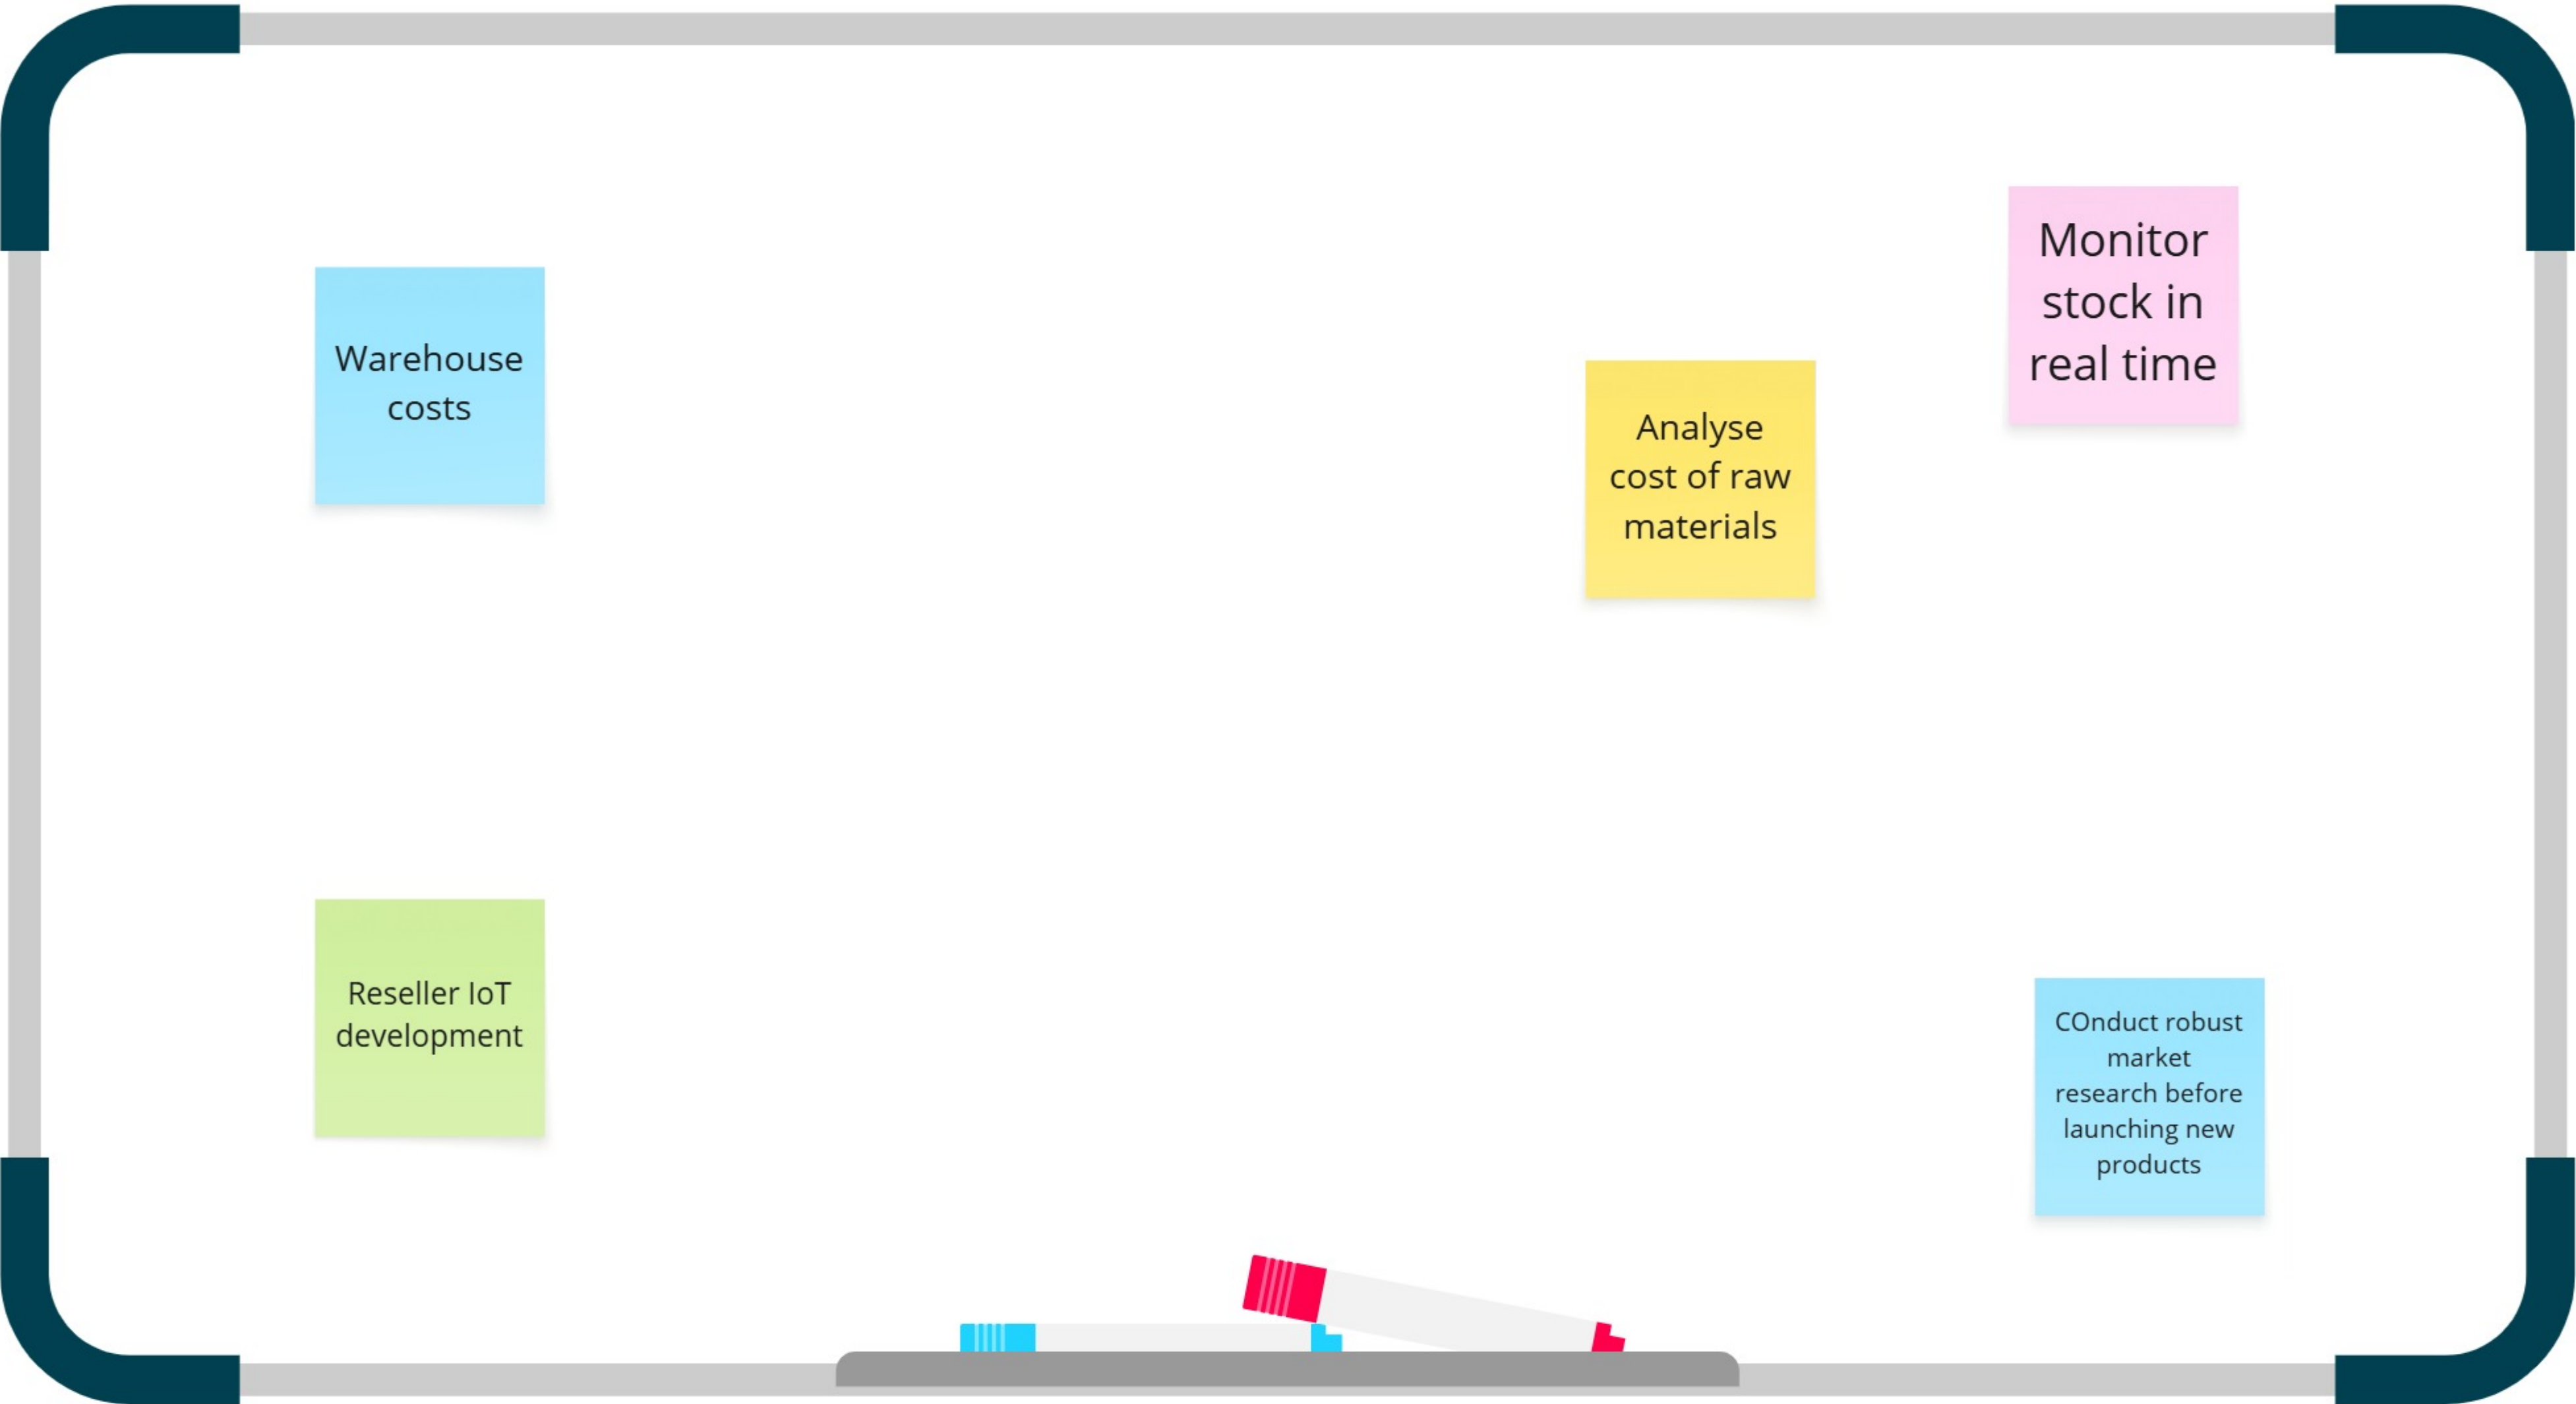

Technologies and tools that will be utilized for data analysis and visualisation.

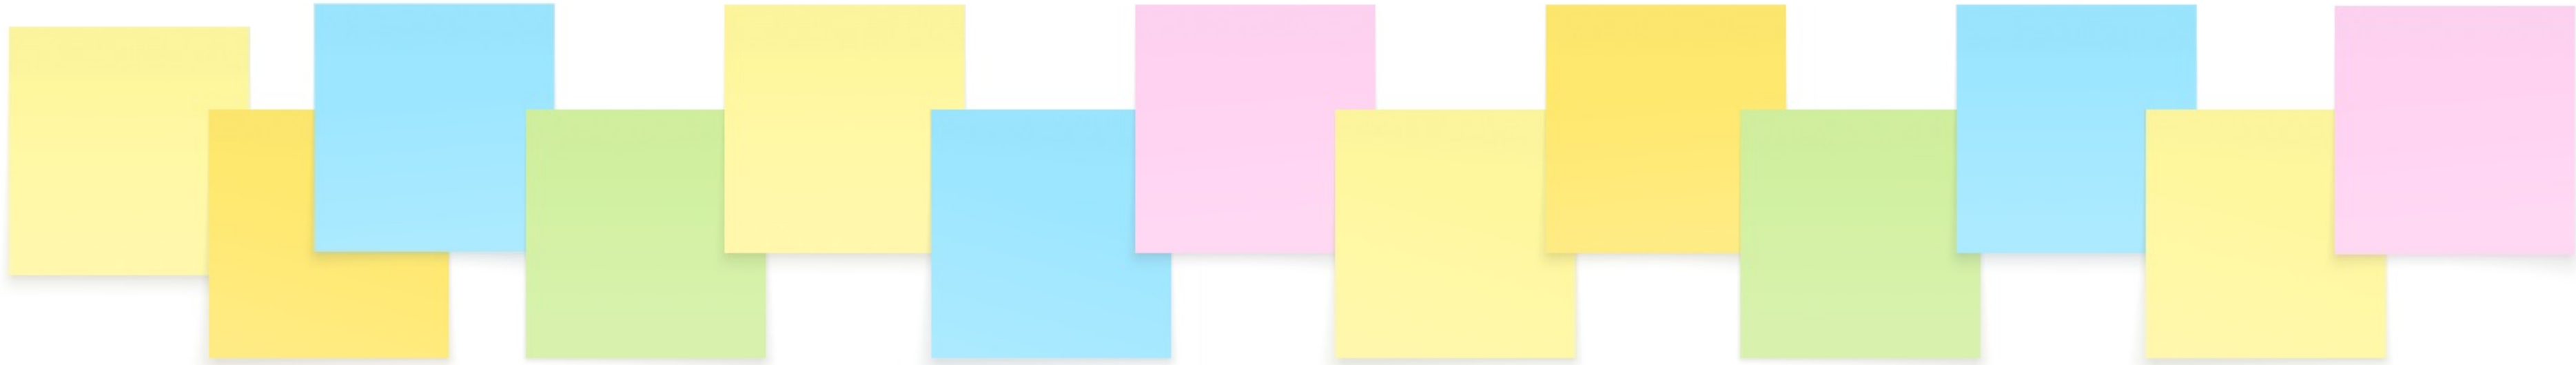

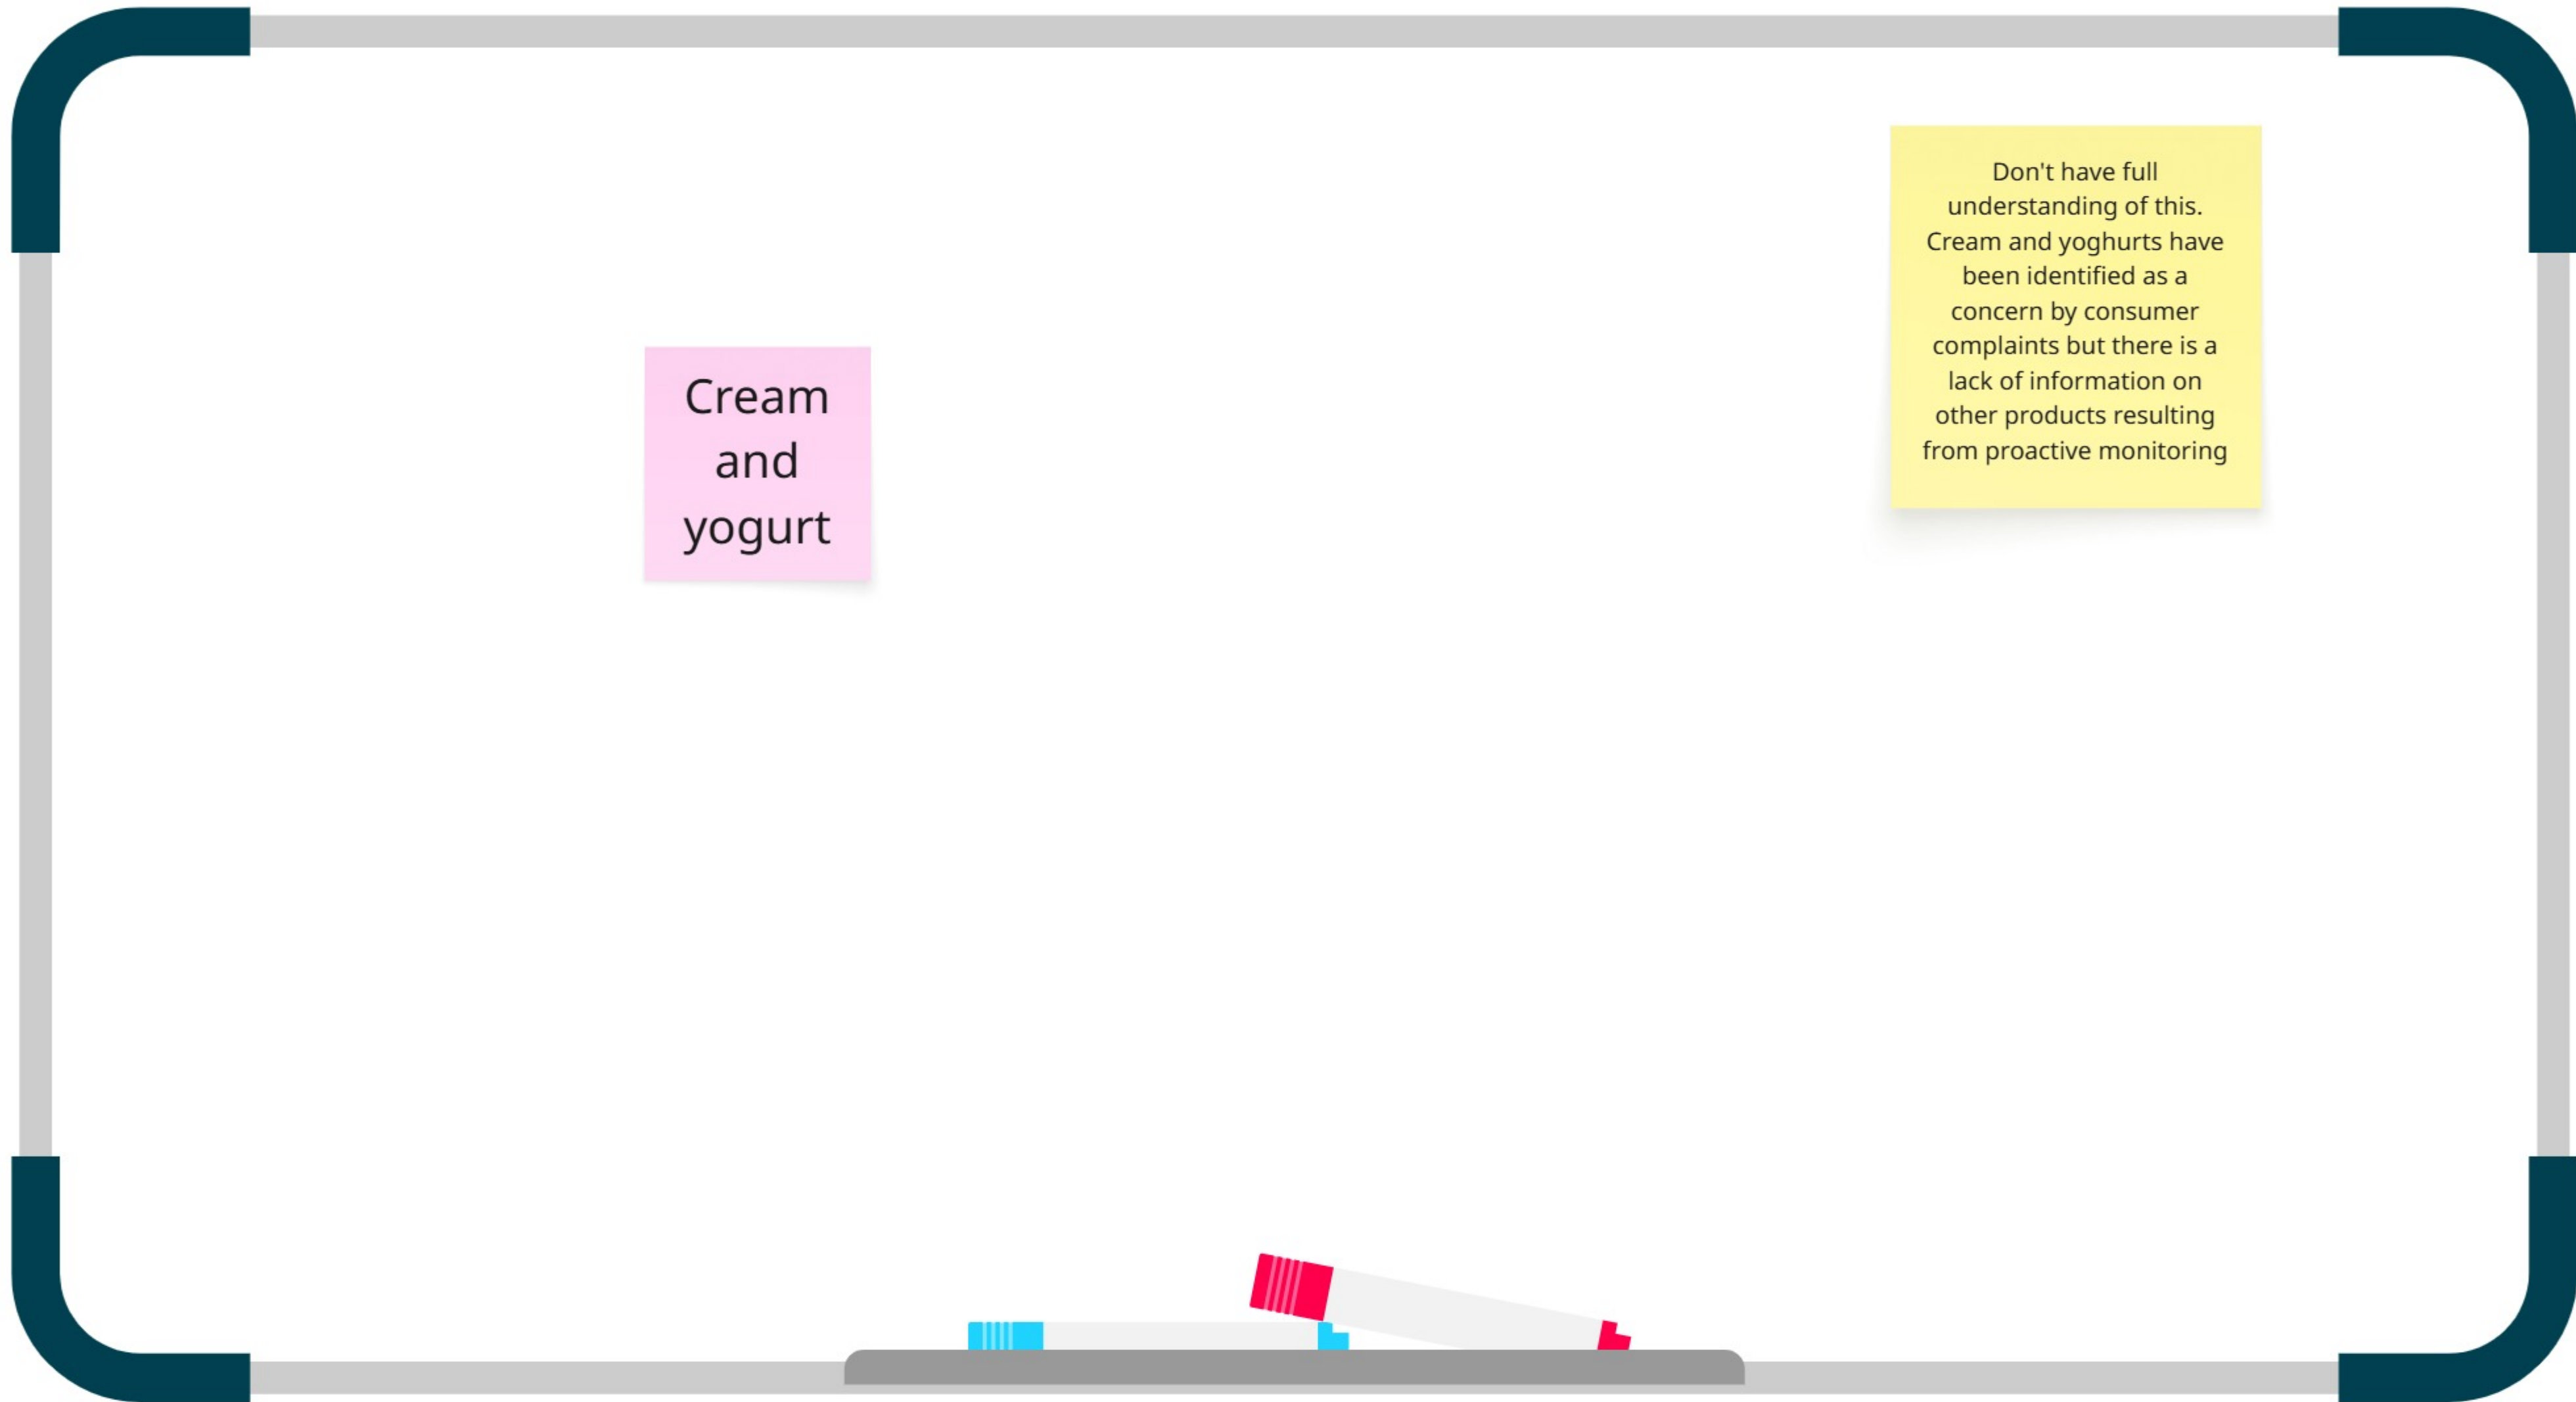

How the potential stakeholders of Dairy Delights who would be involved in or affected by the waste reduction and profit maximization efforts.

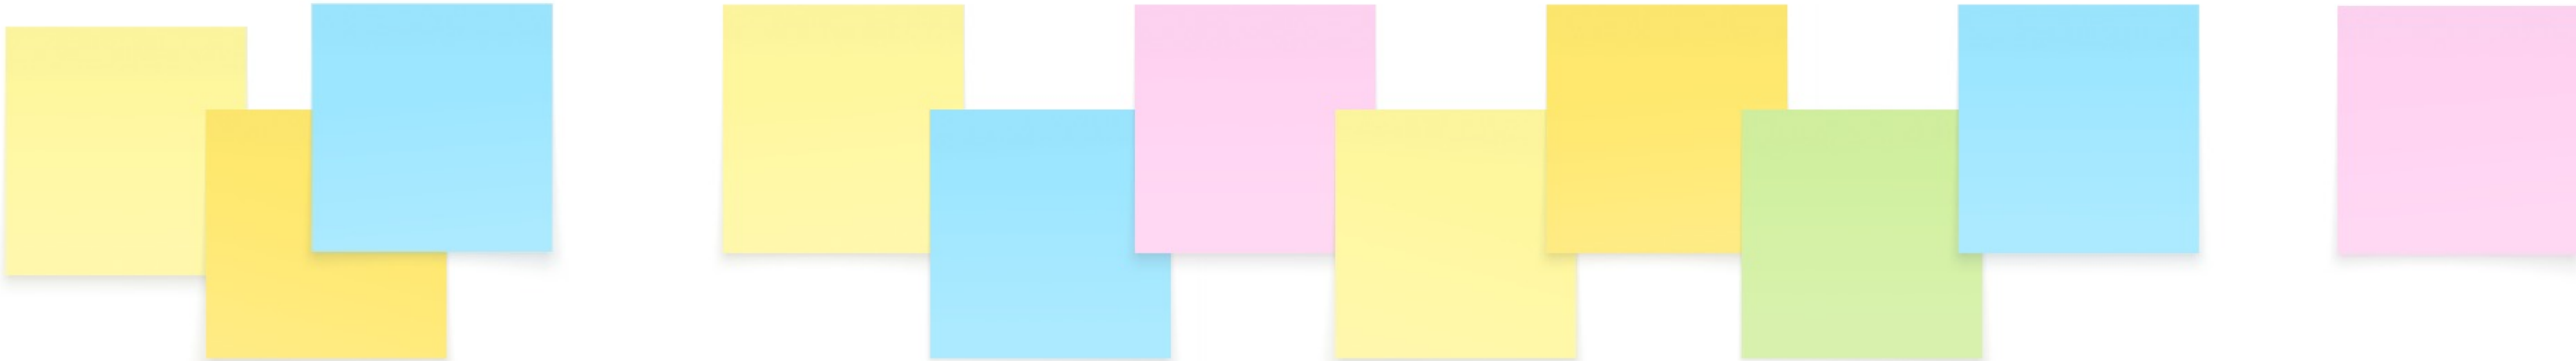

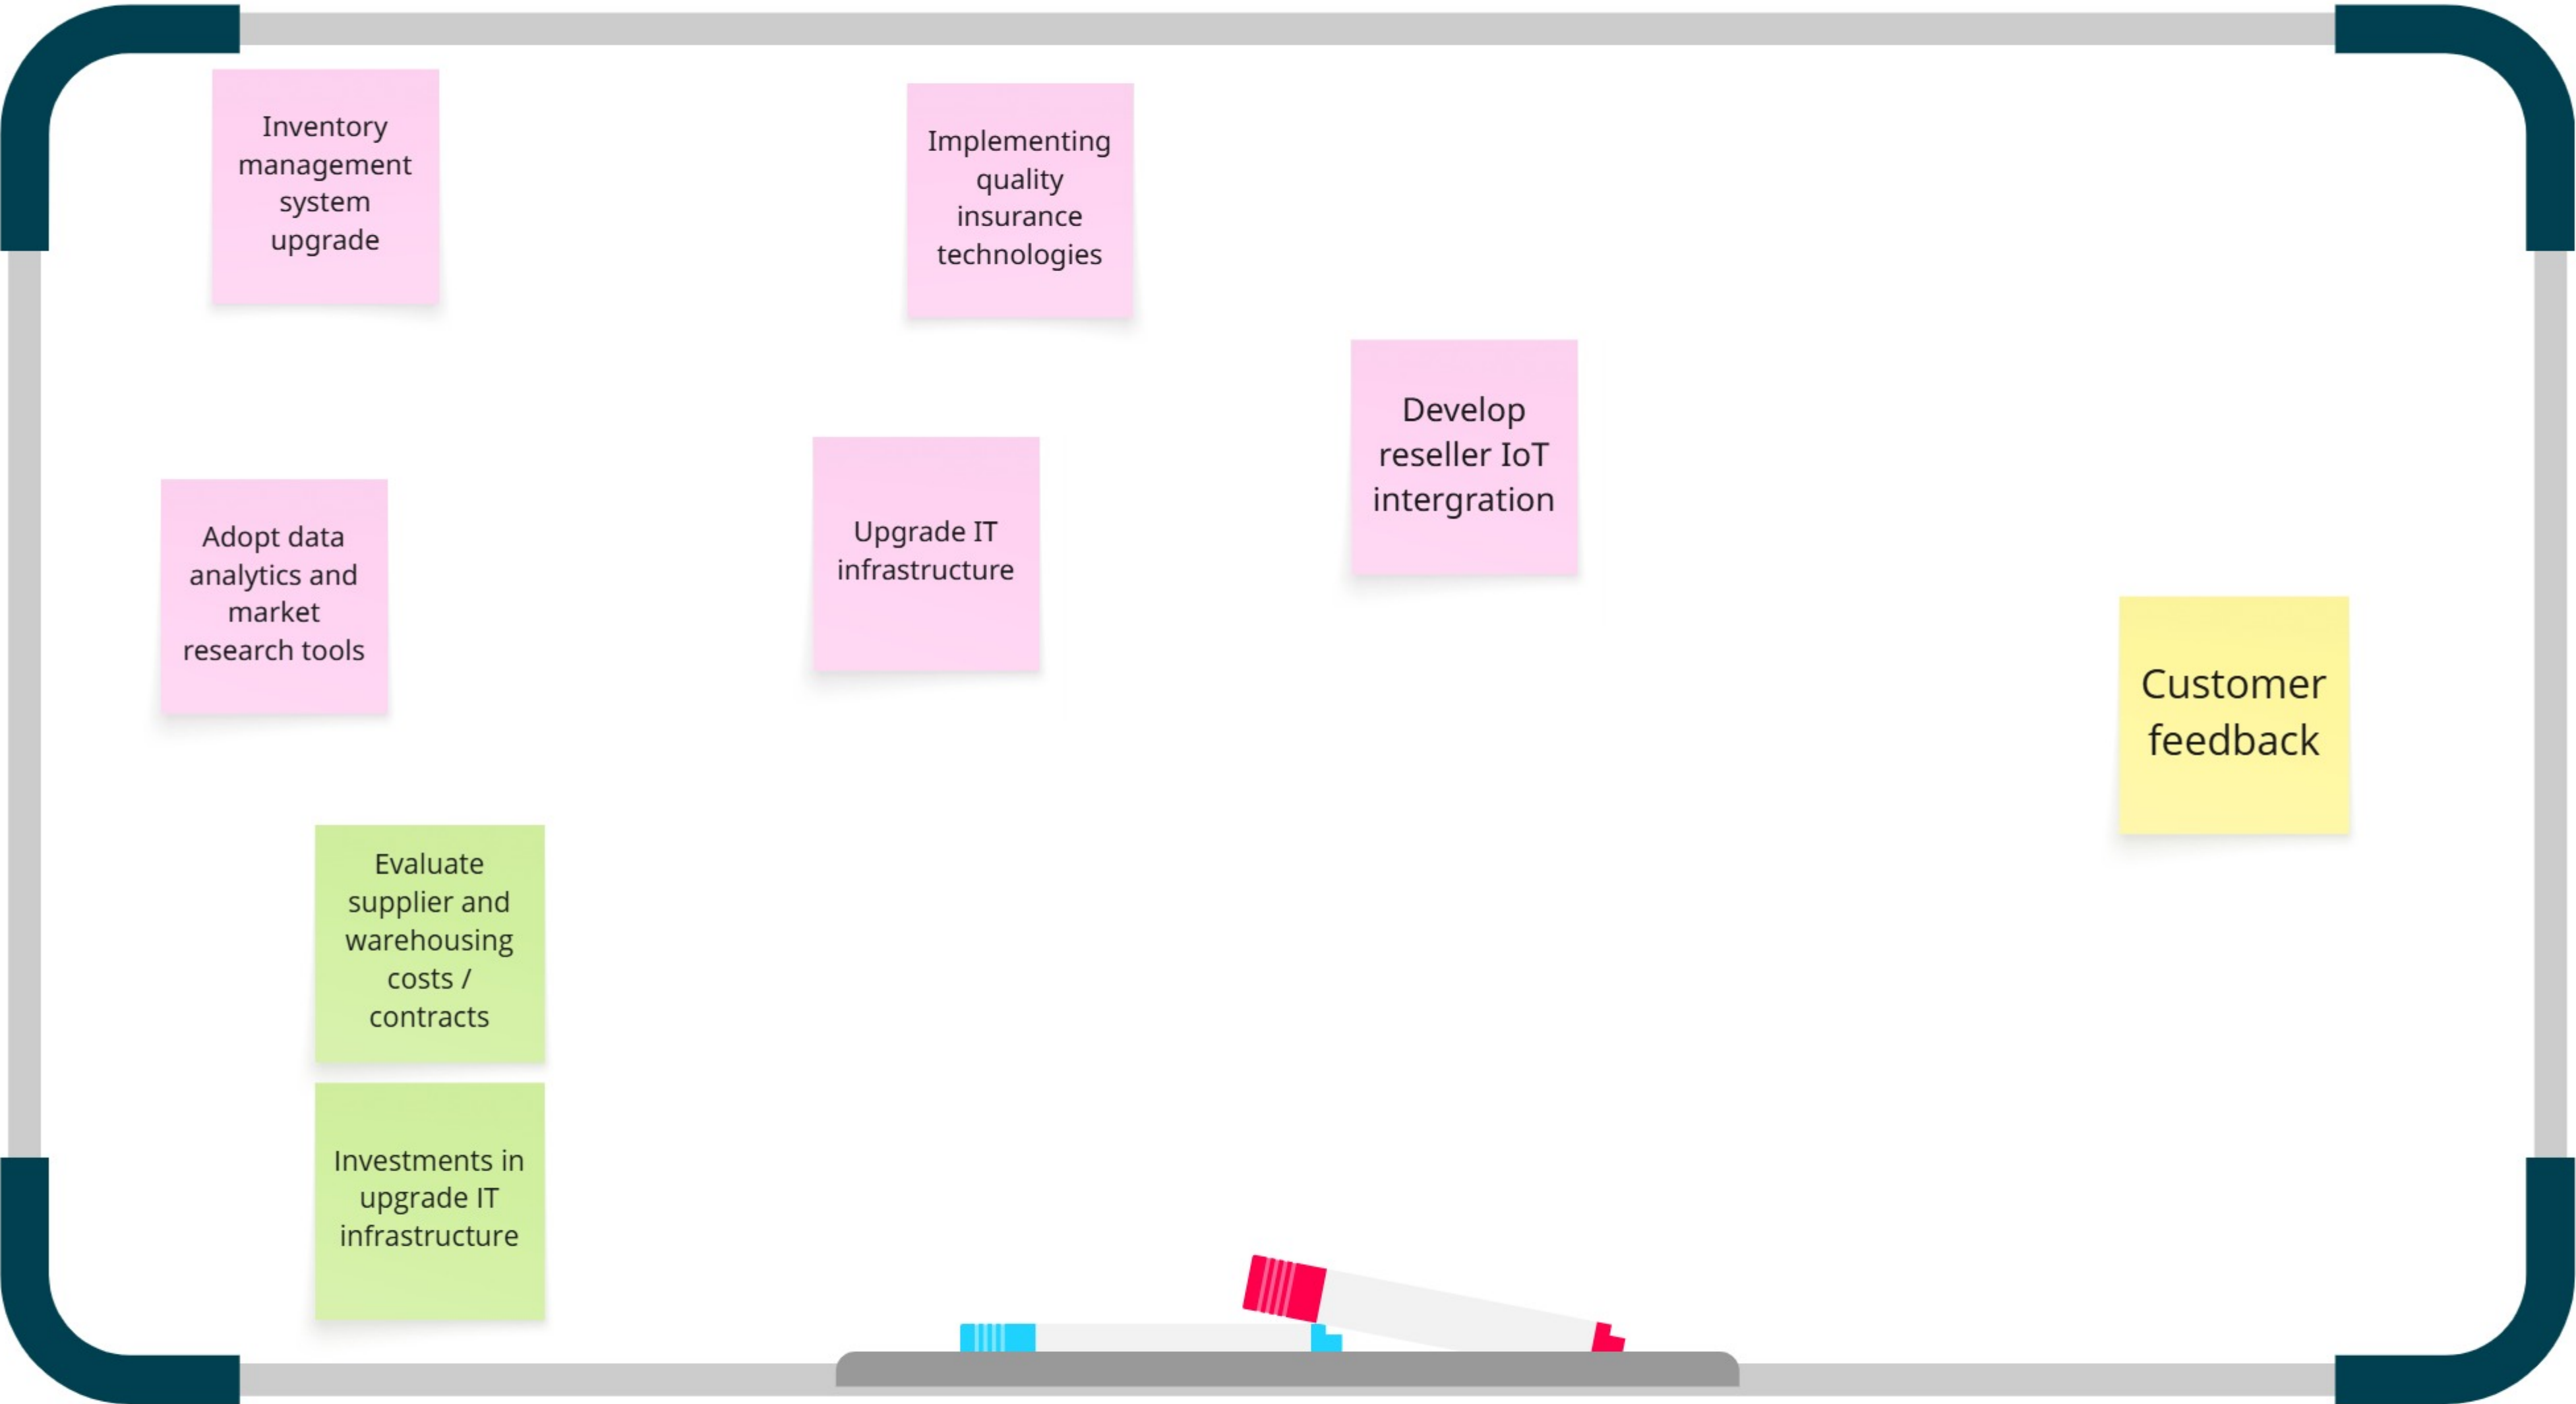

Capturing business needs from stakeholders Interviews to ensure that the data analysis aligns with the company's goals

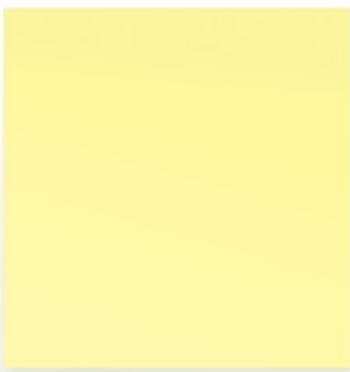

What specific dairy products have the most significant waste.

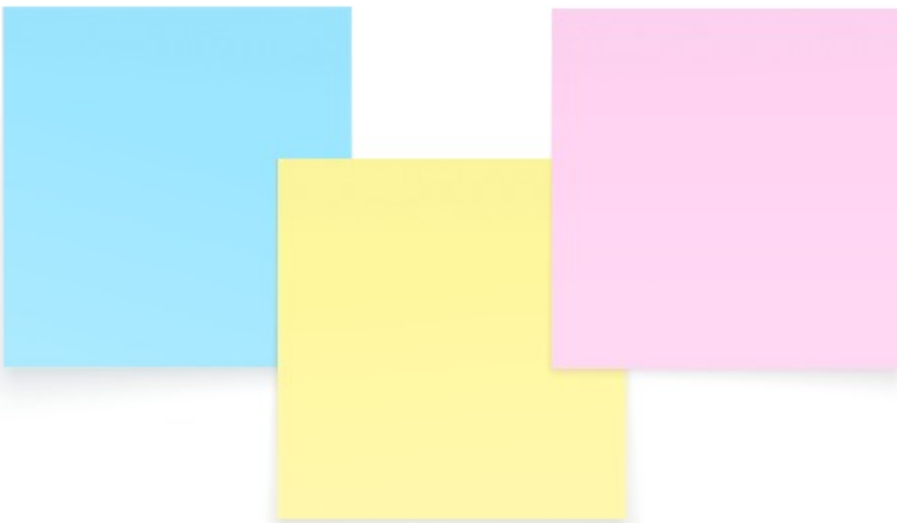

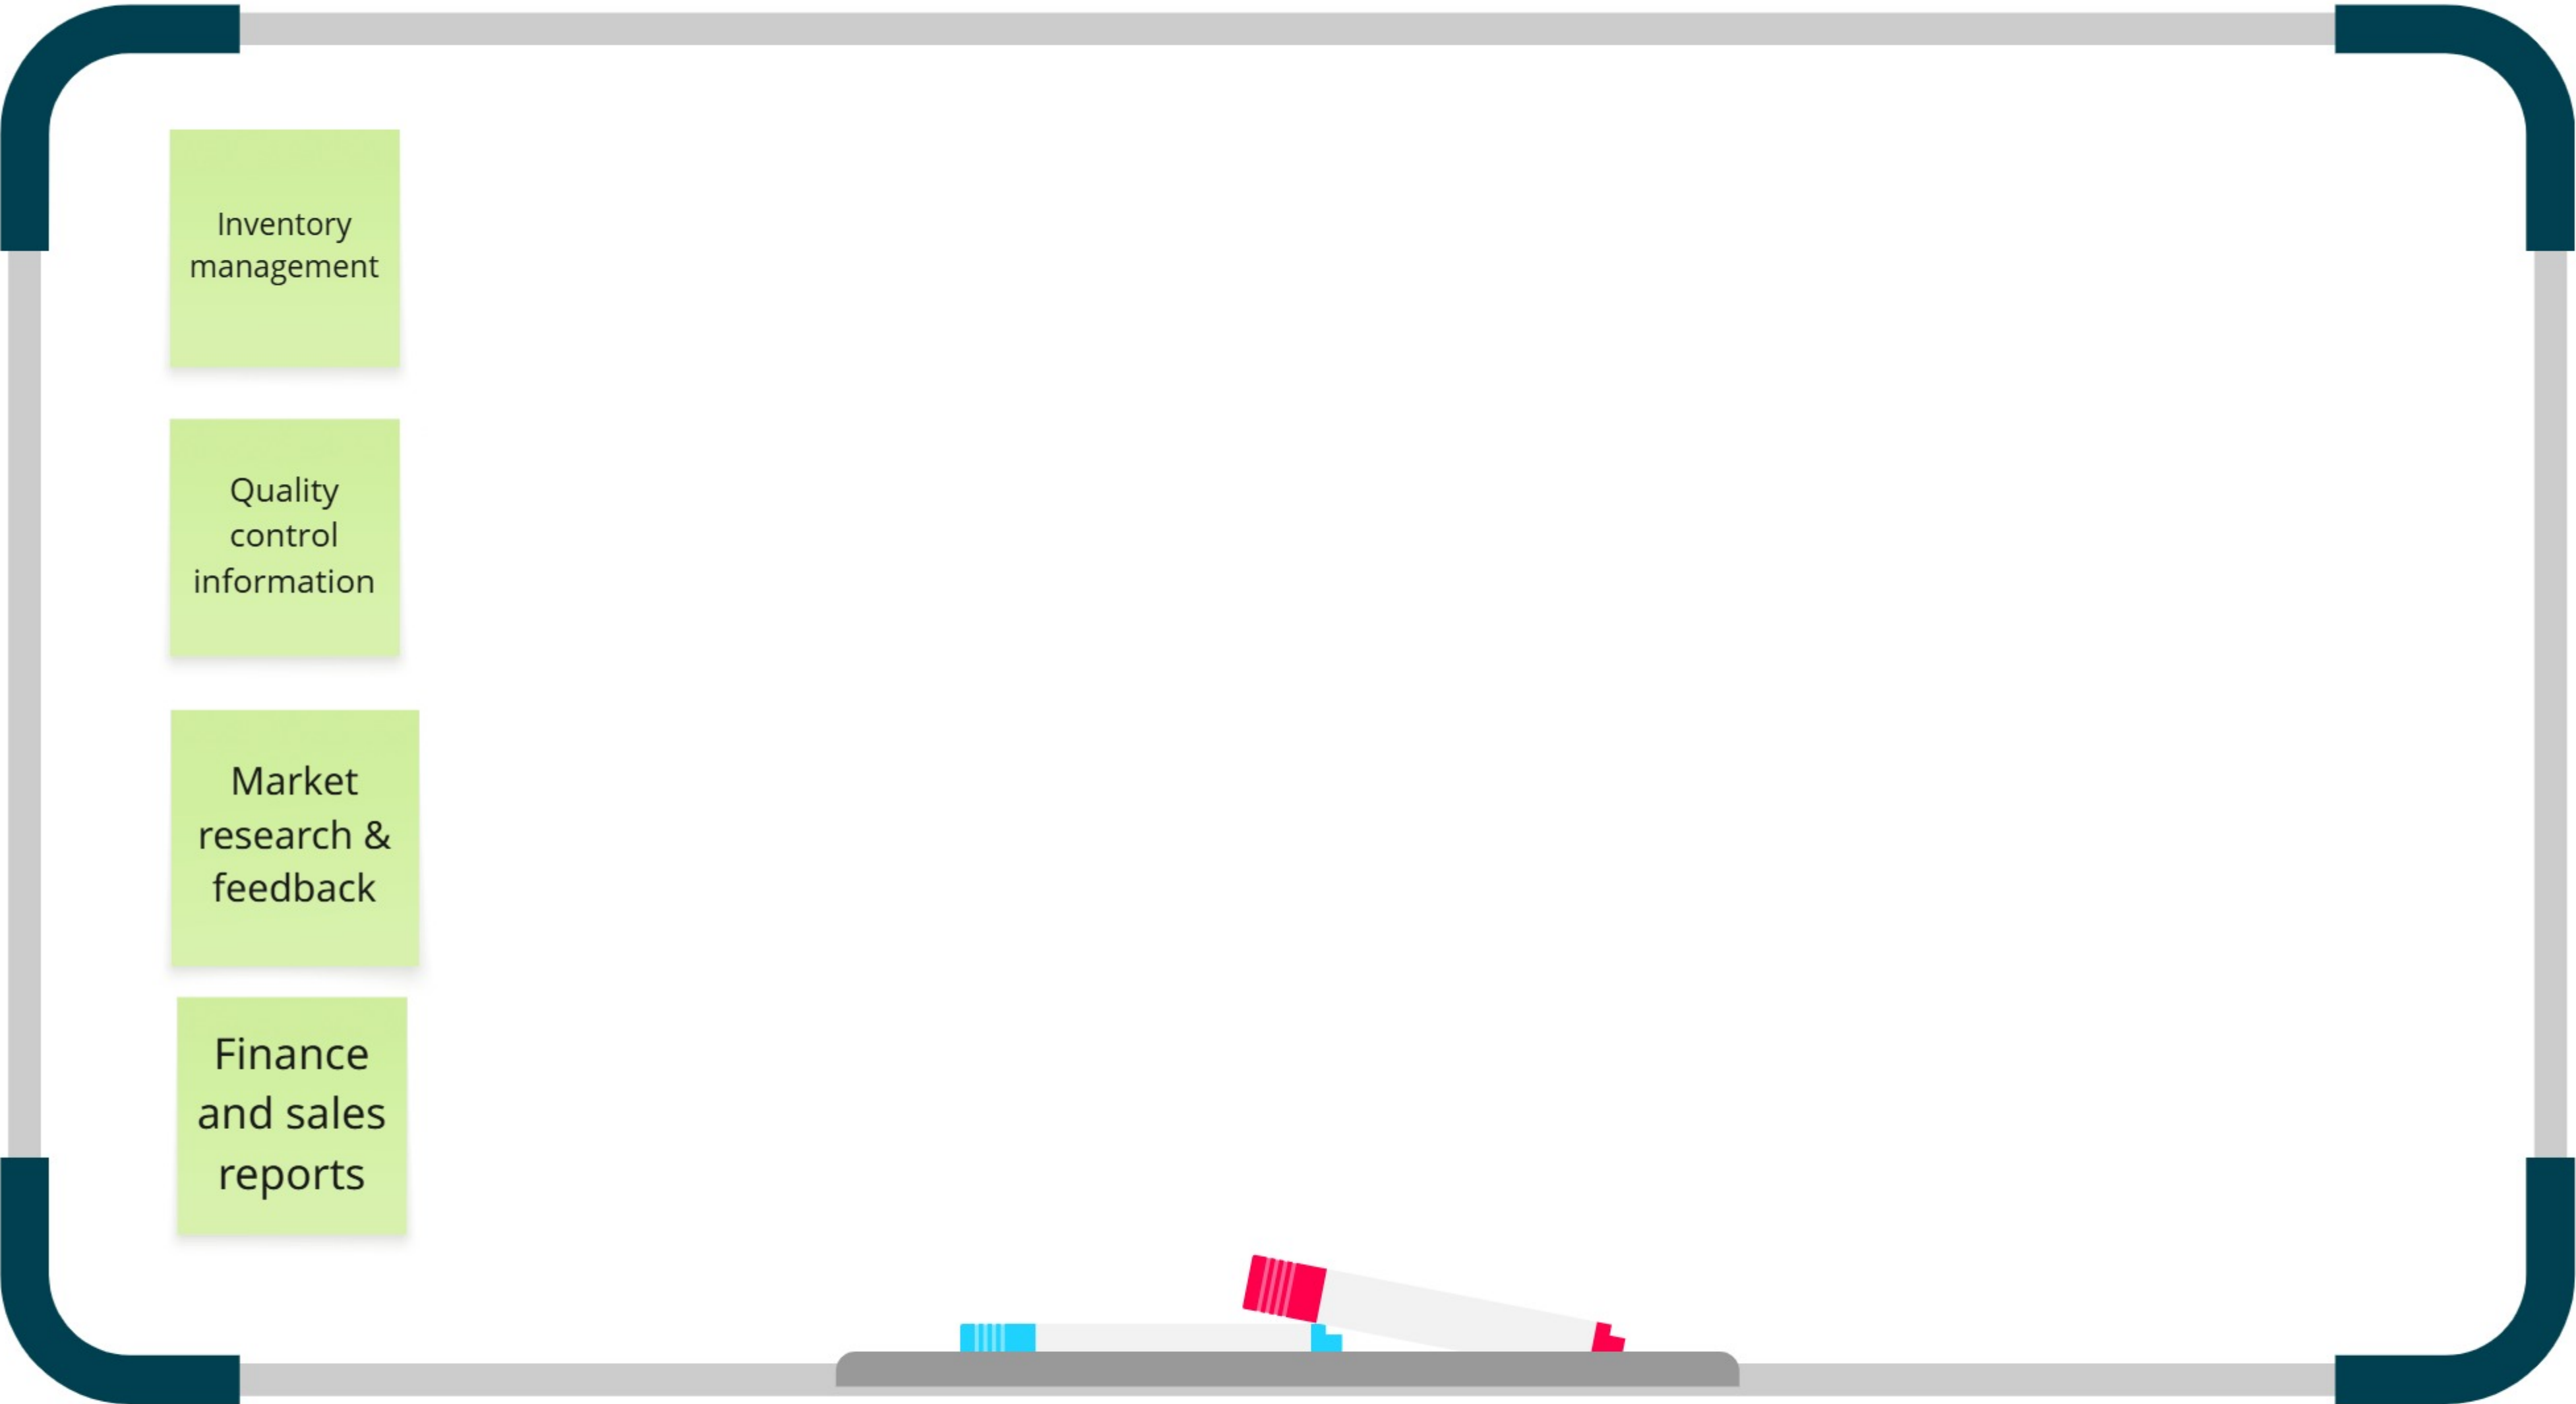

Define specific objectives, KPIs, and data requirements that align with the stakeholders' needs

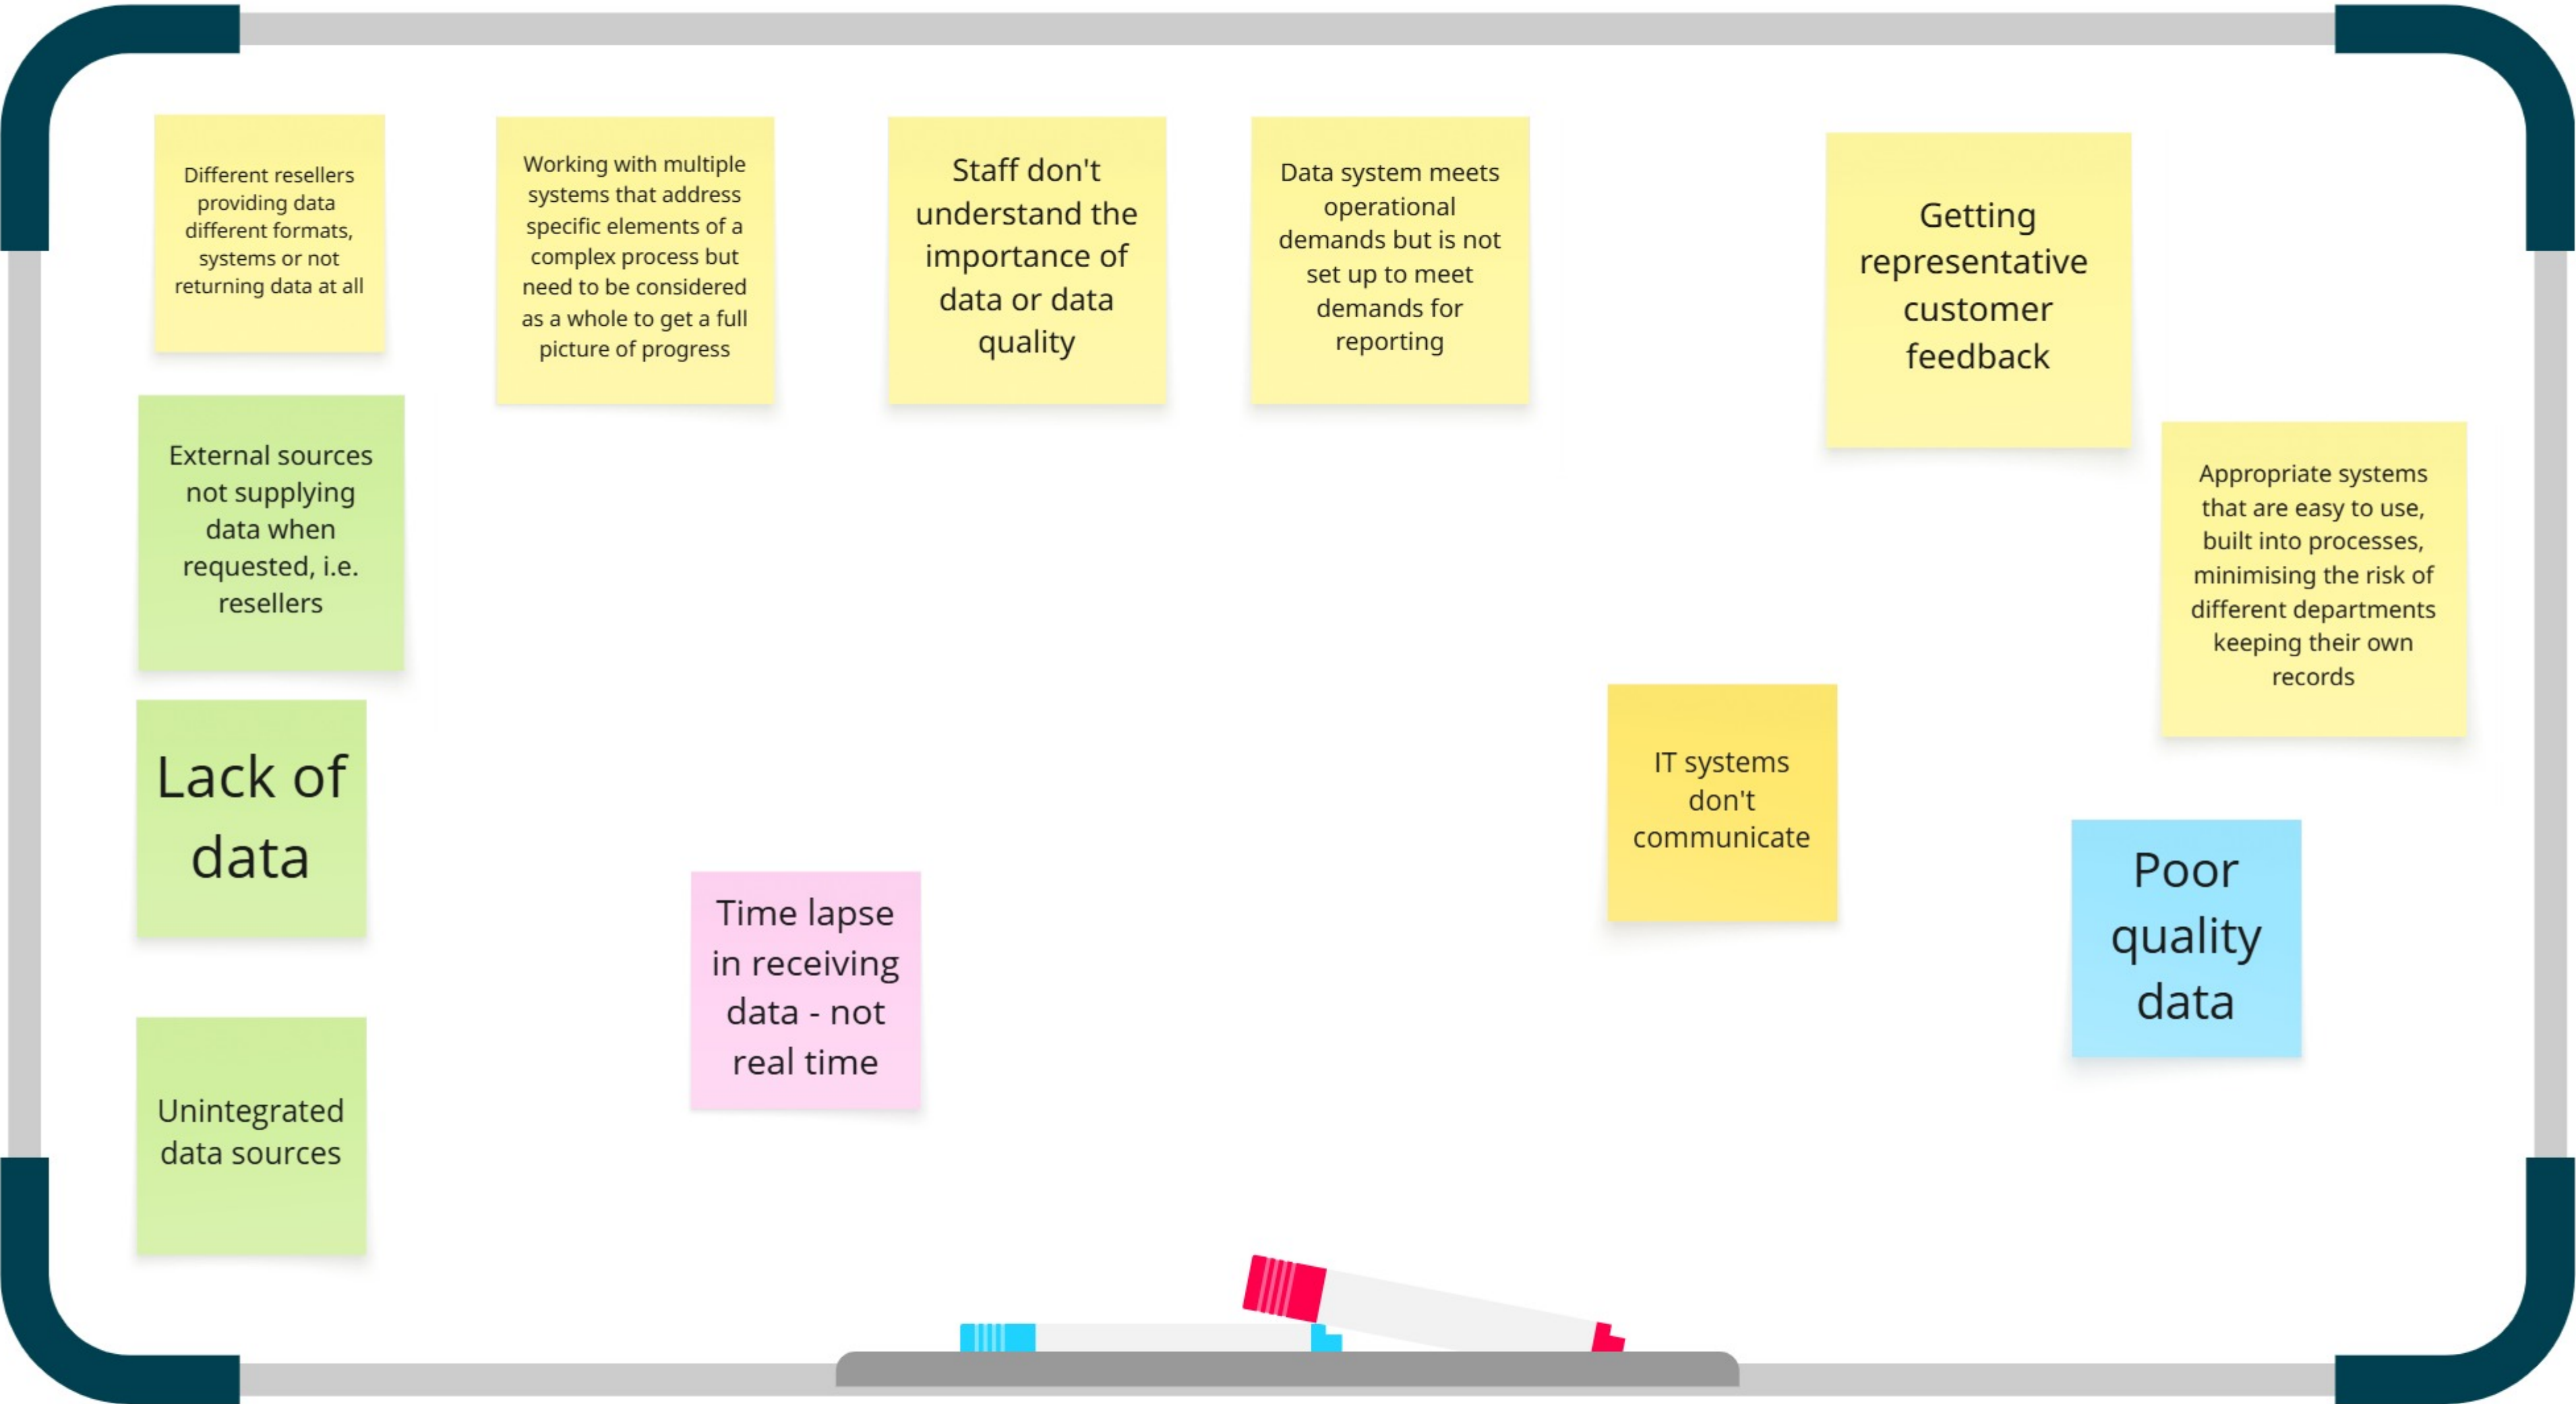

Identify potential internal and external data sources.

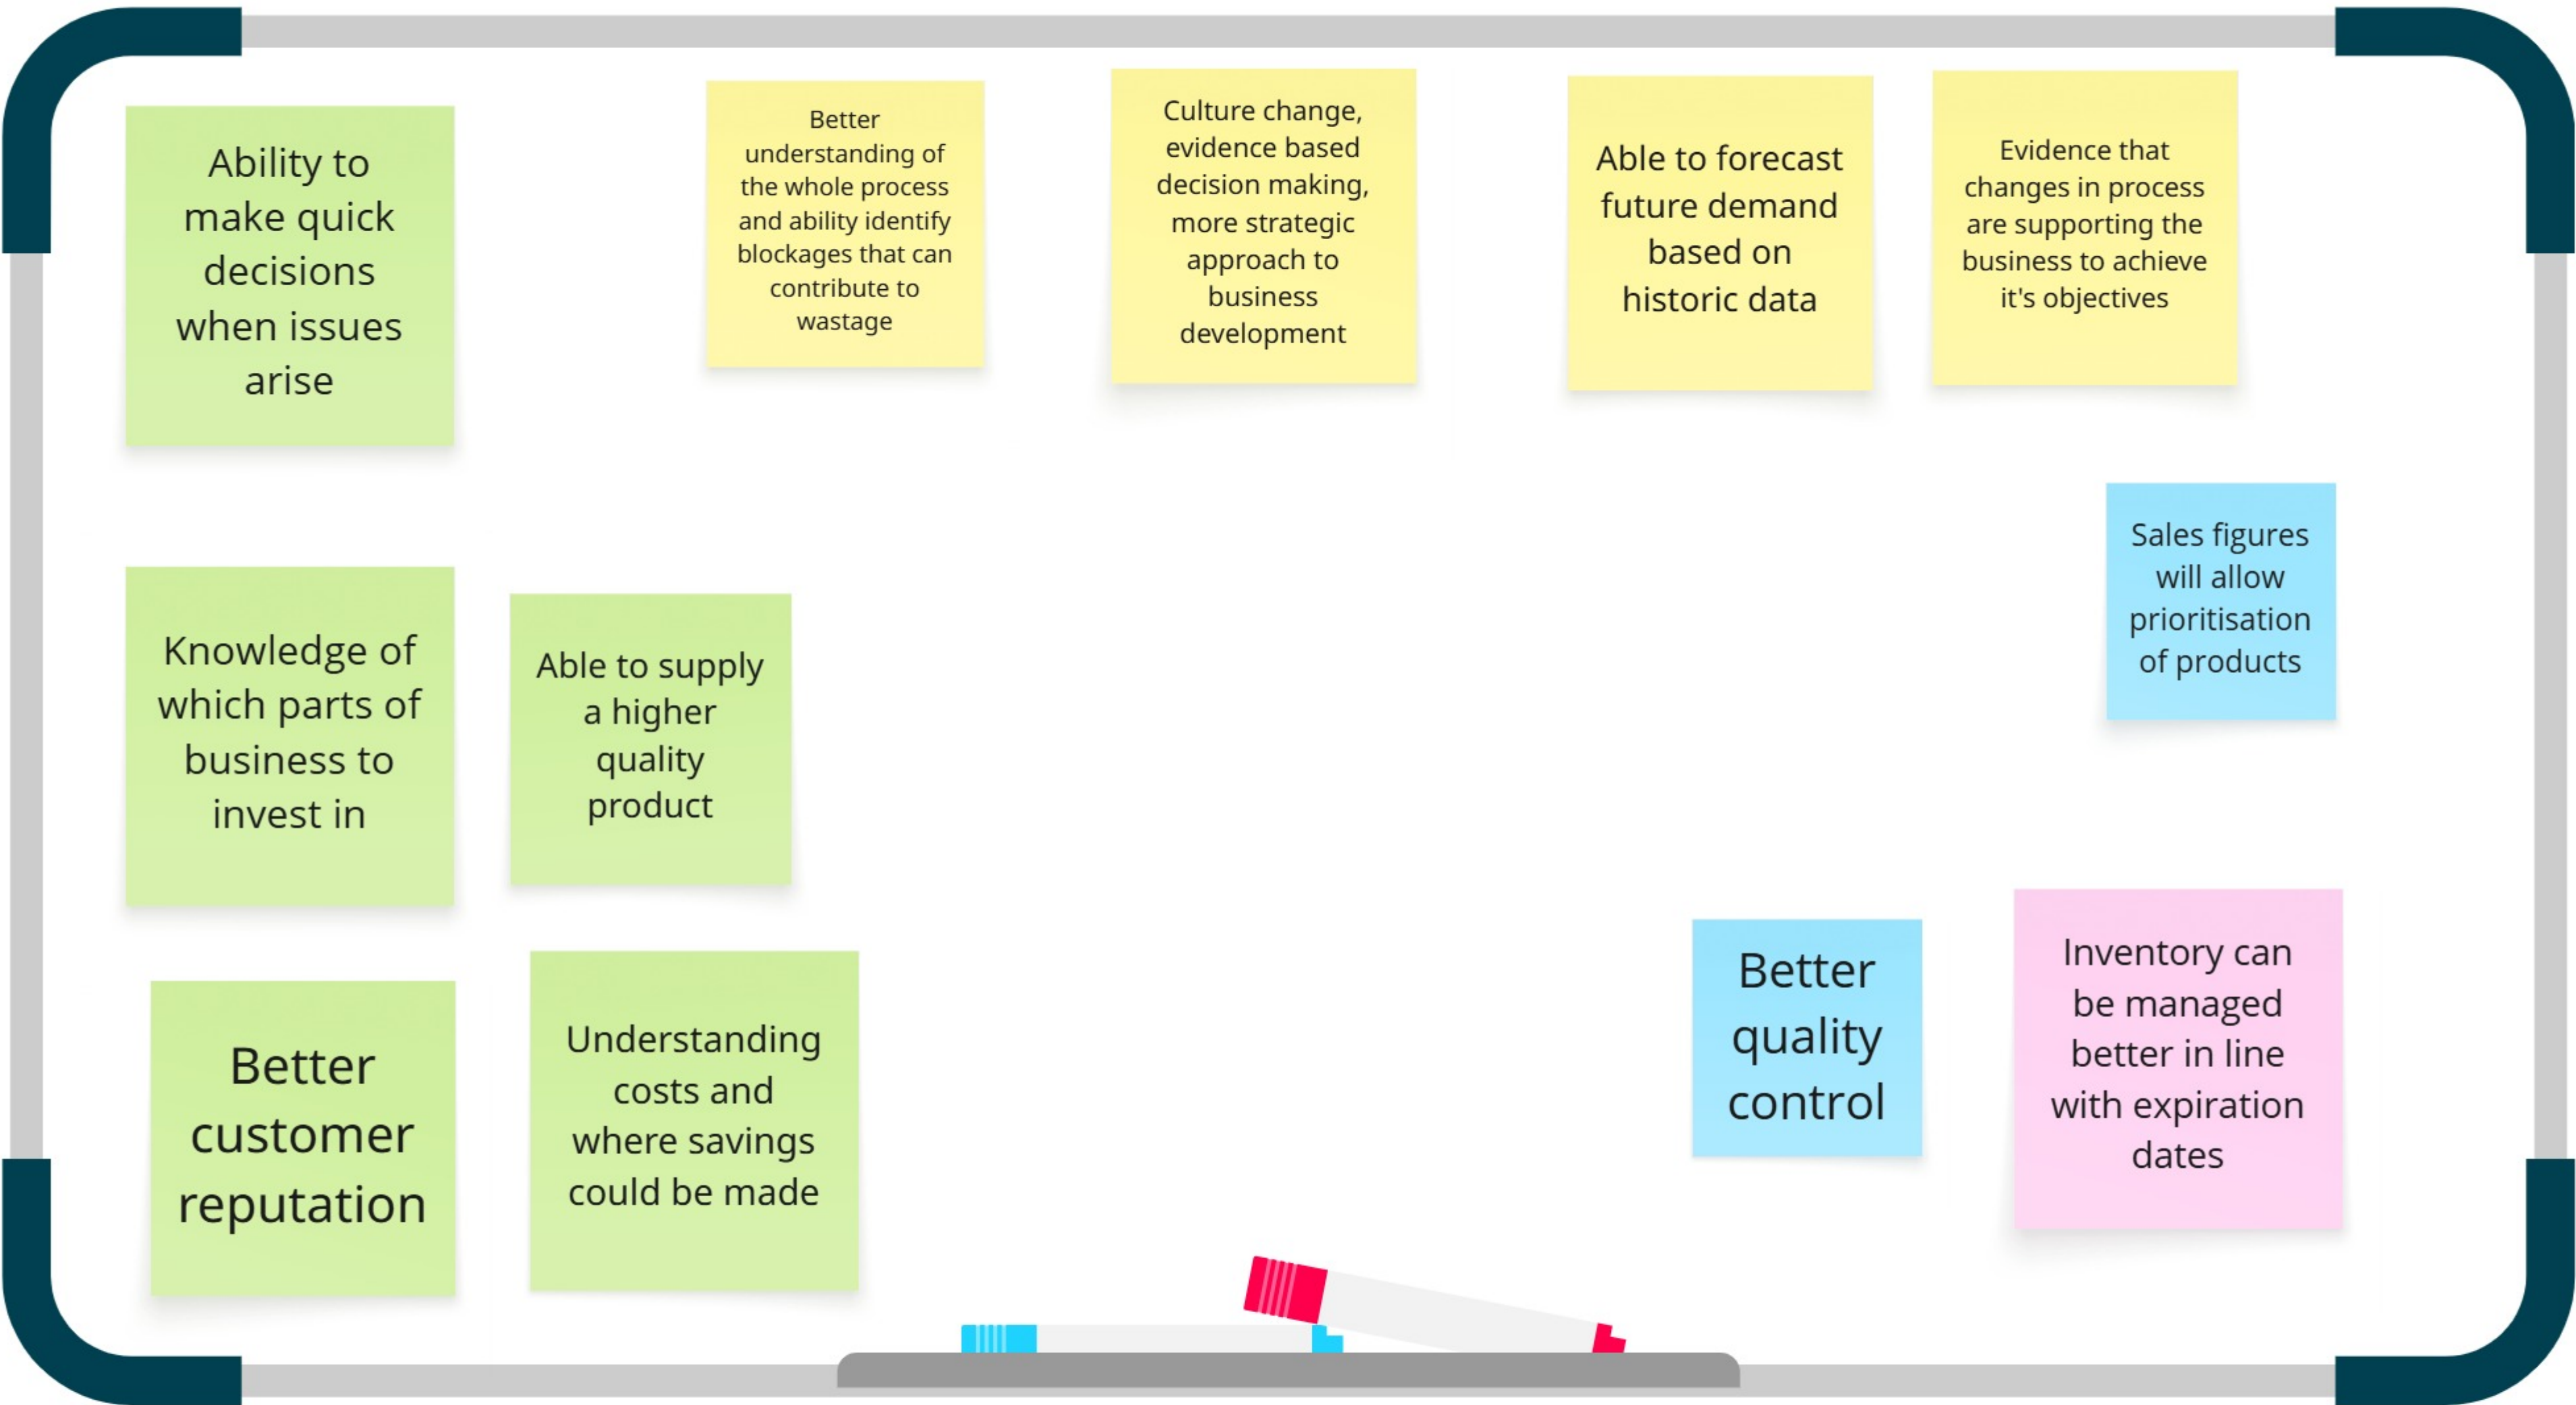

Prioritize the data sources from most critical to least critical.

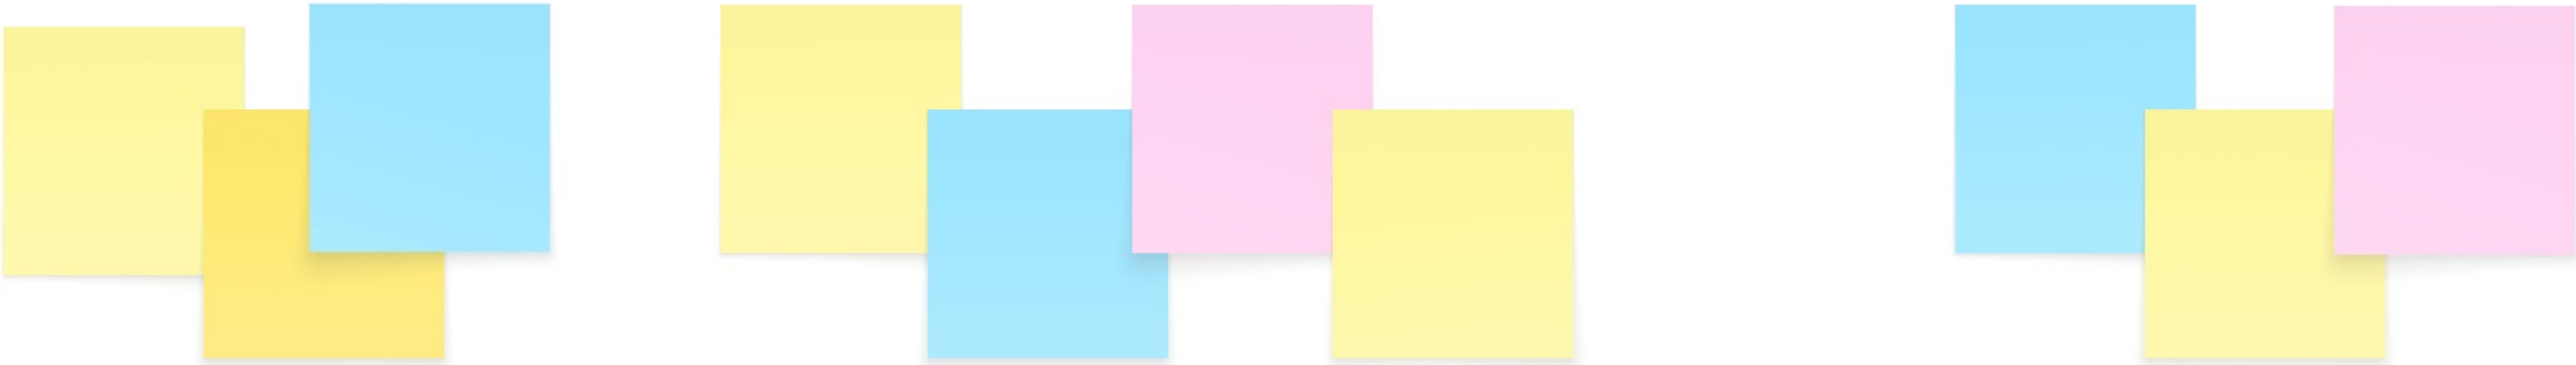

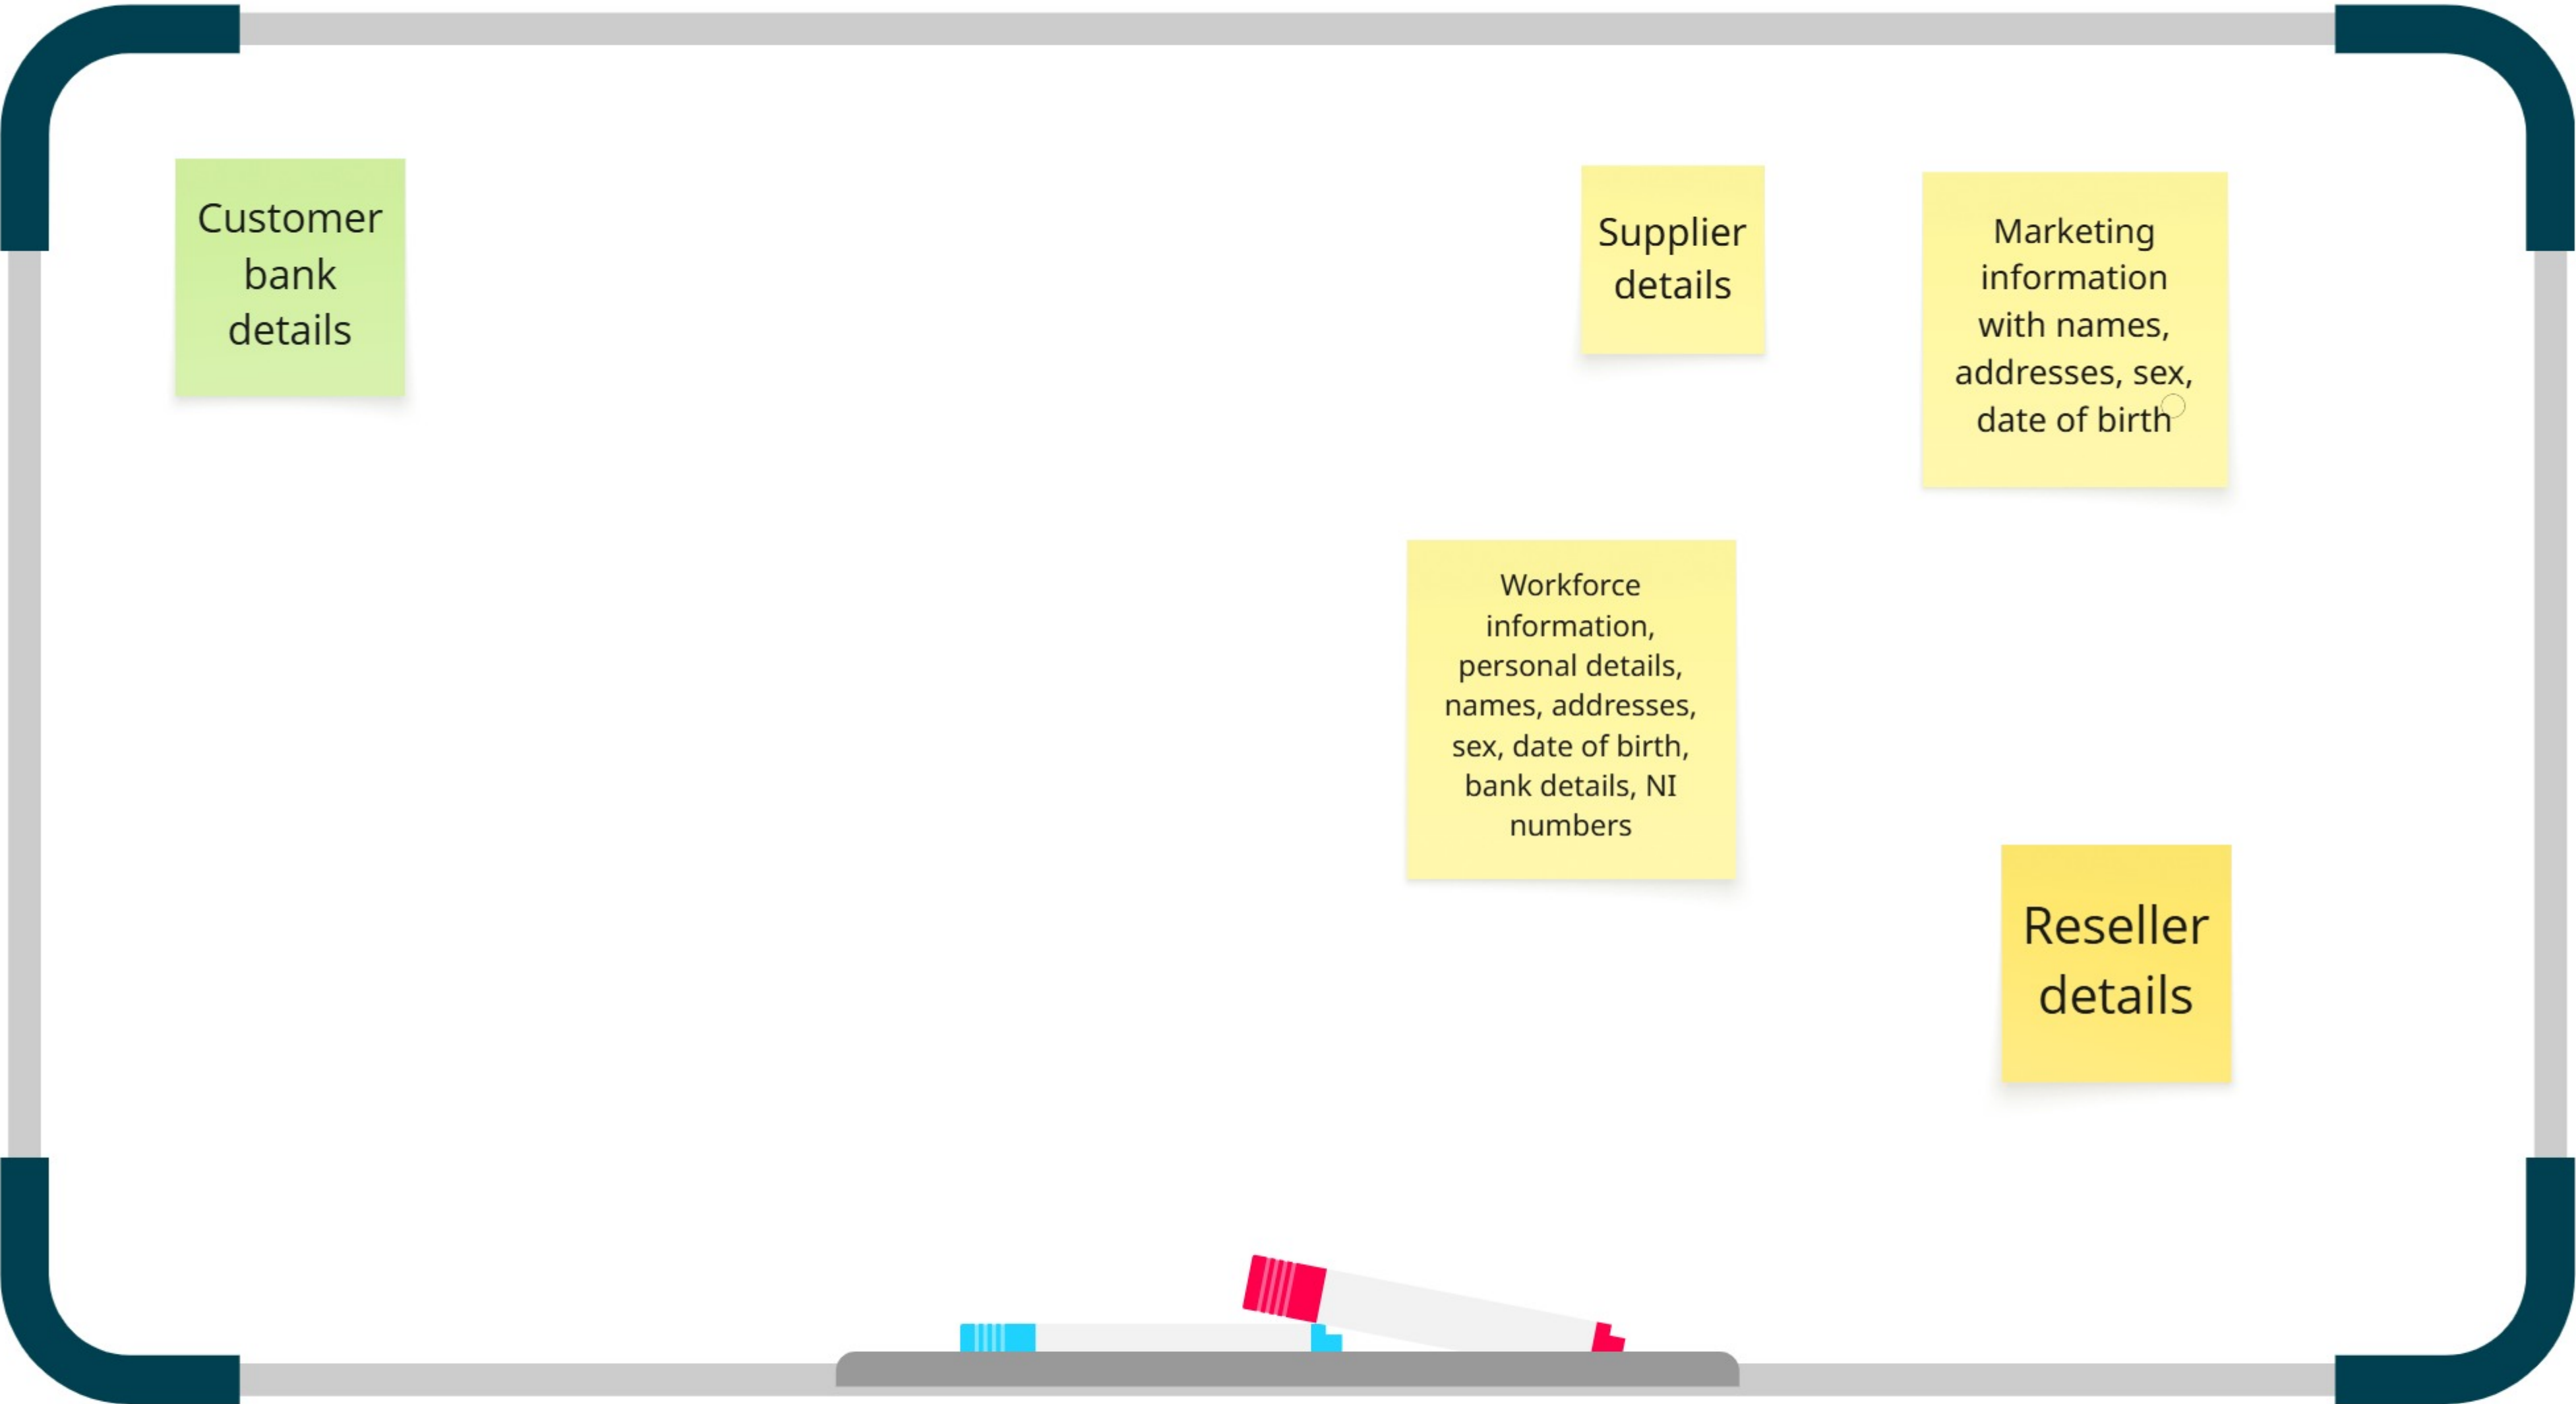

Discuss potential challenges in data collection, such as data availability, data quality, or data integration

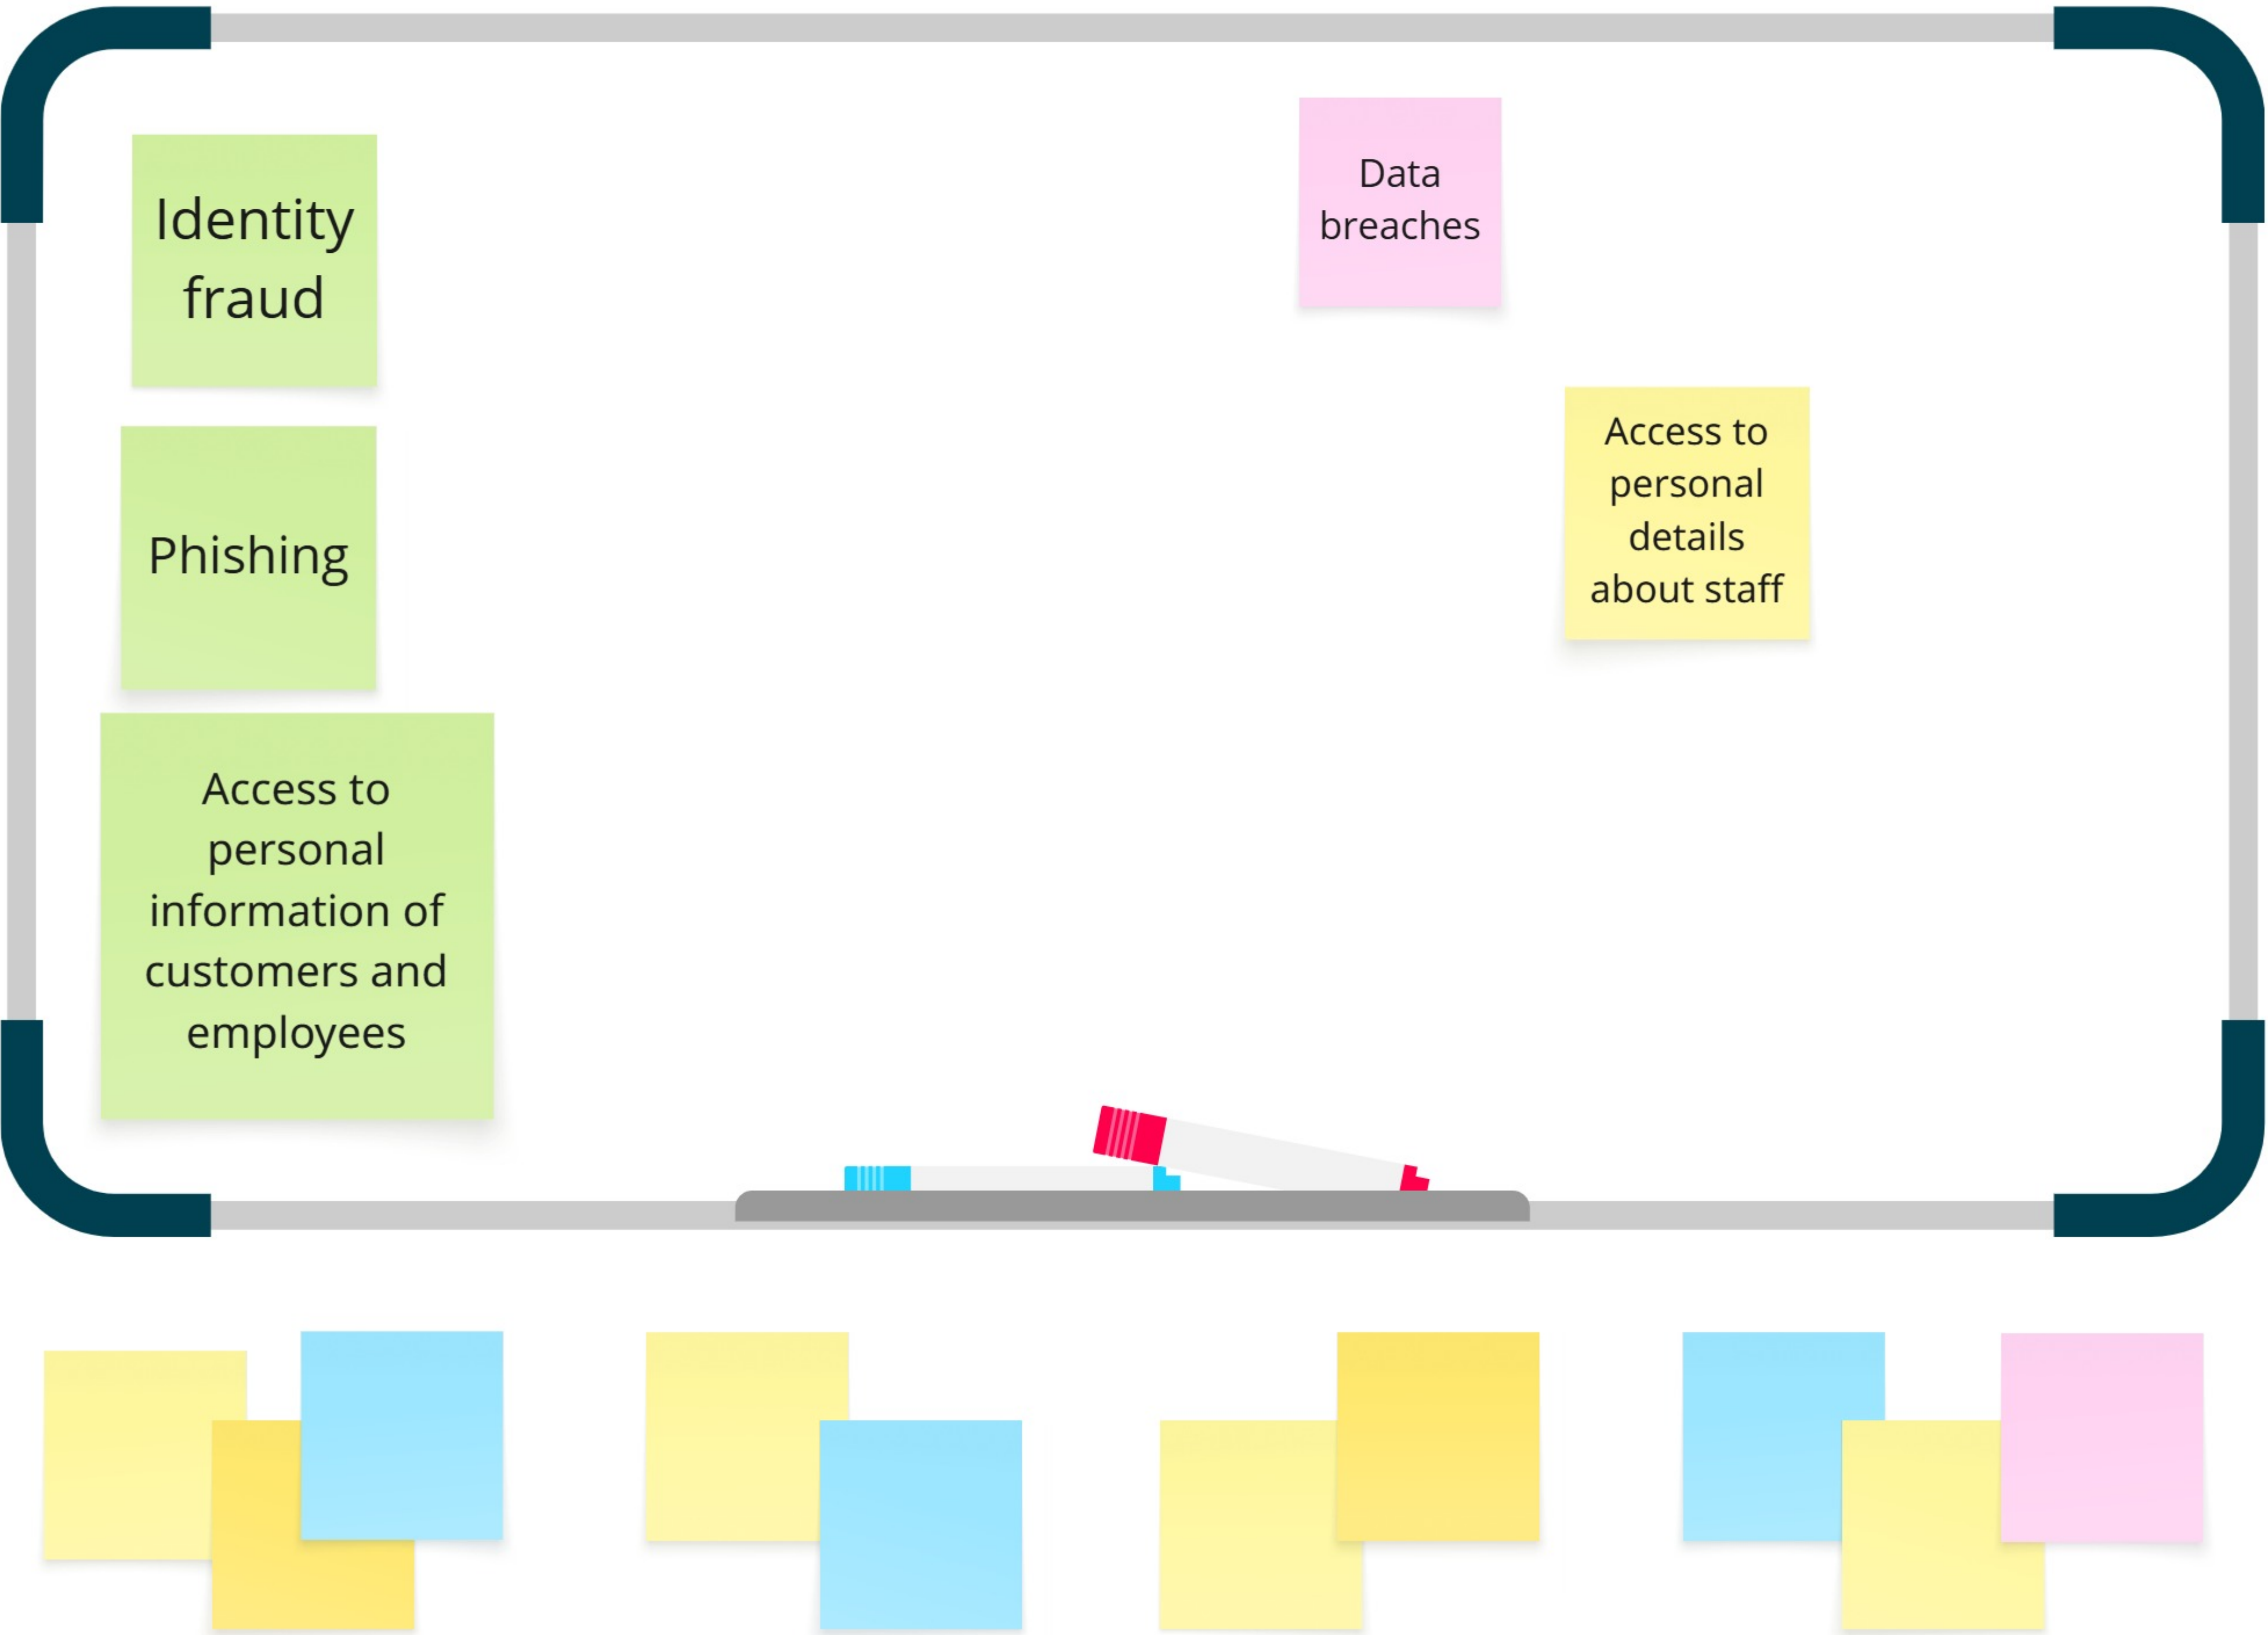

Discuss how having a well-defined data collection plan will support Dairy Delights in making informed decisions to reduce waste and maximize profits.

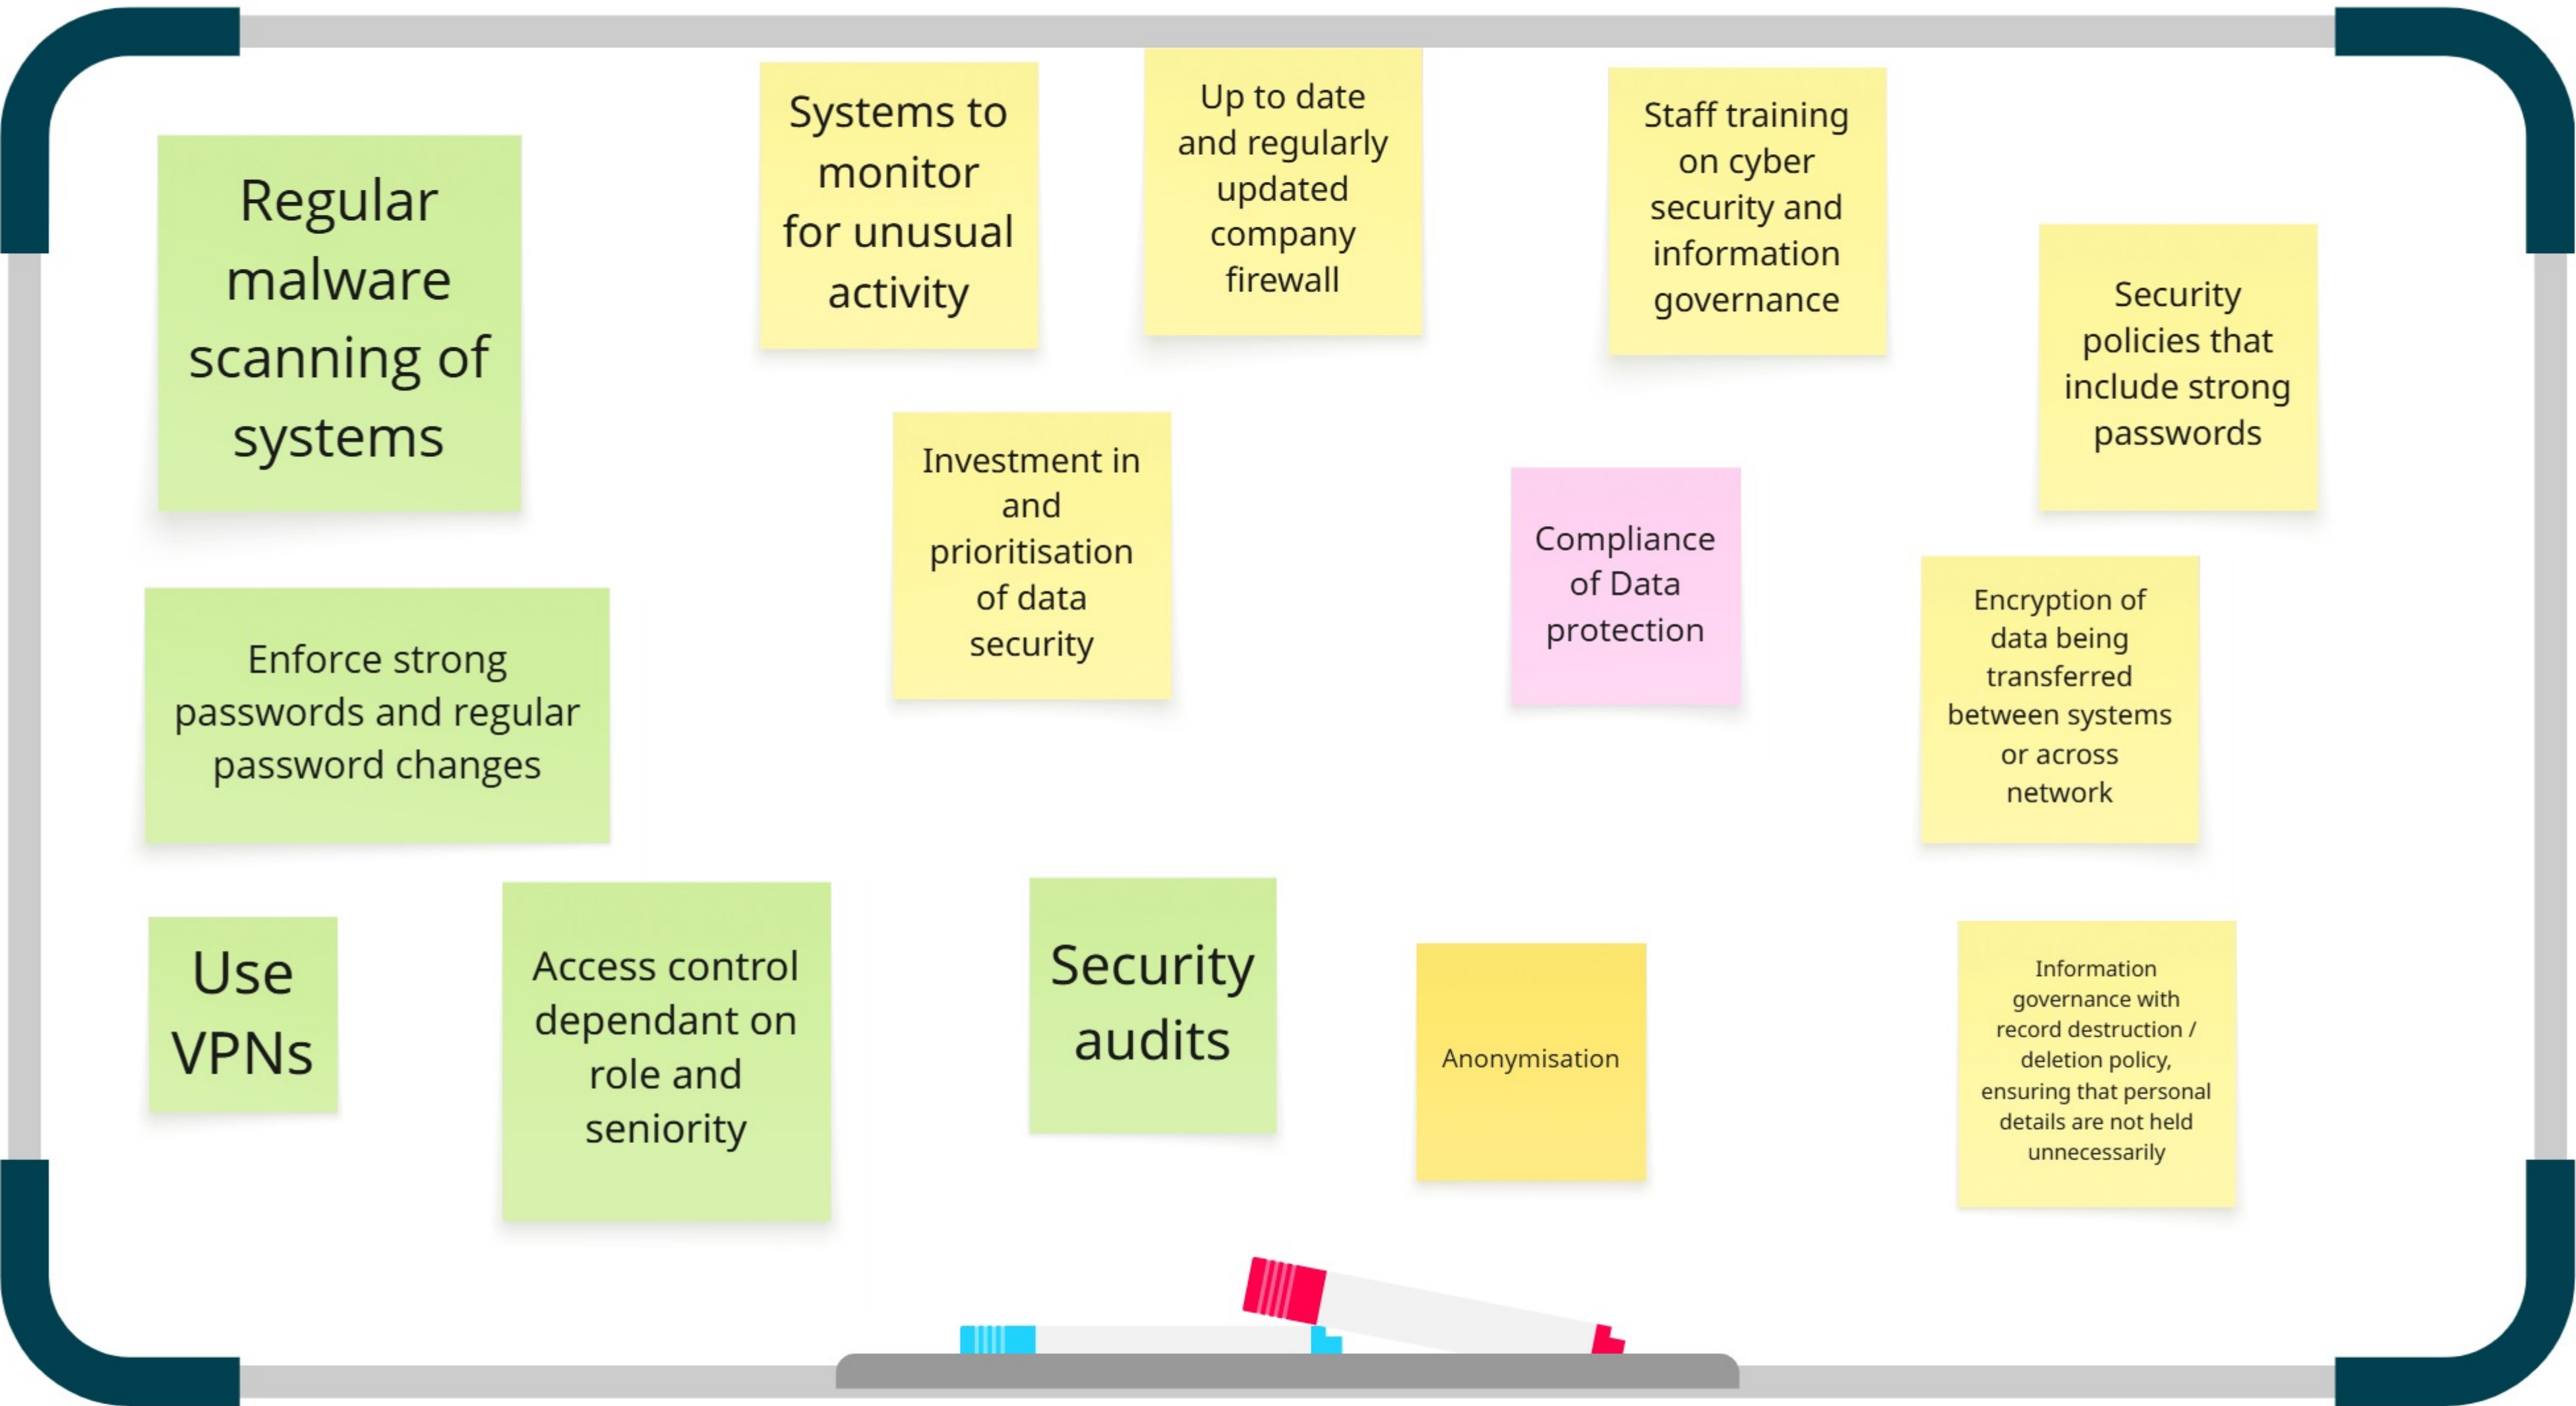

Conduct a data mapping exercise to **identify any personal data collected, stored, or processed by Dairy Delights**

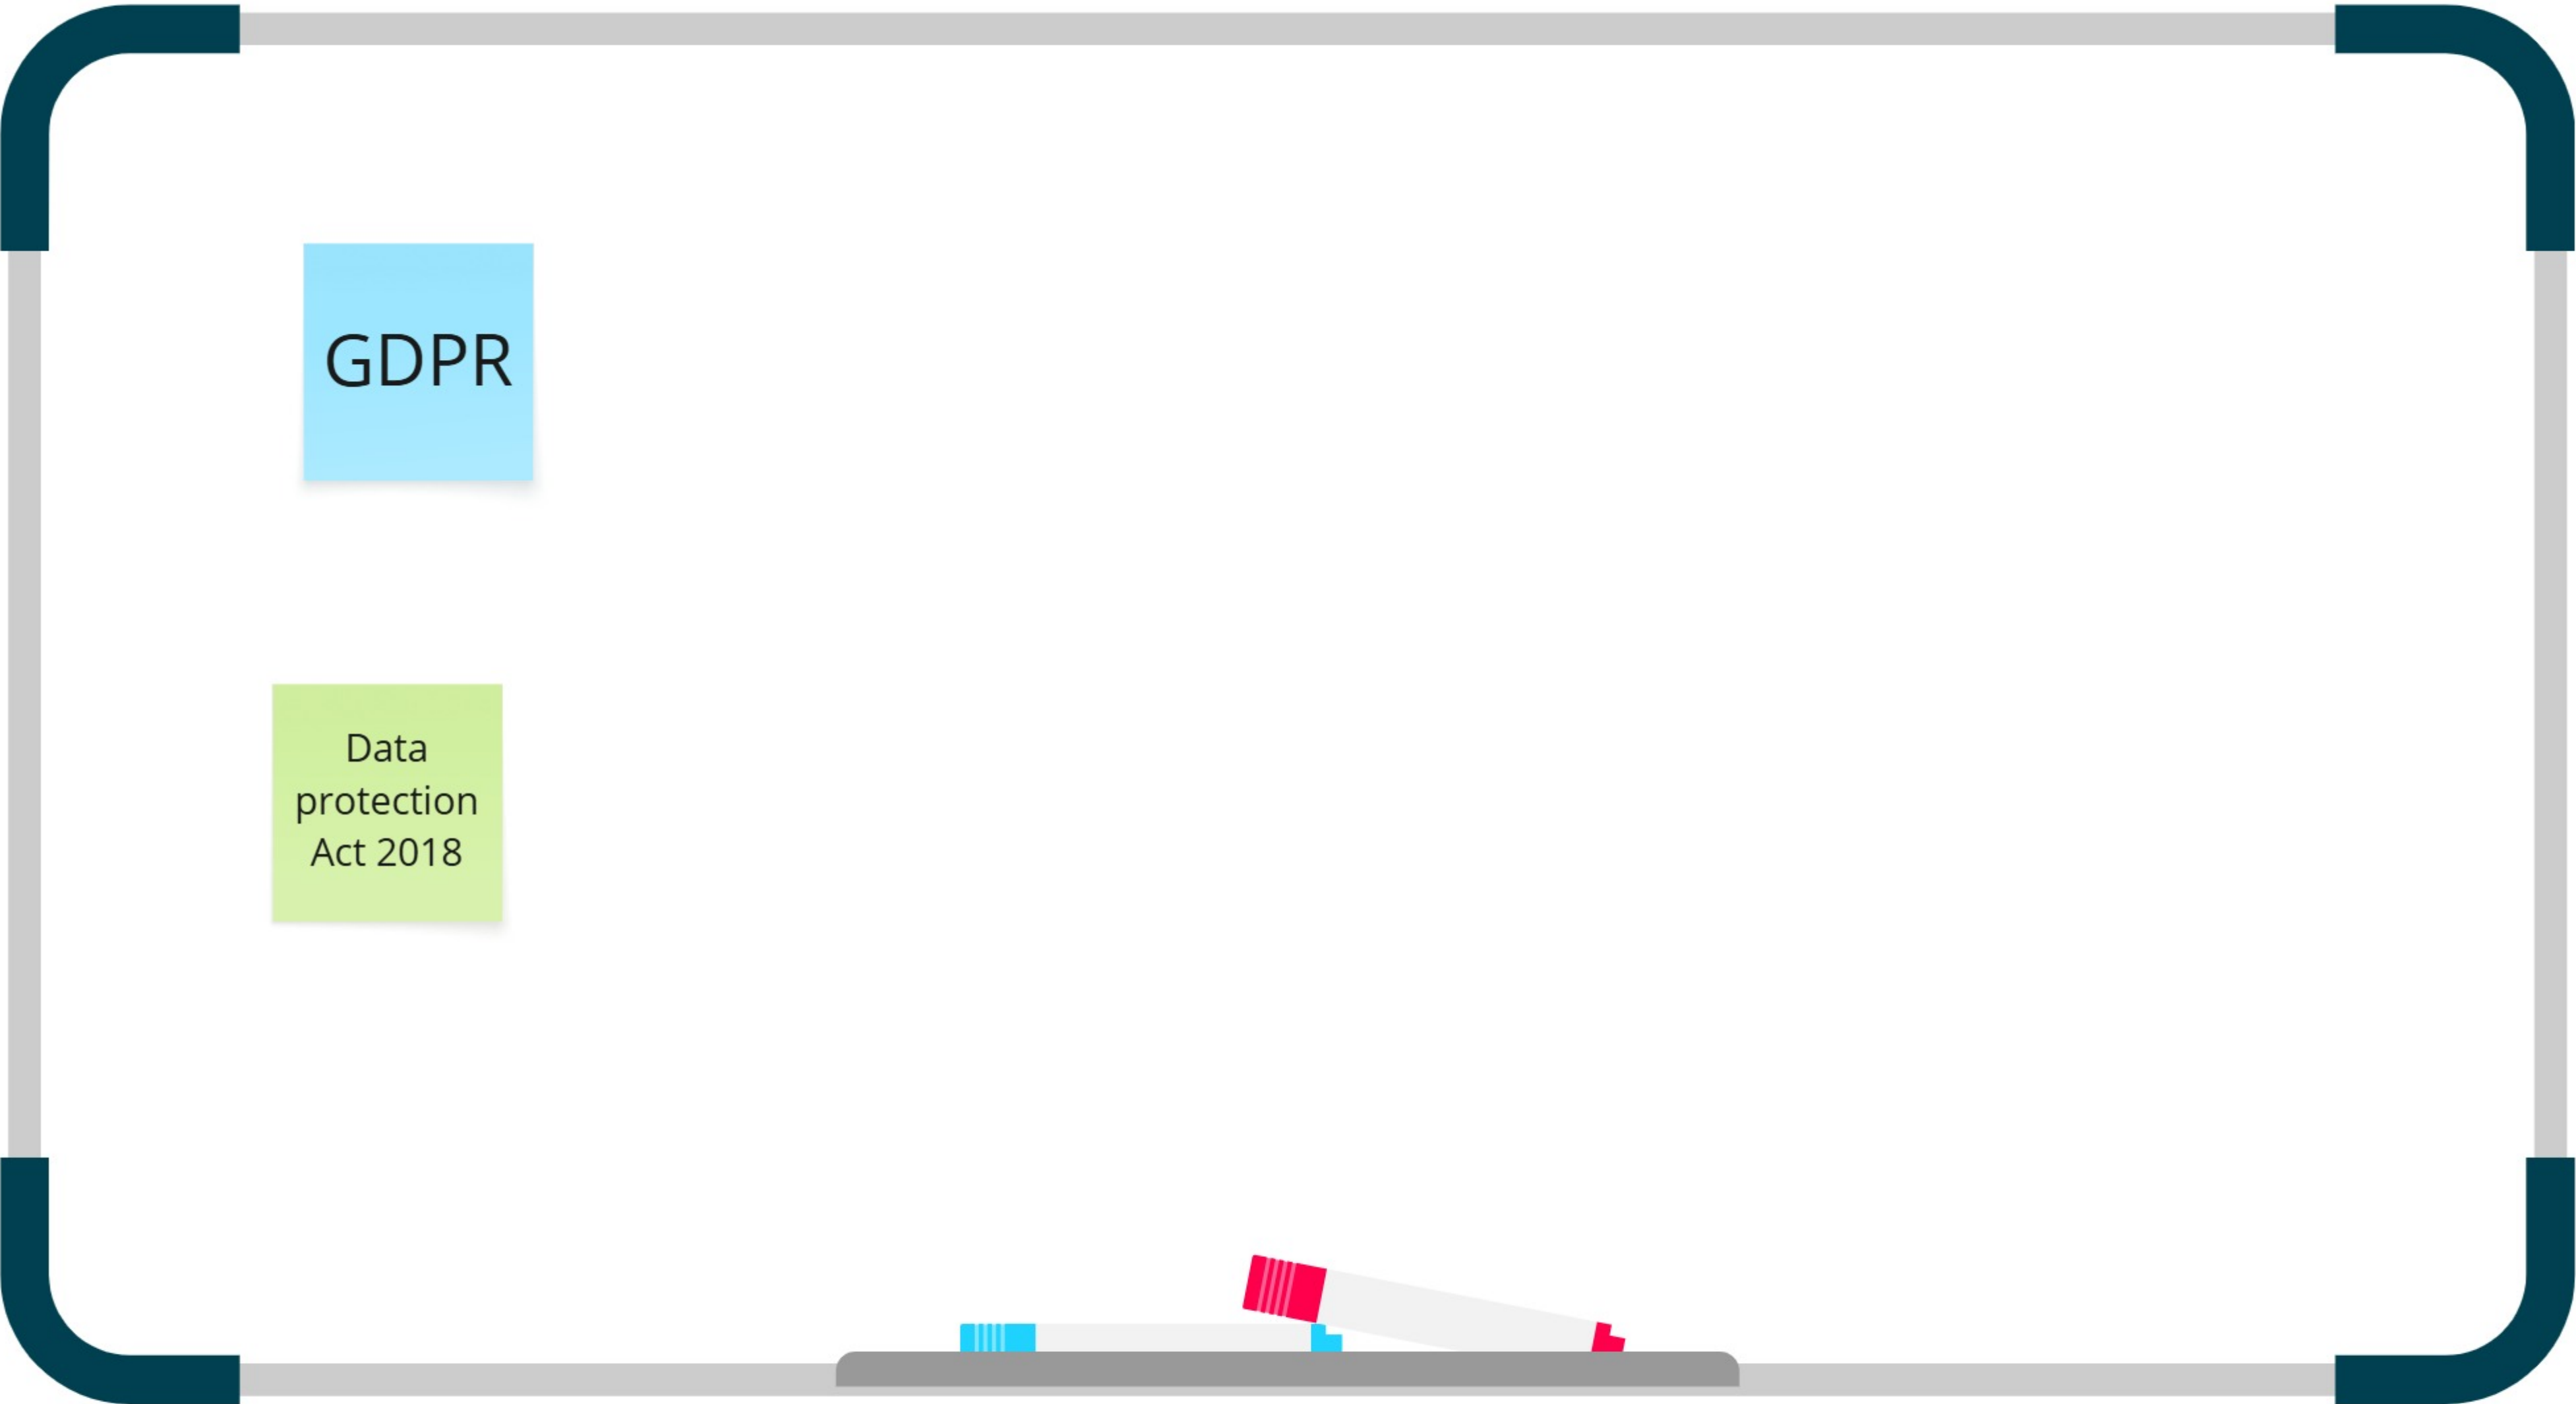

Assess the risks and and vulnerabilities associated with the identified personal data

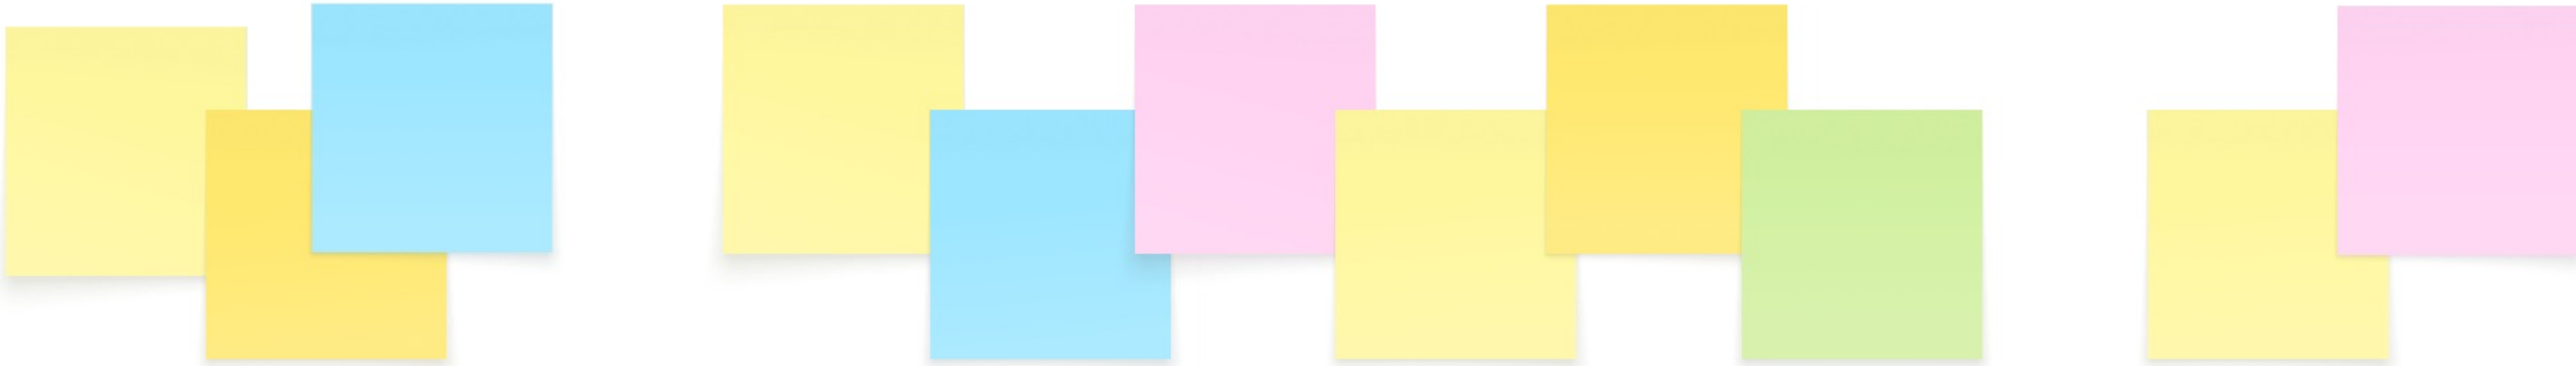

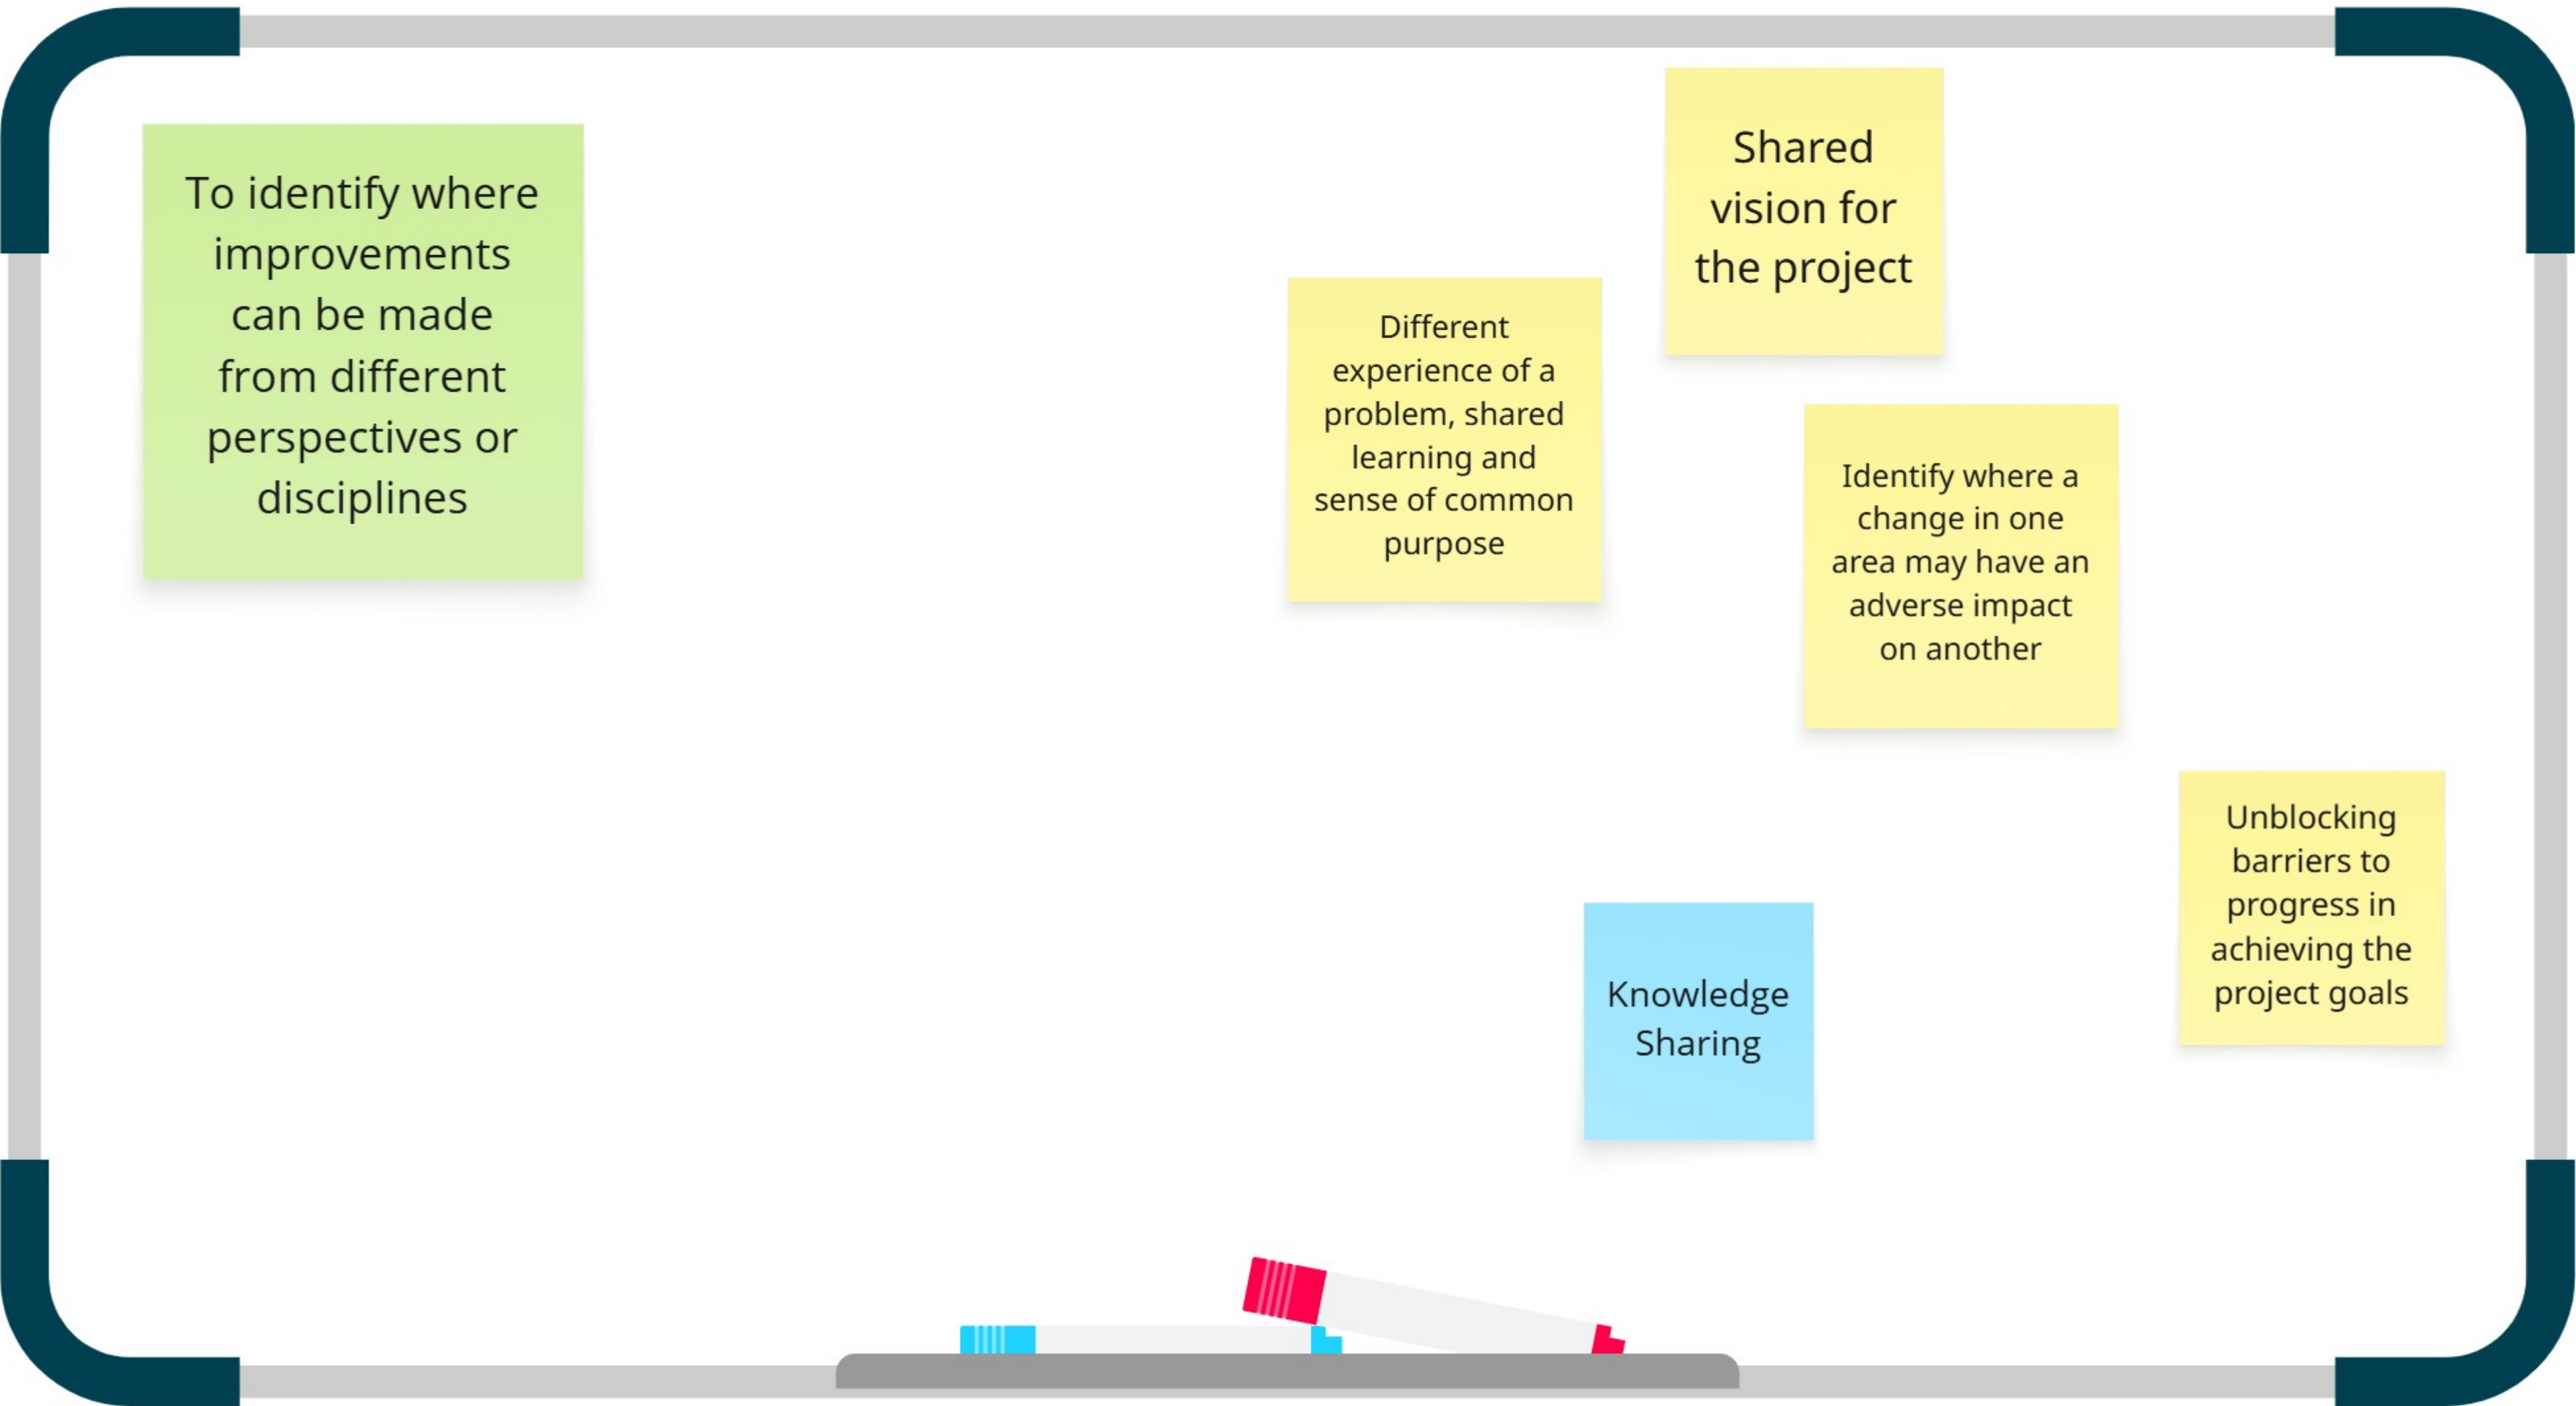

·Brainstorm and propose security measures to mitigate the identified risks and implement privacy by design principles for Dairy Delights' data processing and analysis.

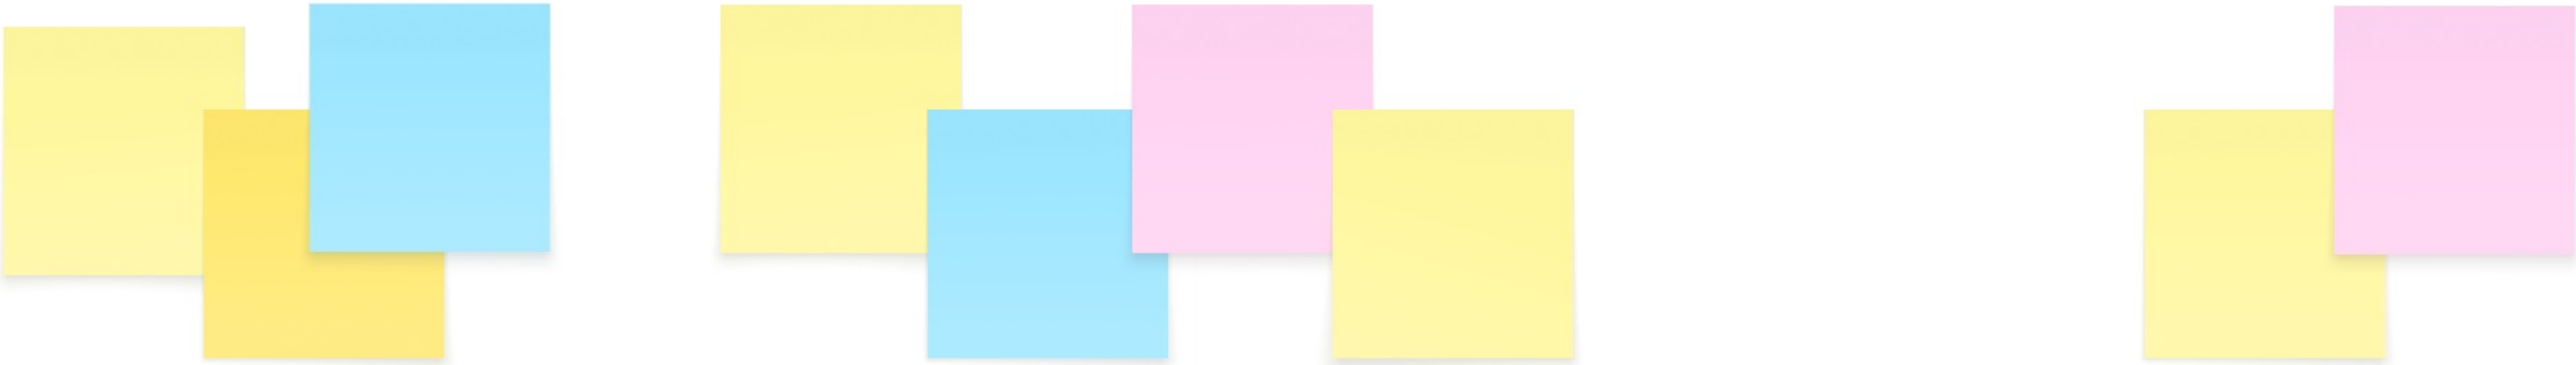

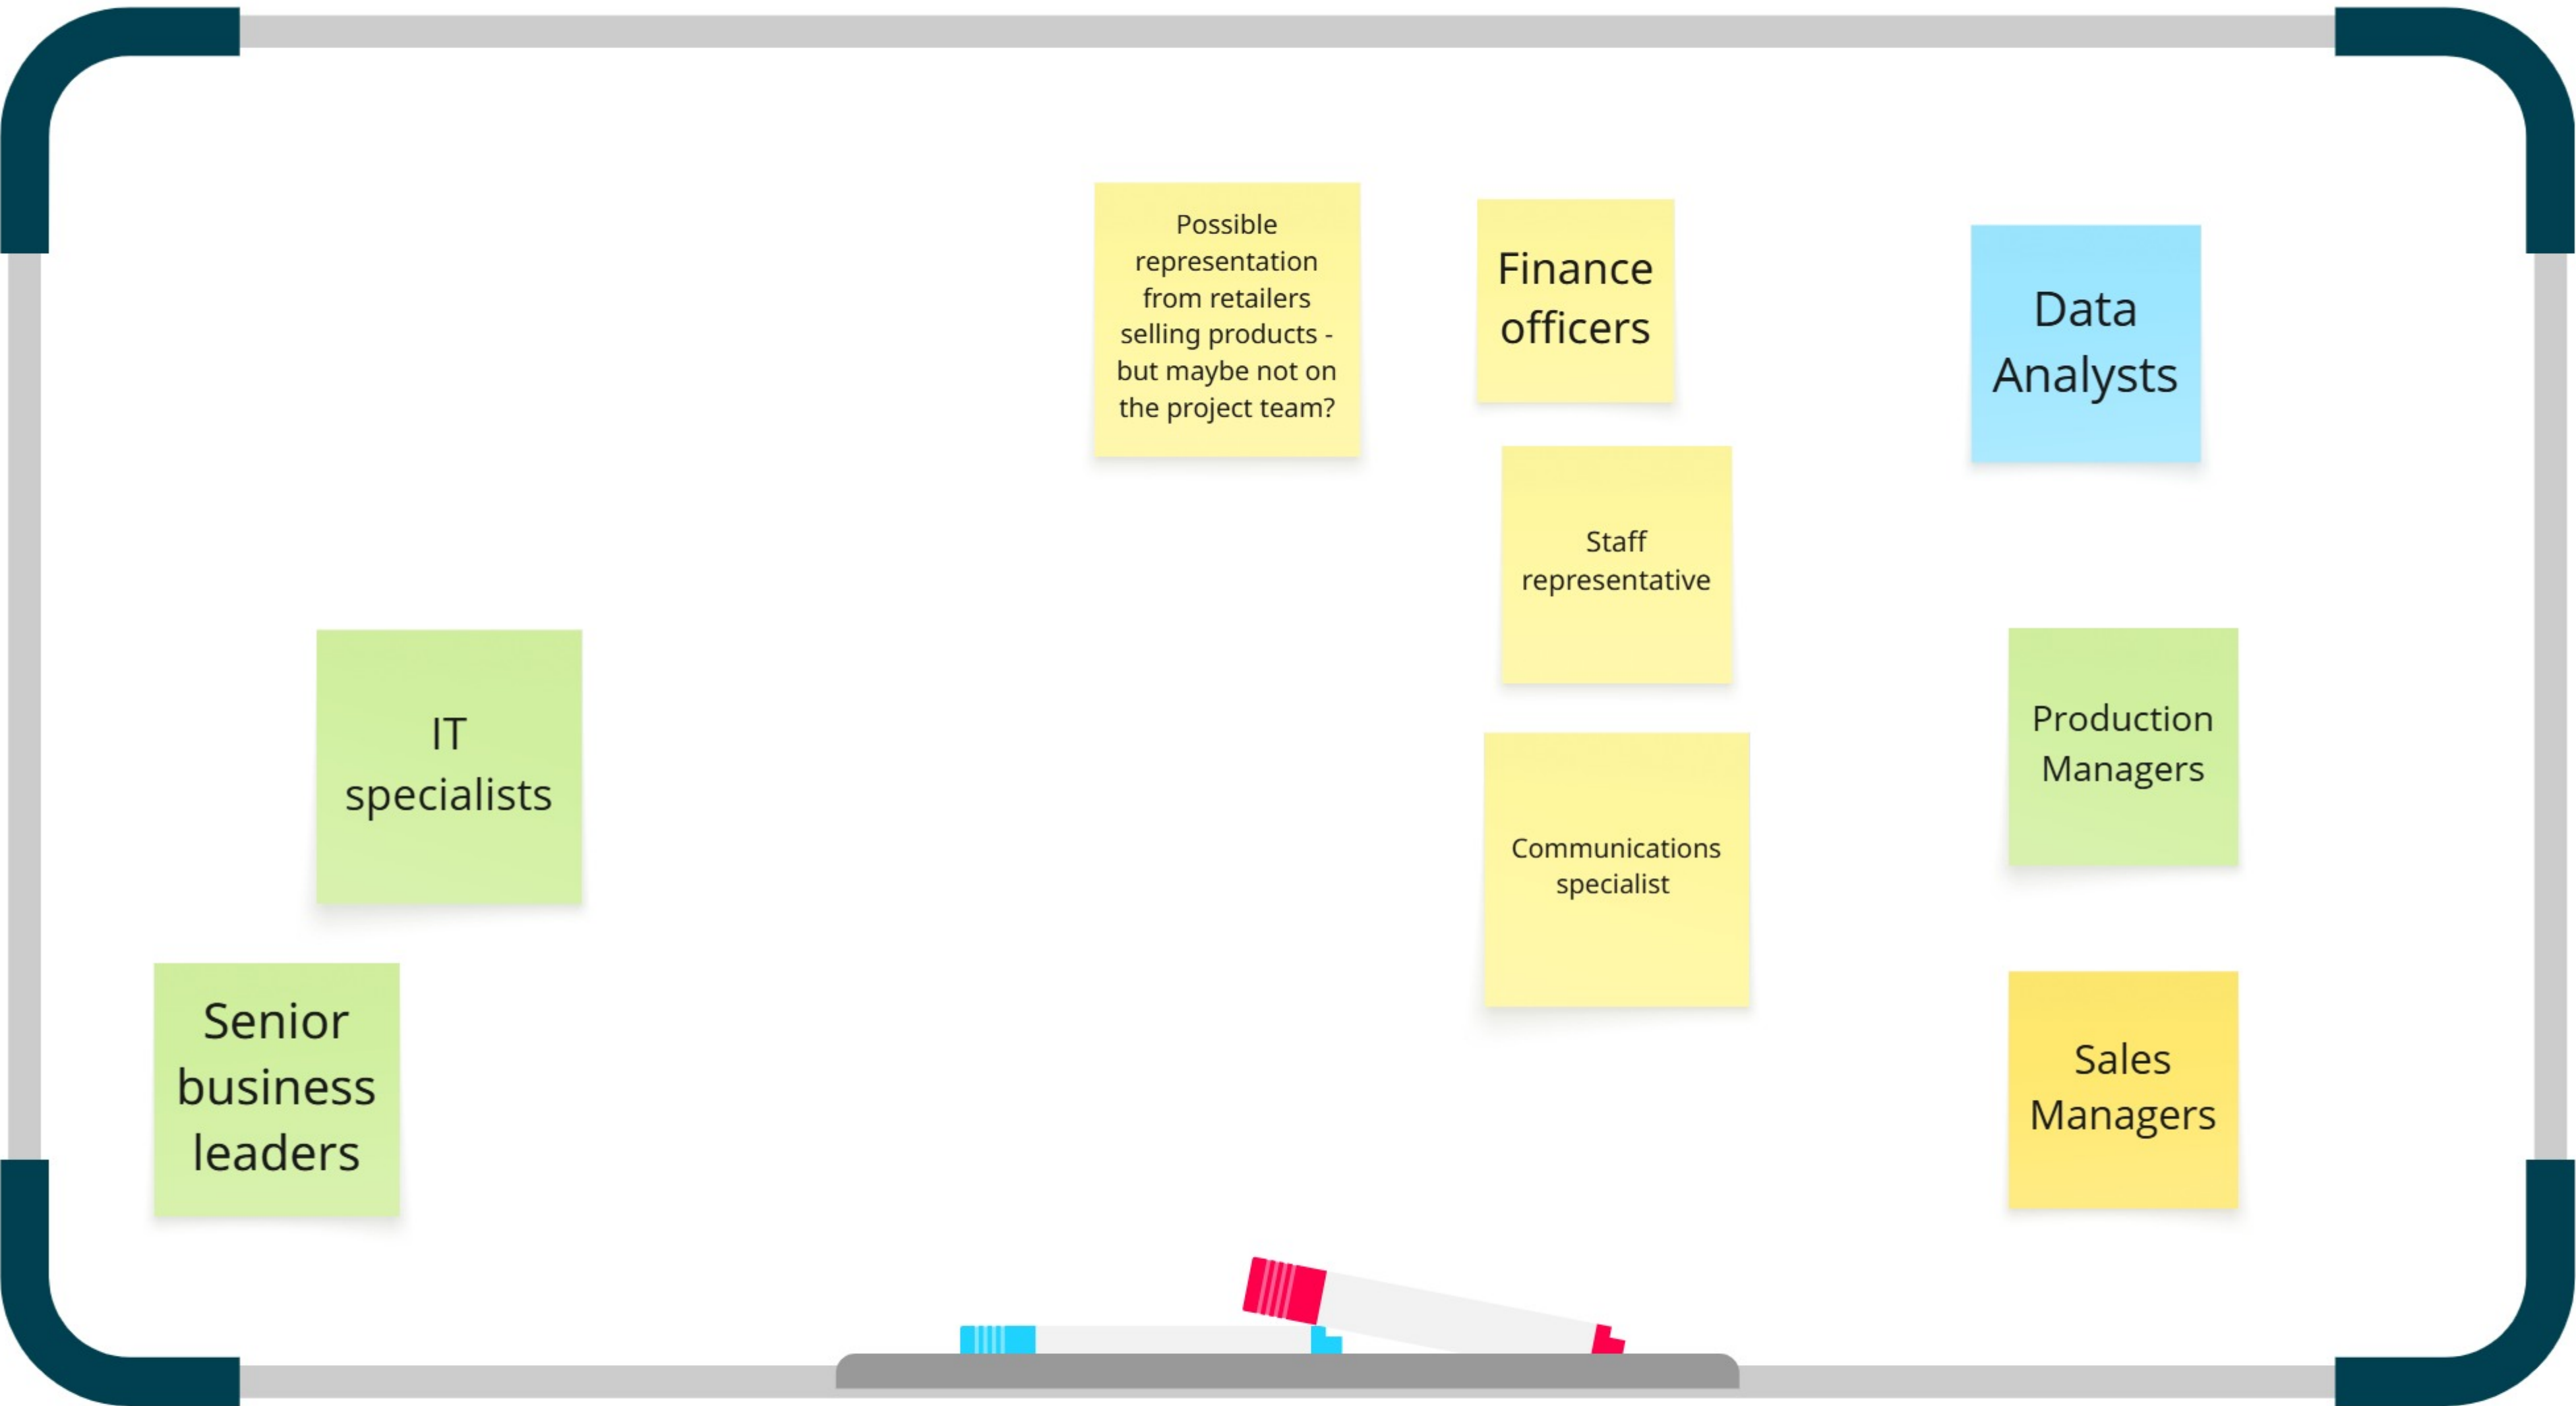

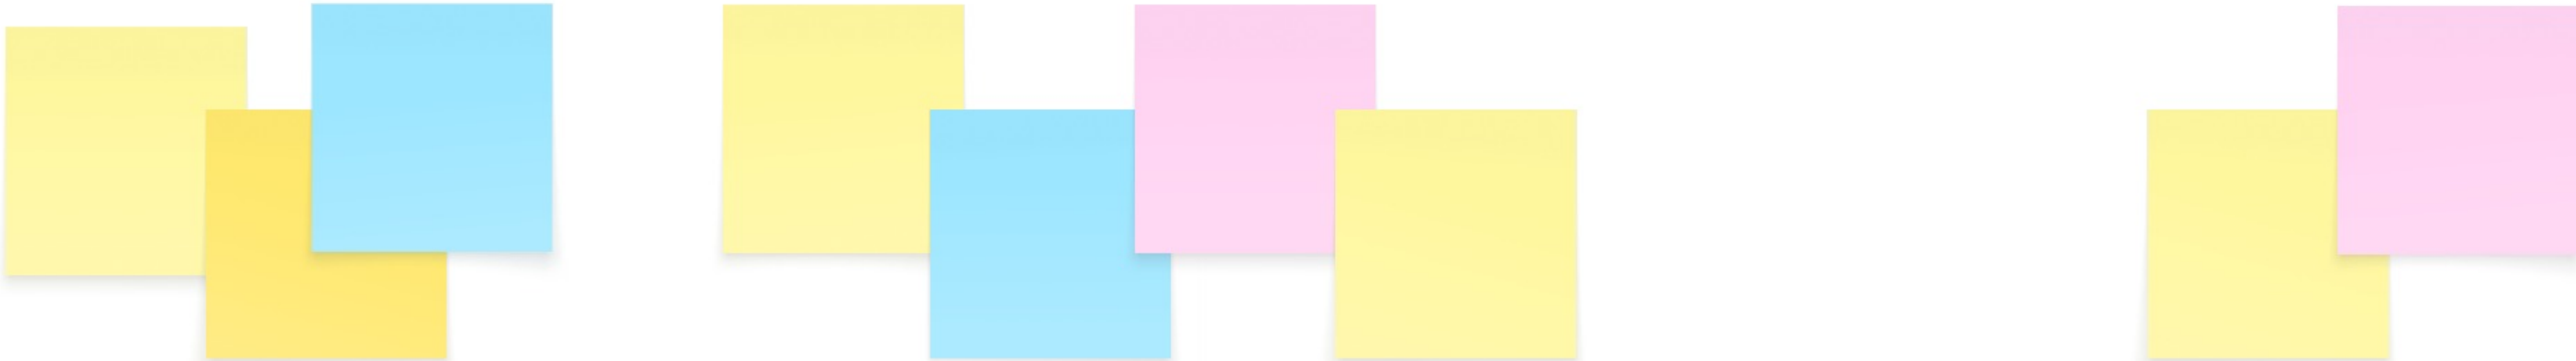

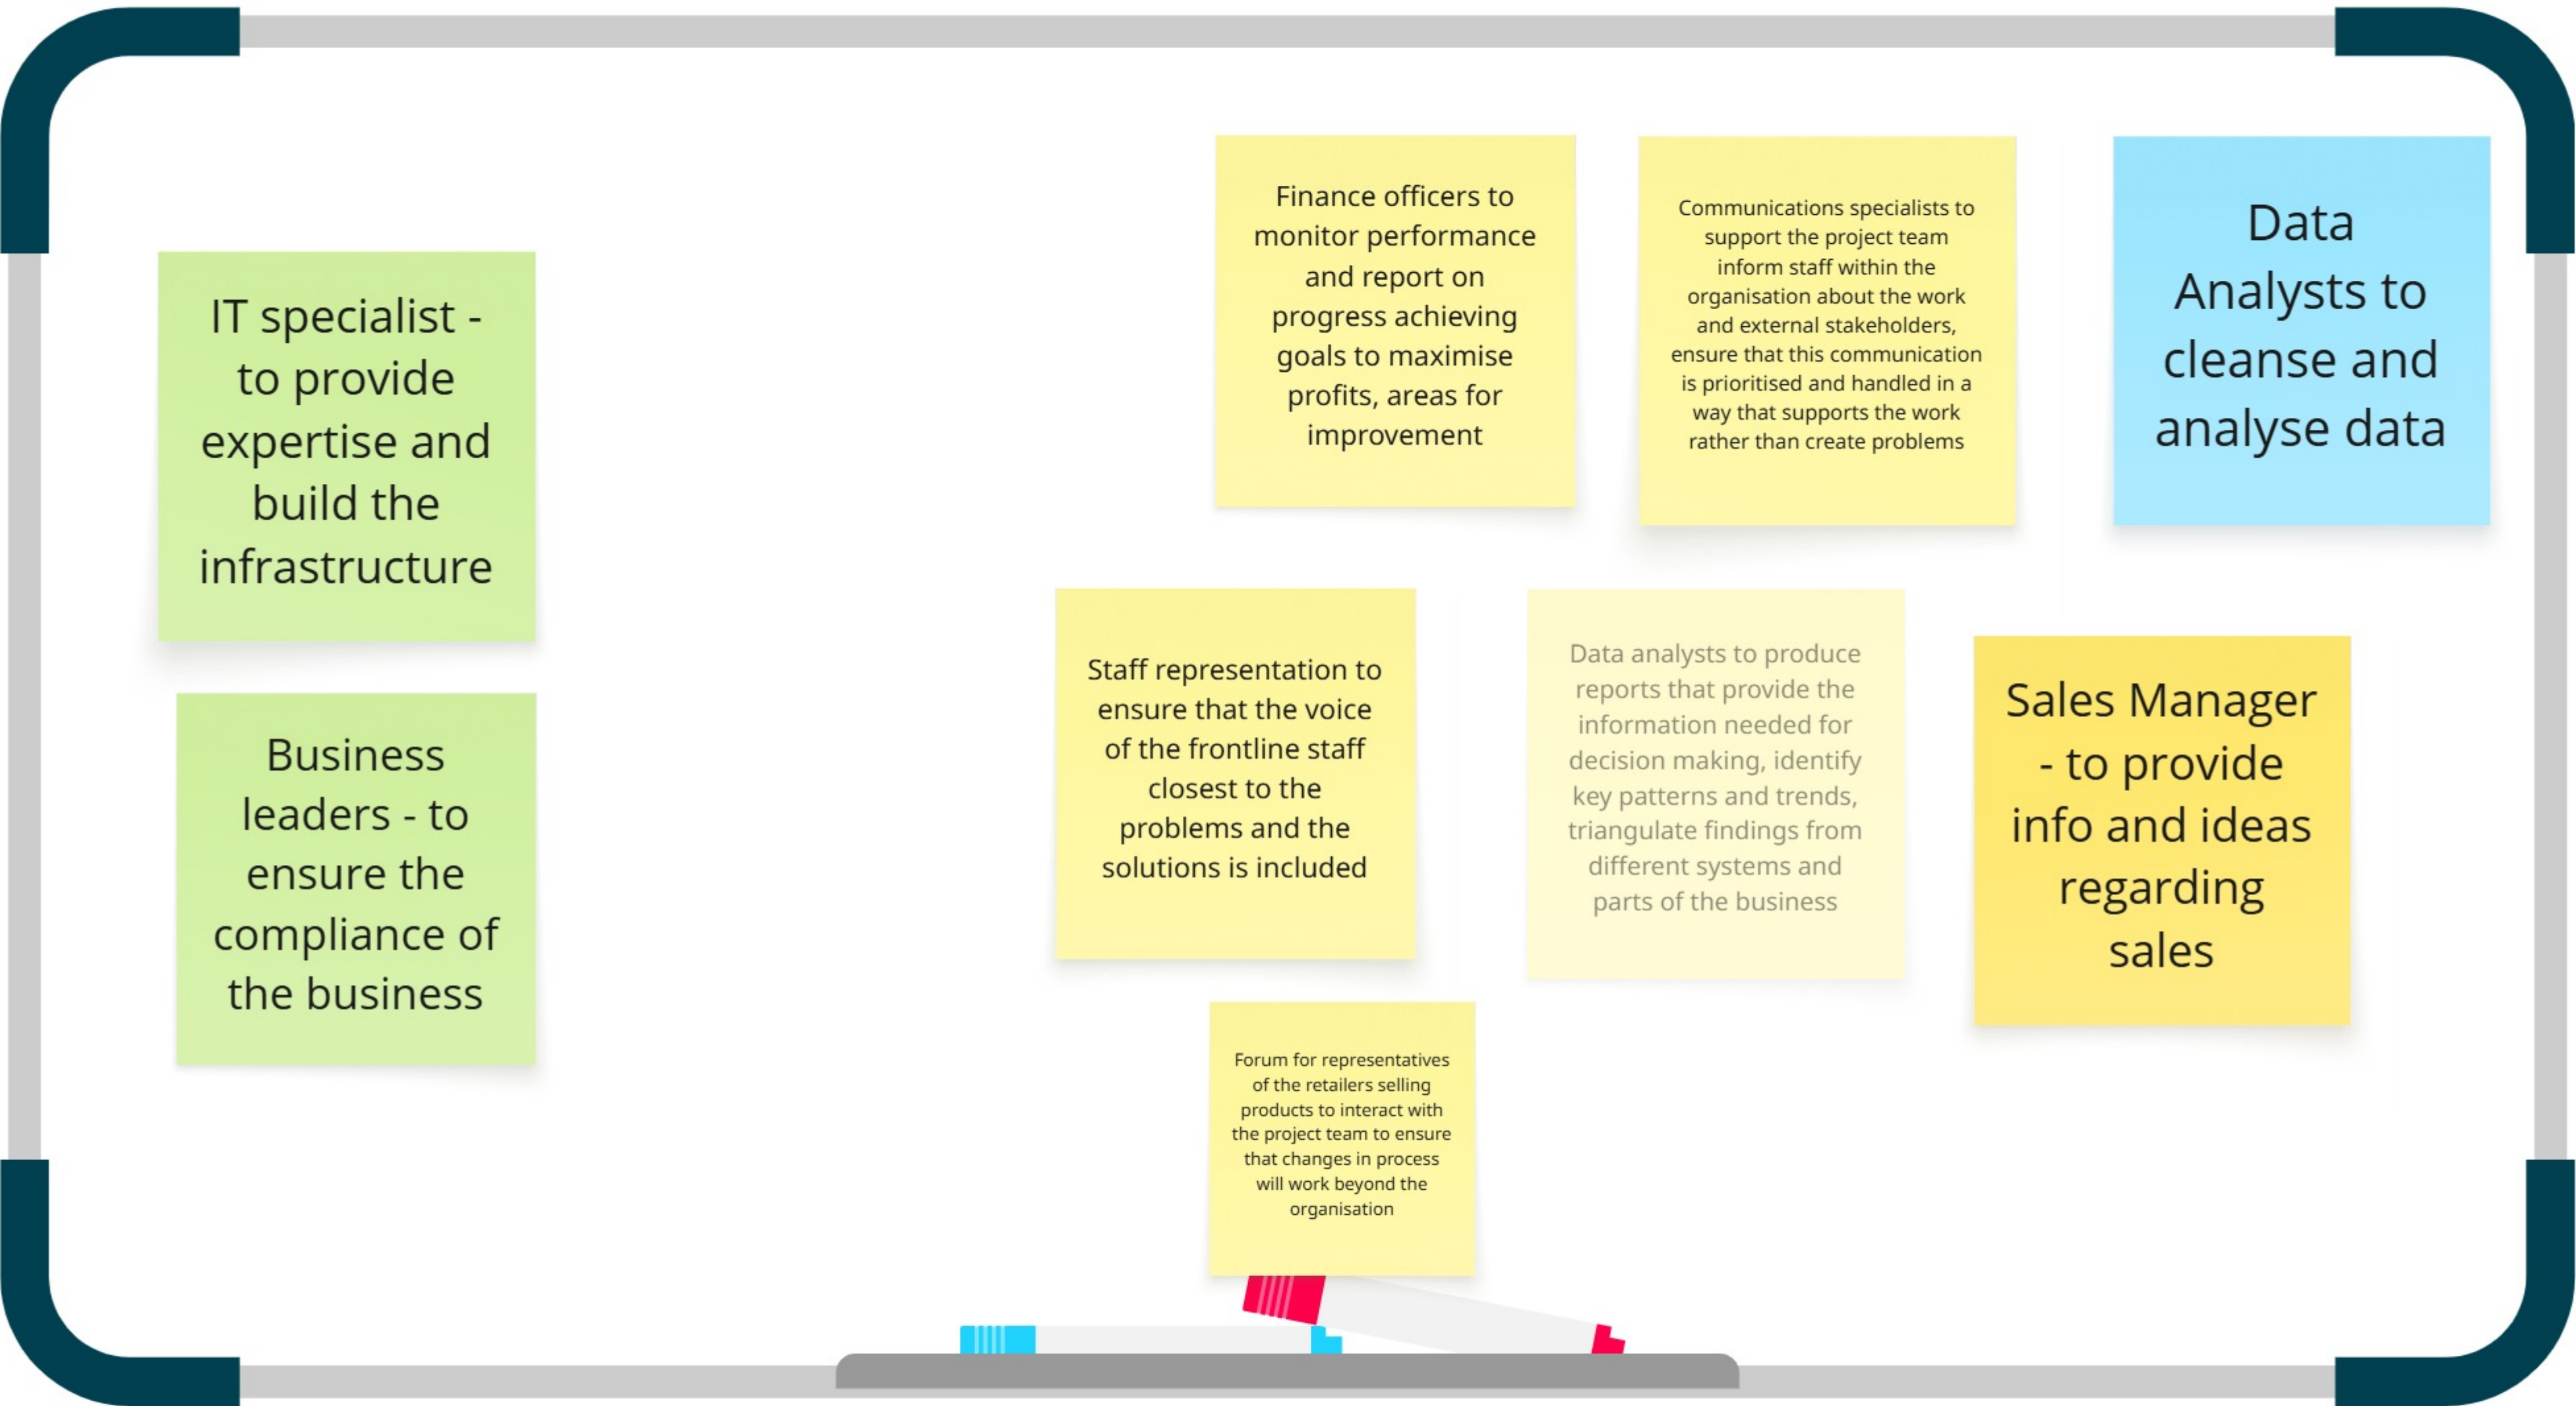

Importance of Collaboration Between Stakeholders

Identify key roles required for the Dairy Delights data project.

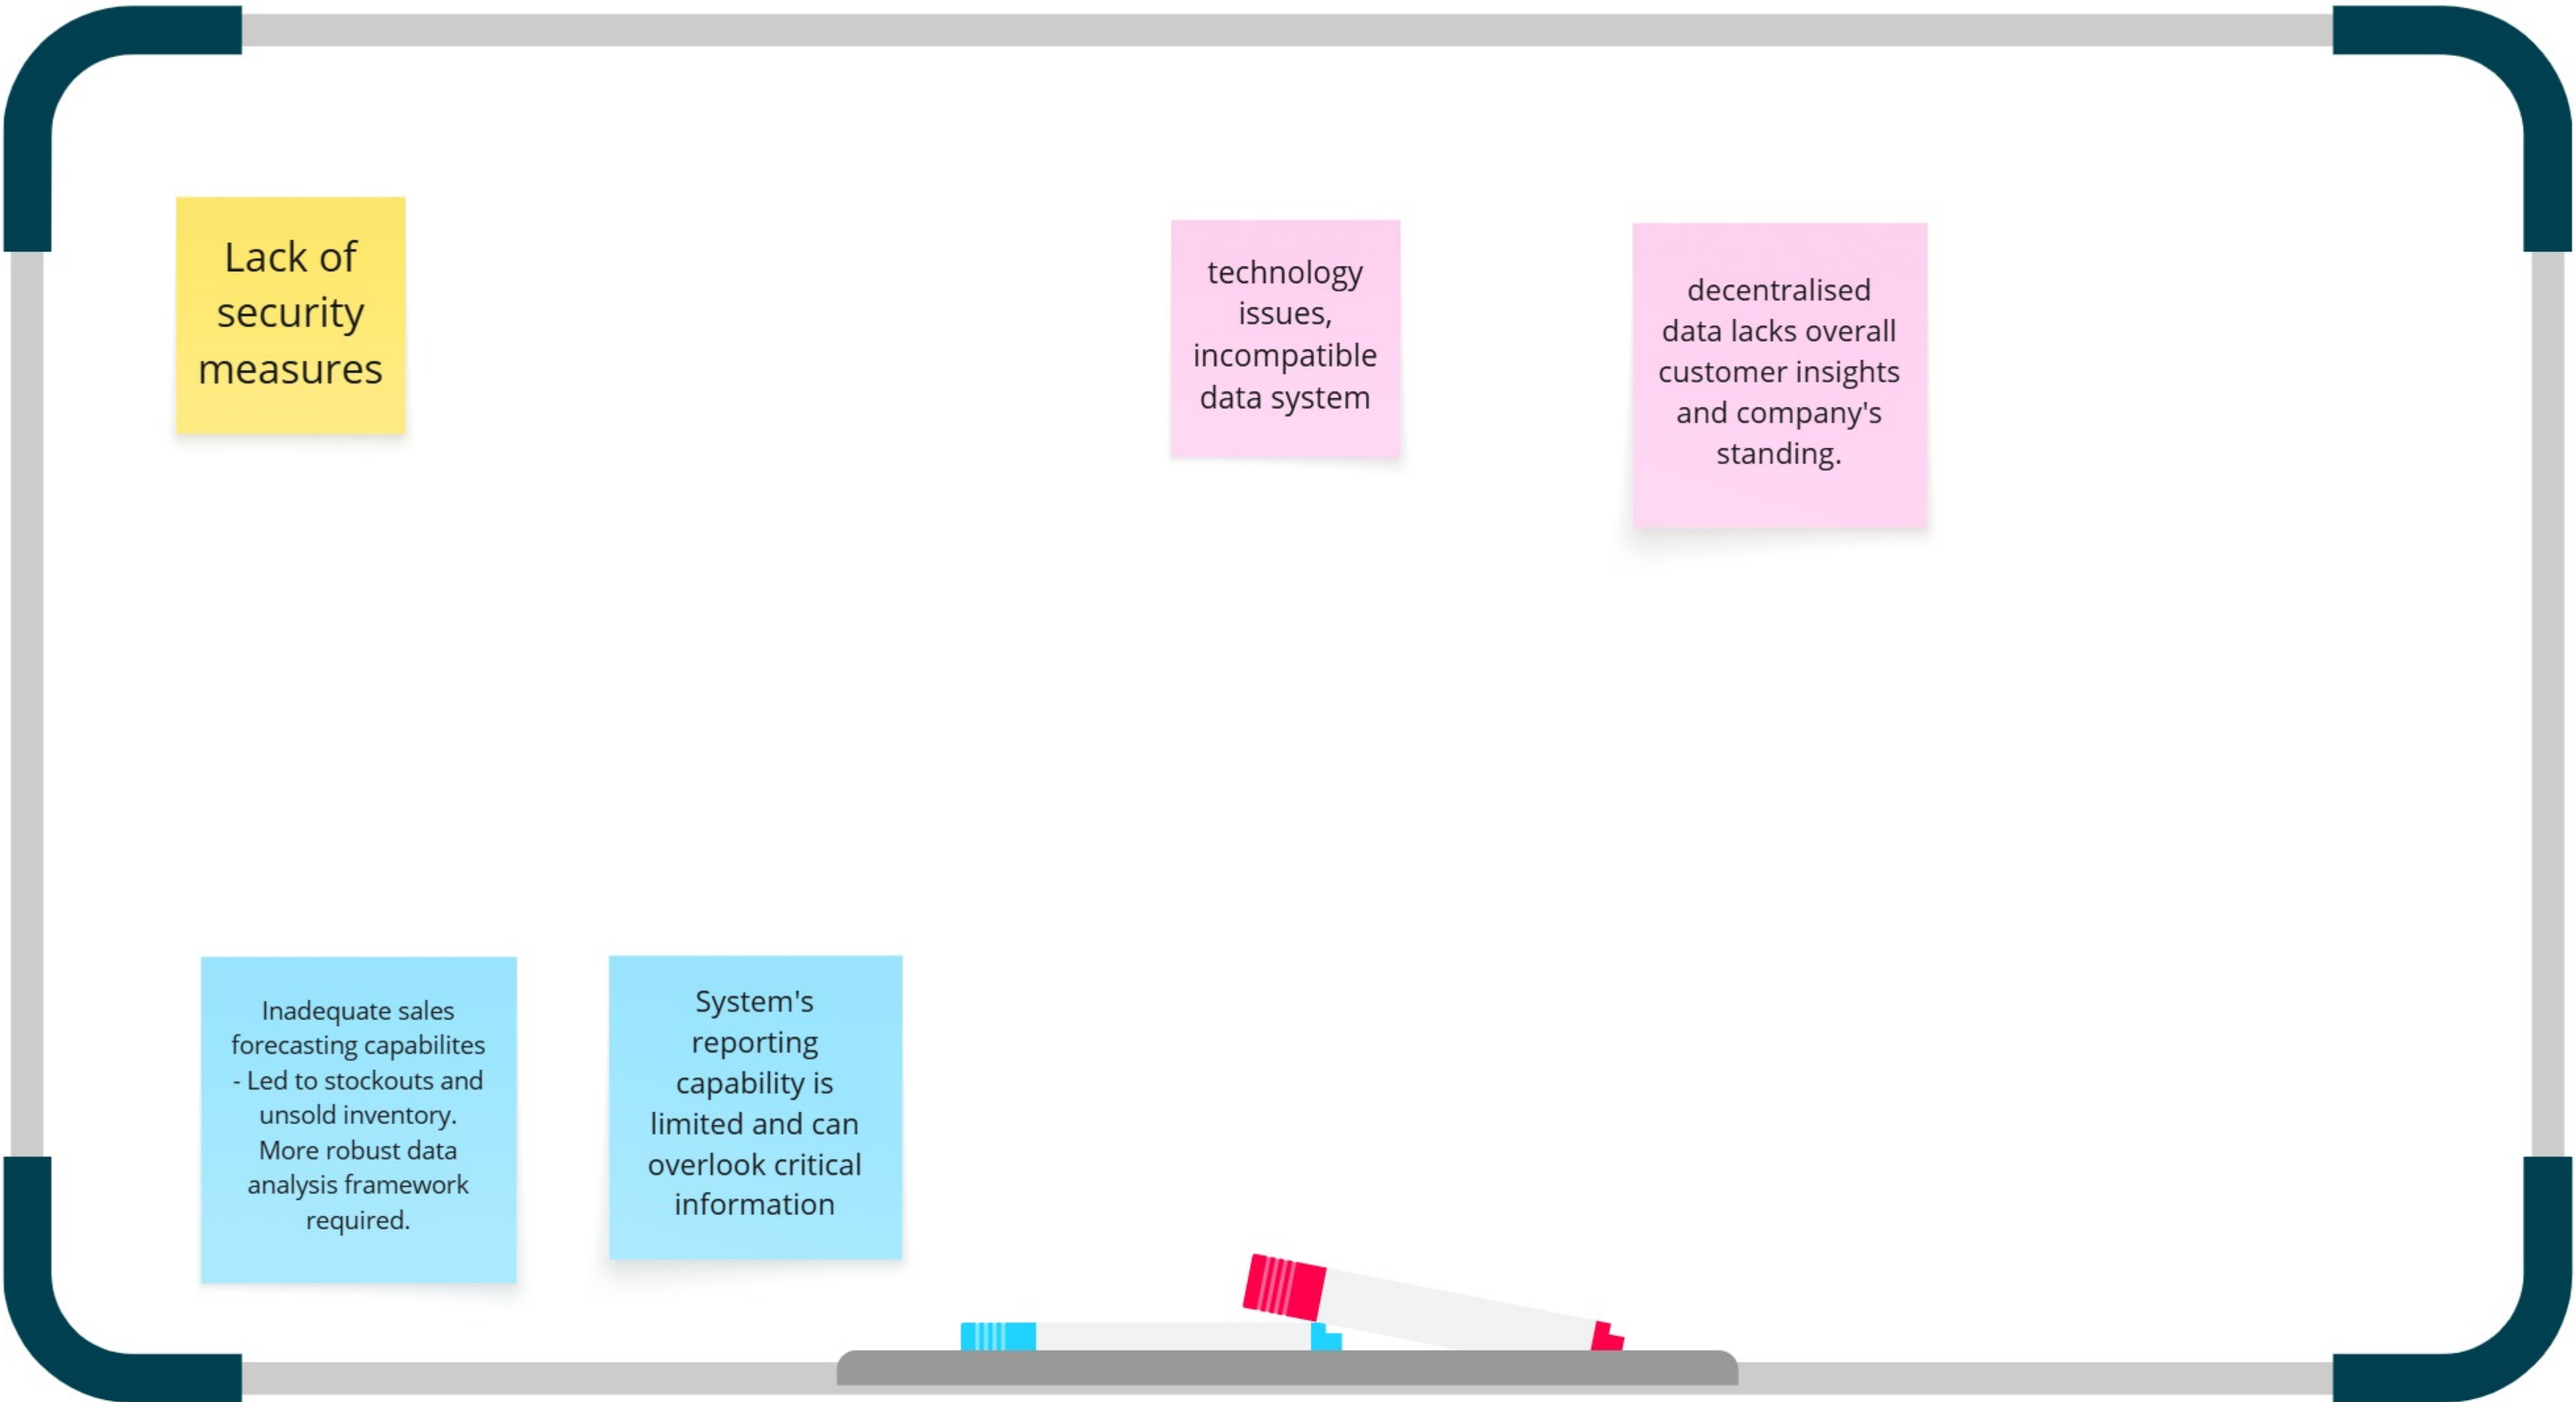

Define the responsibilities and tasks associated with each identified role.

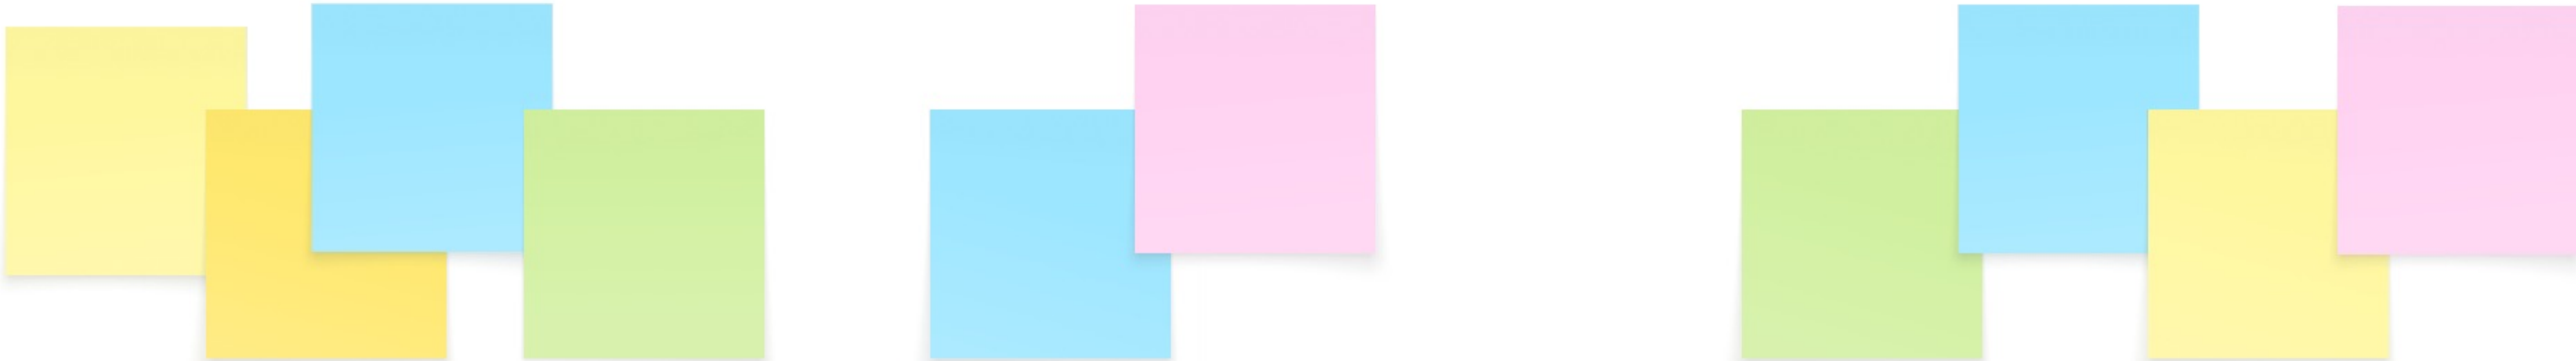

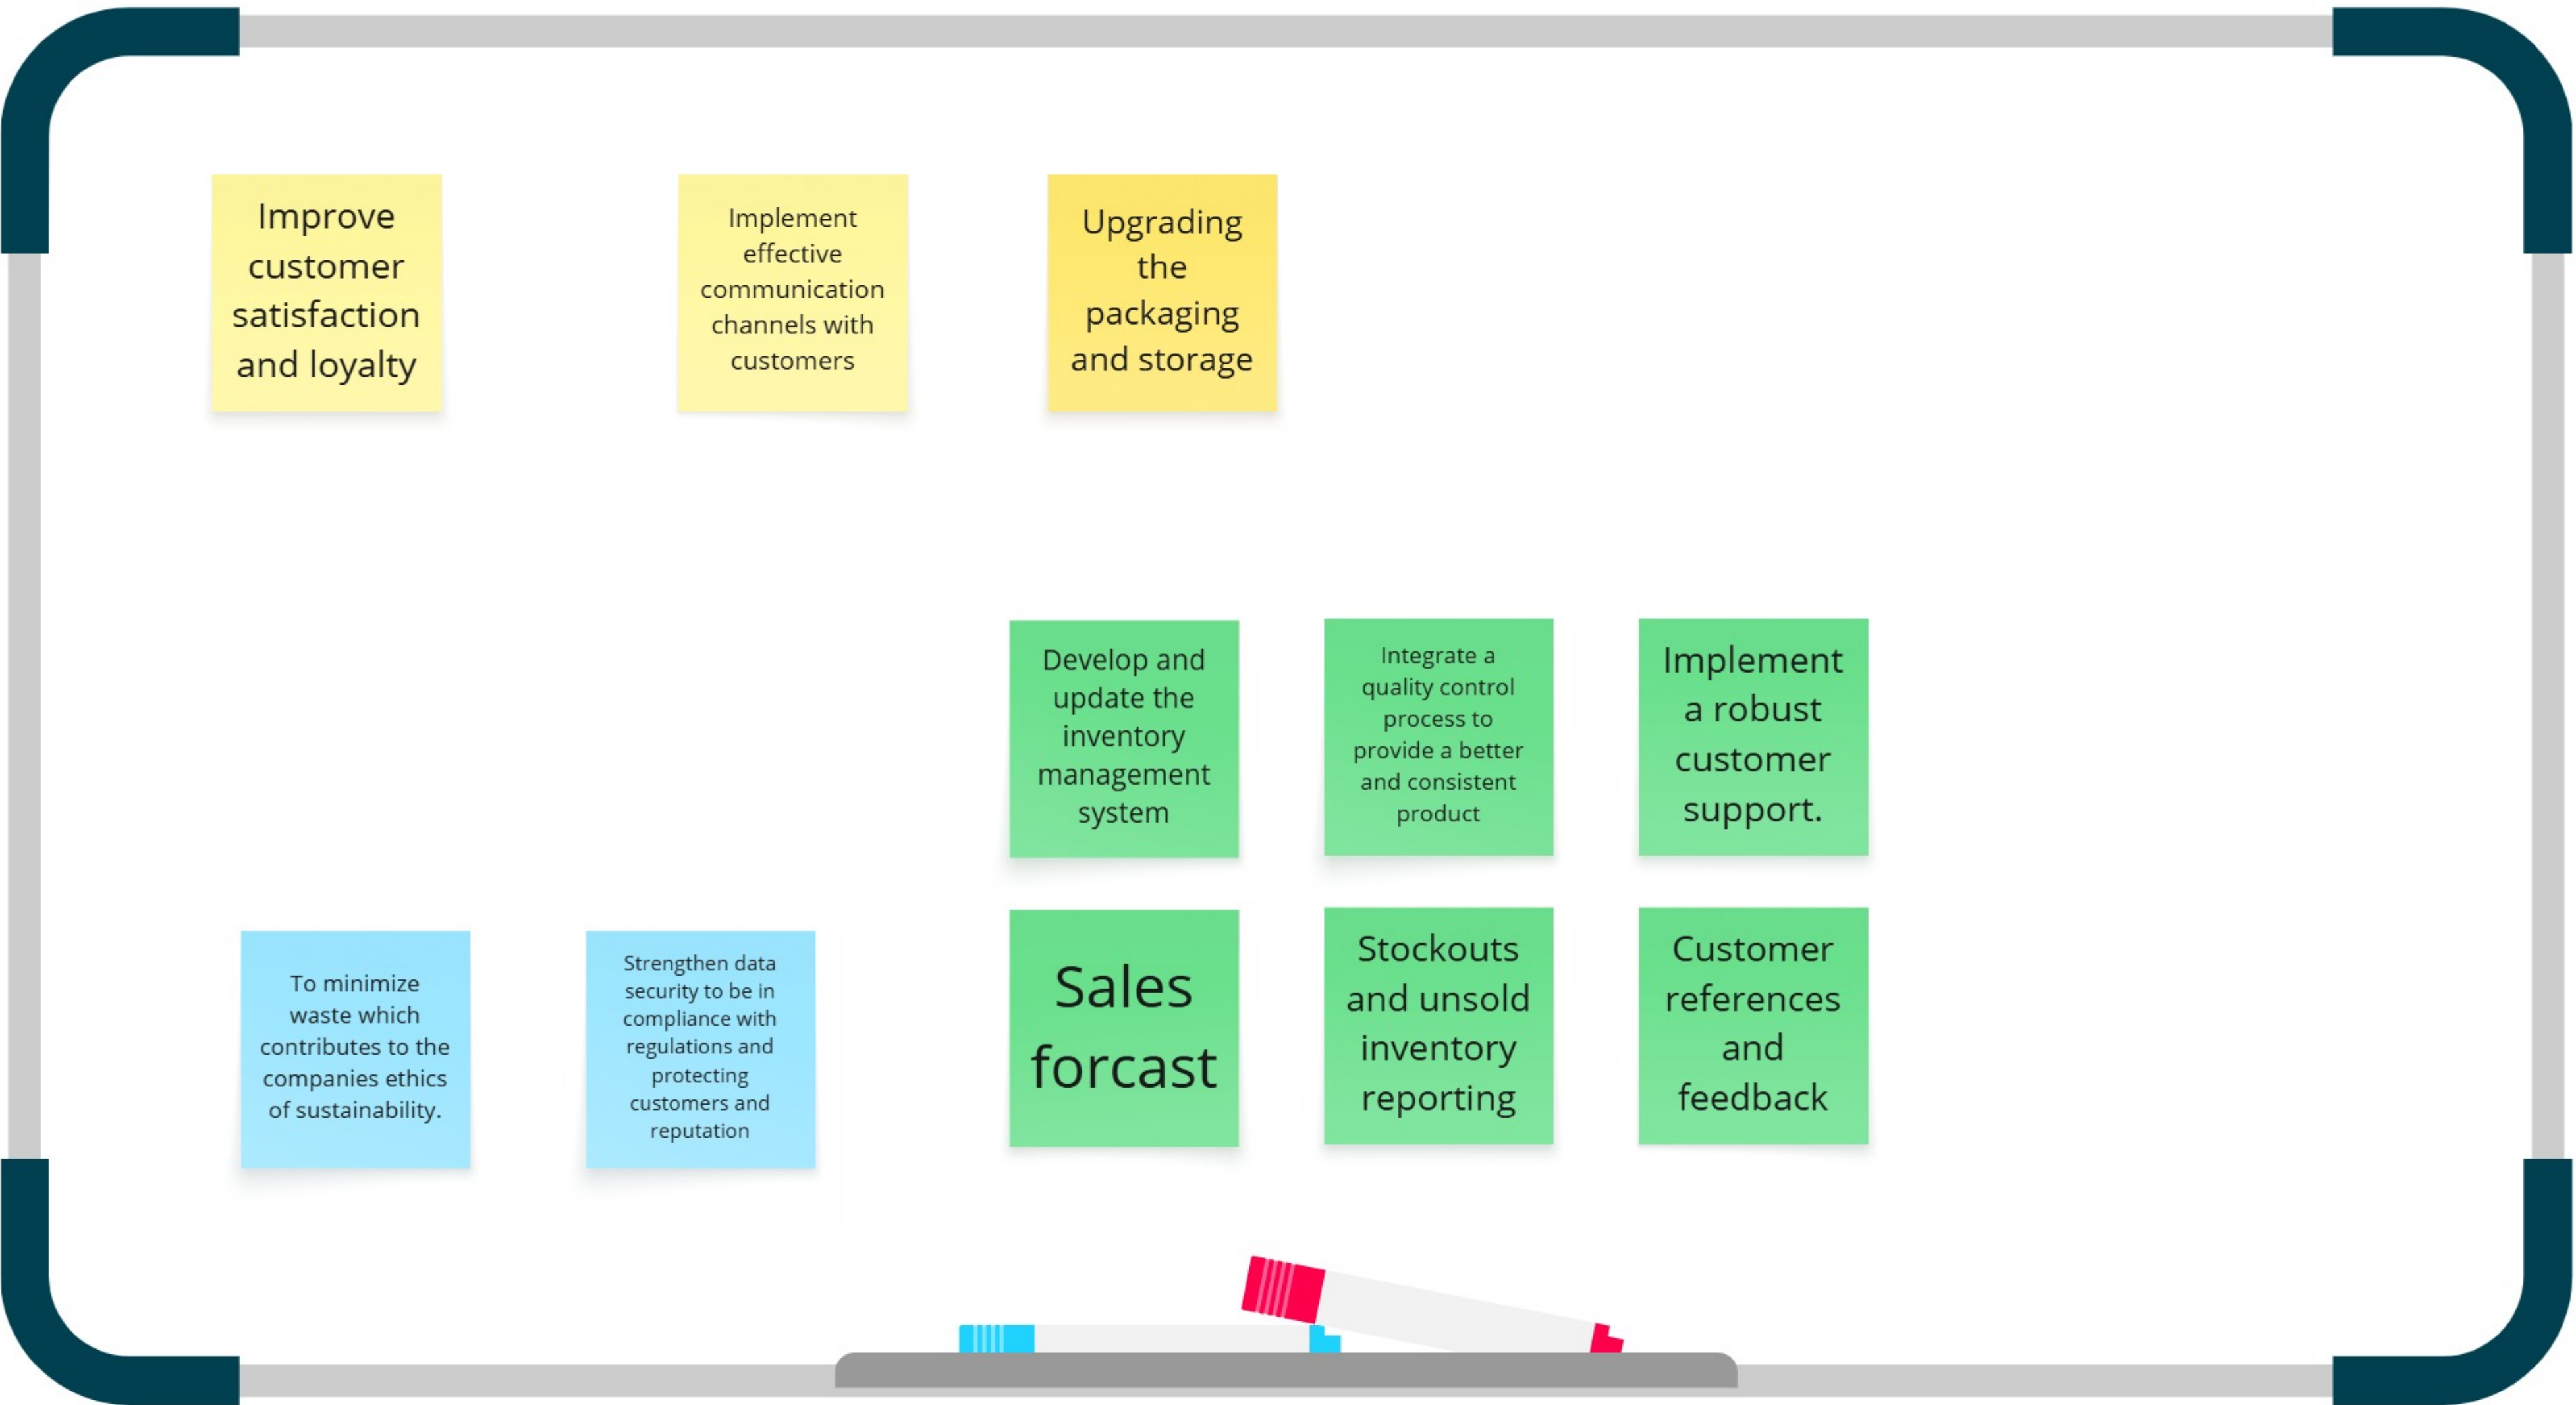

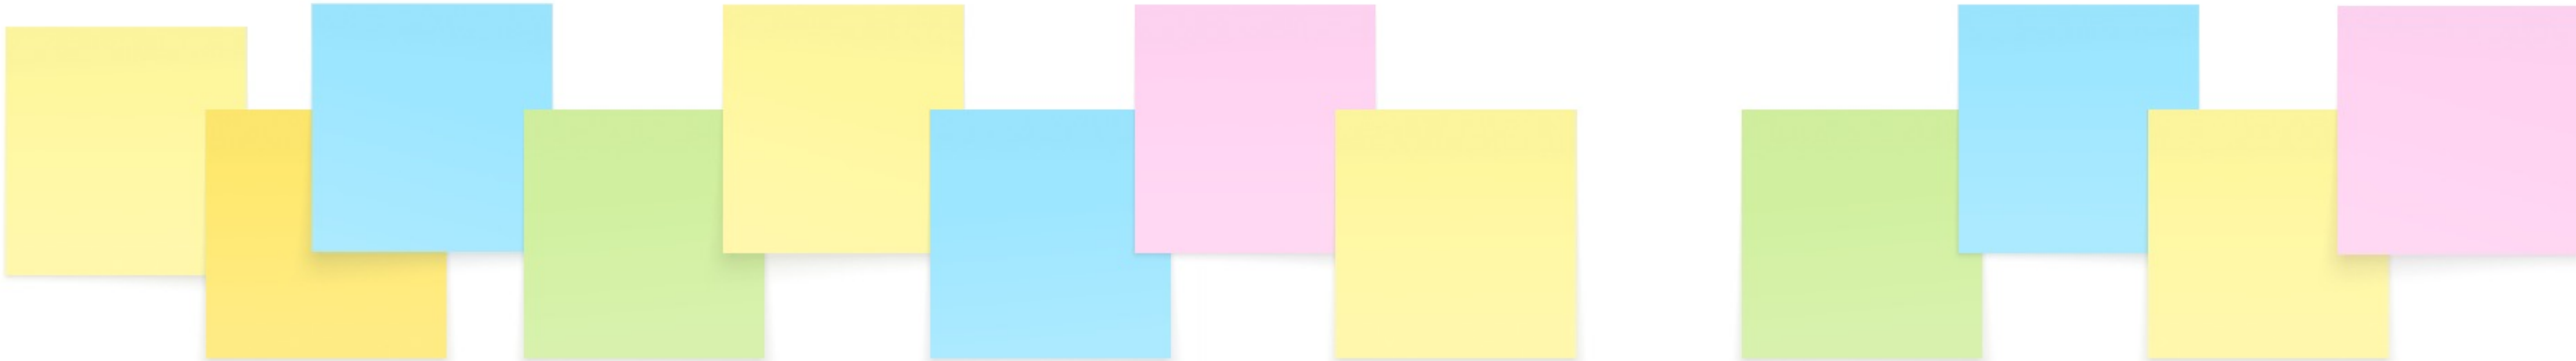

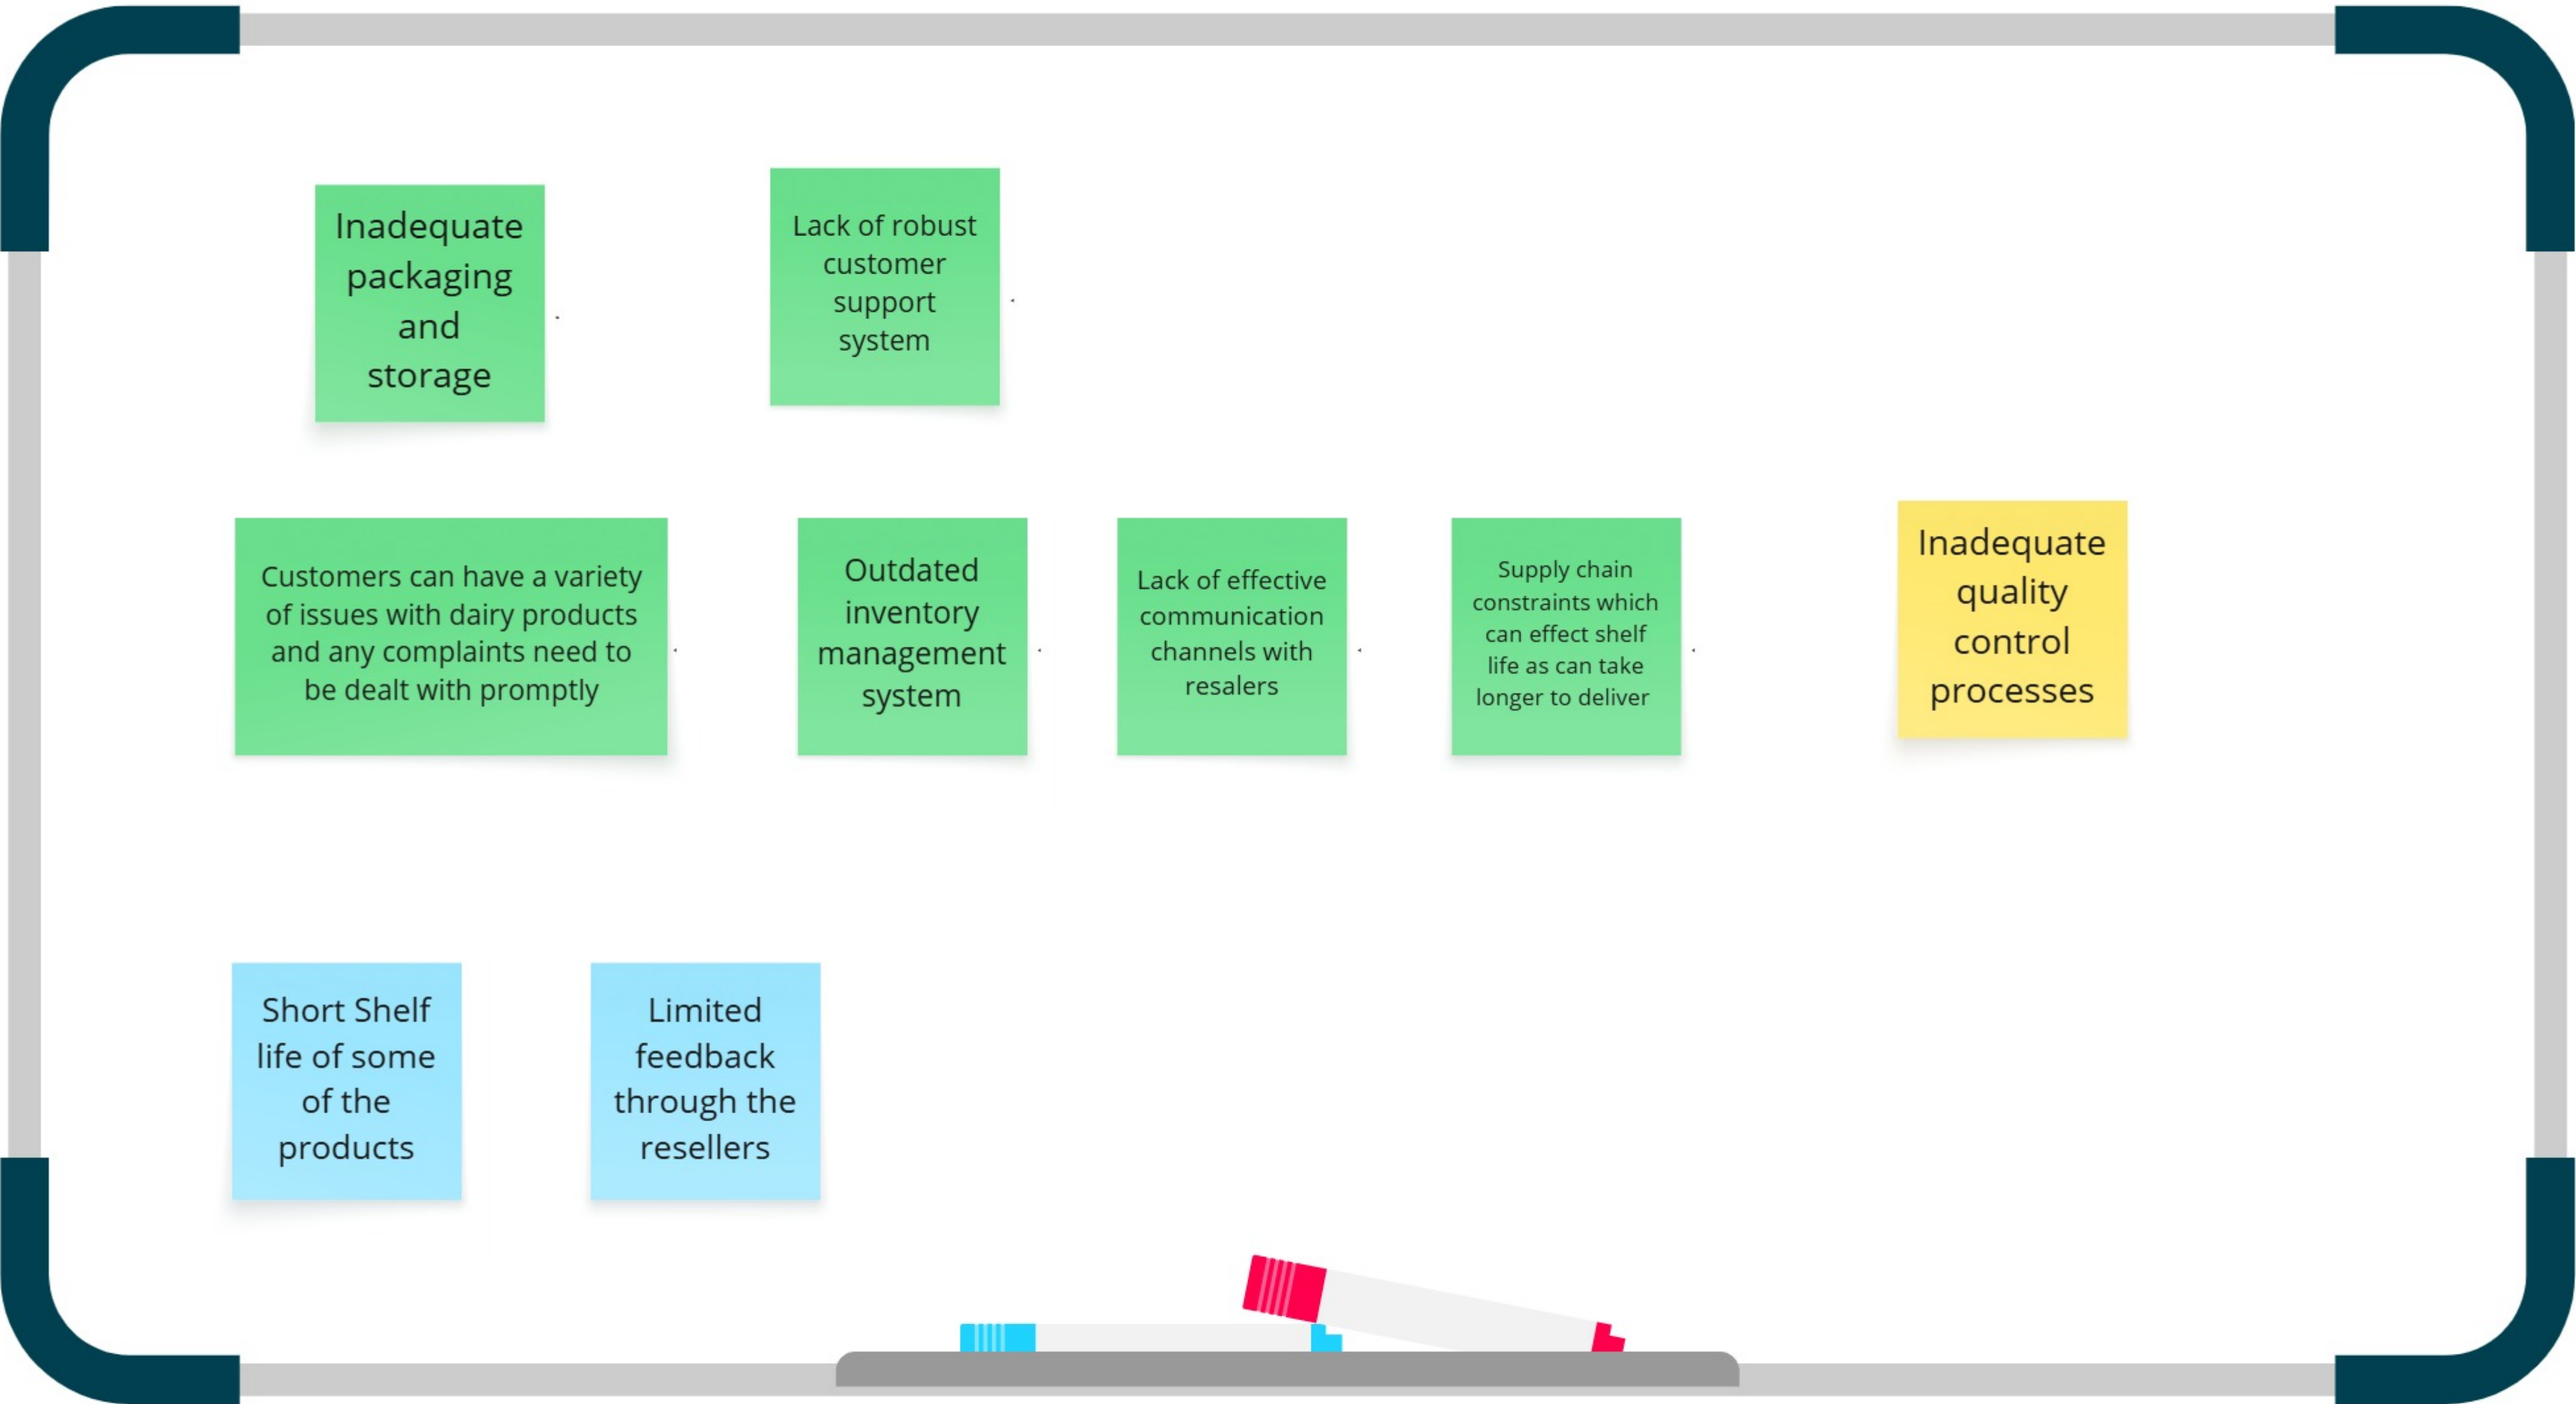

Problem Identification

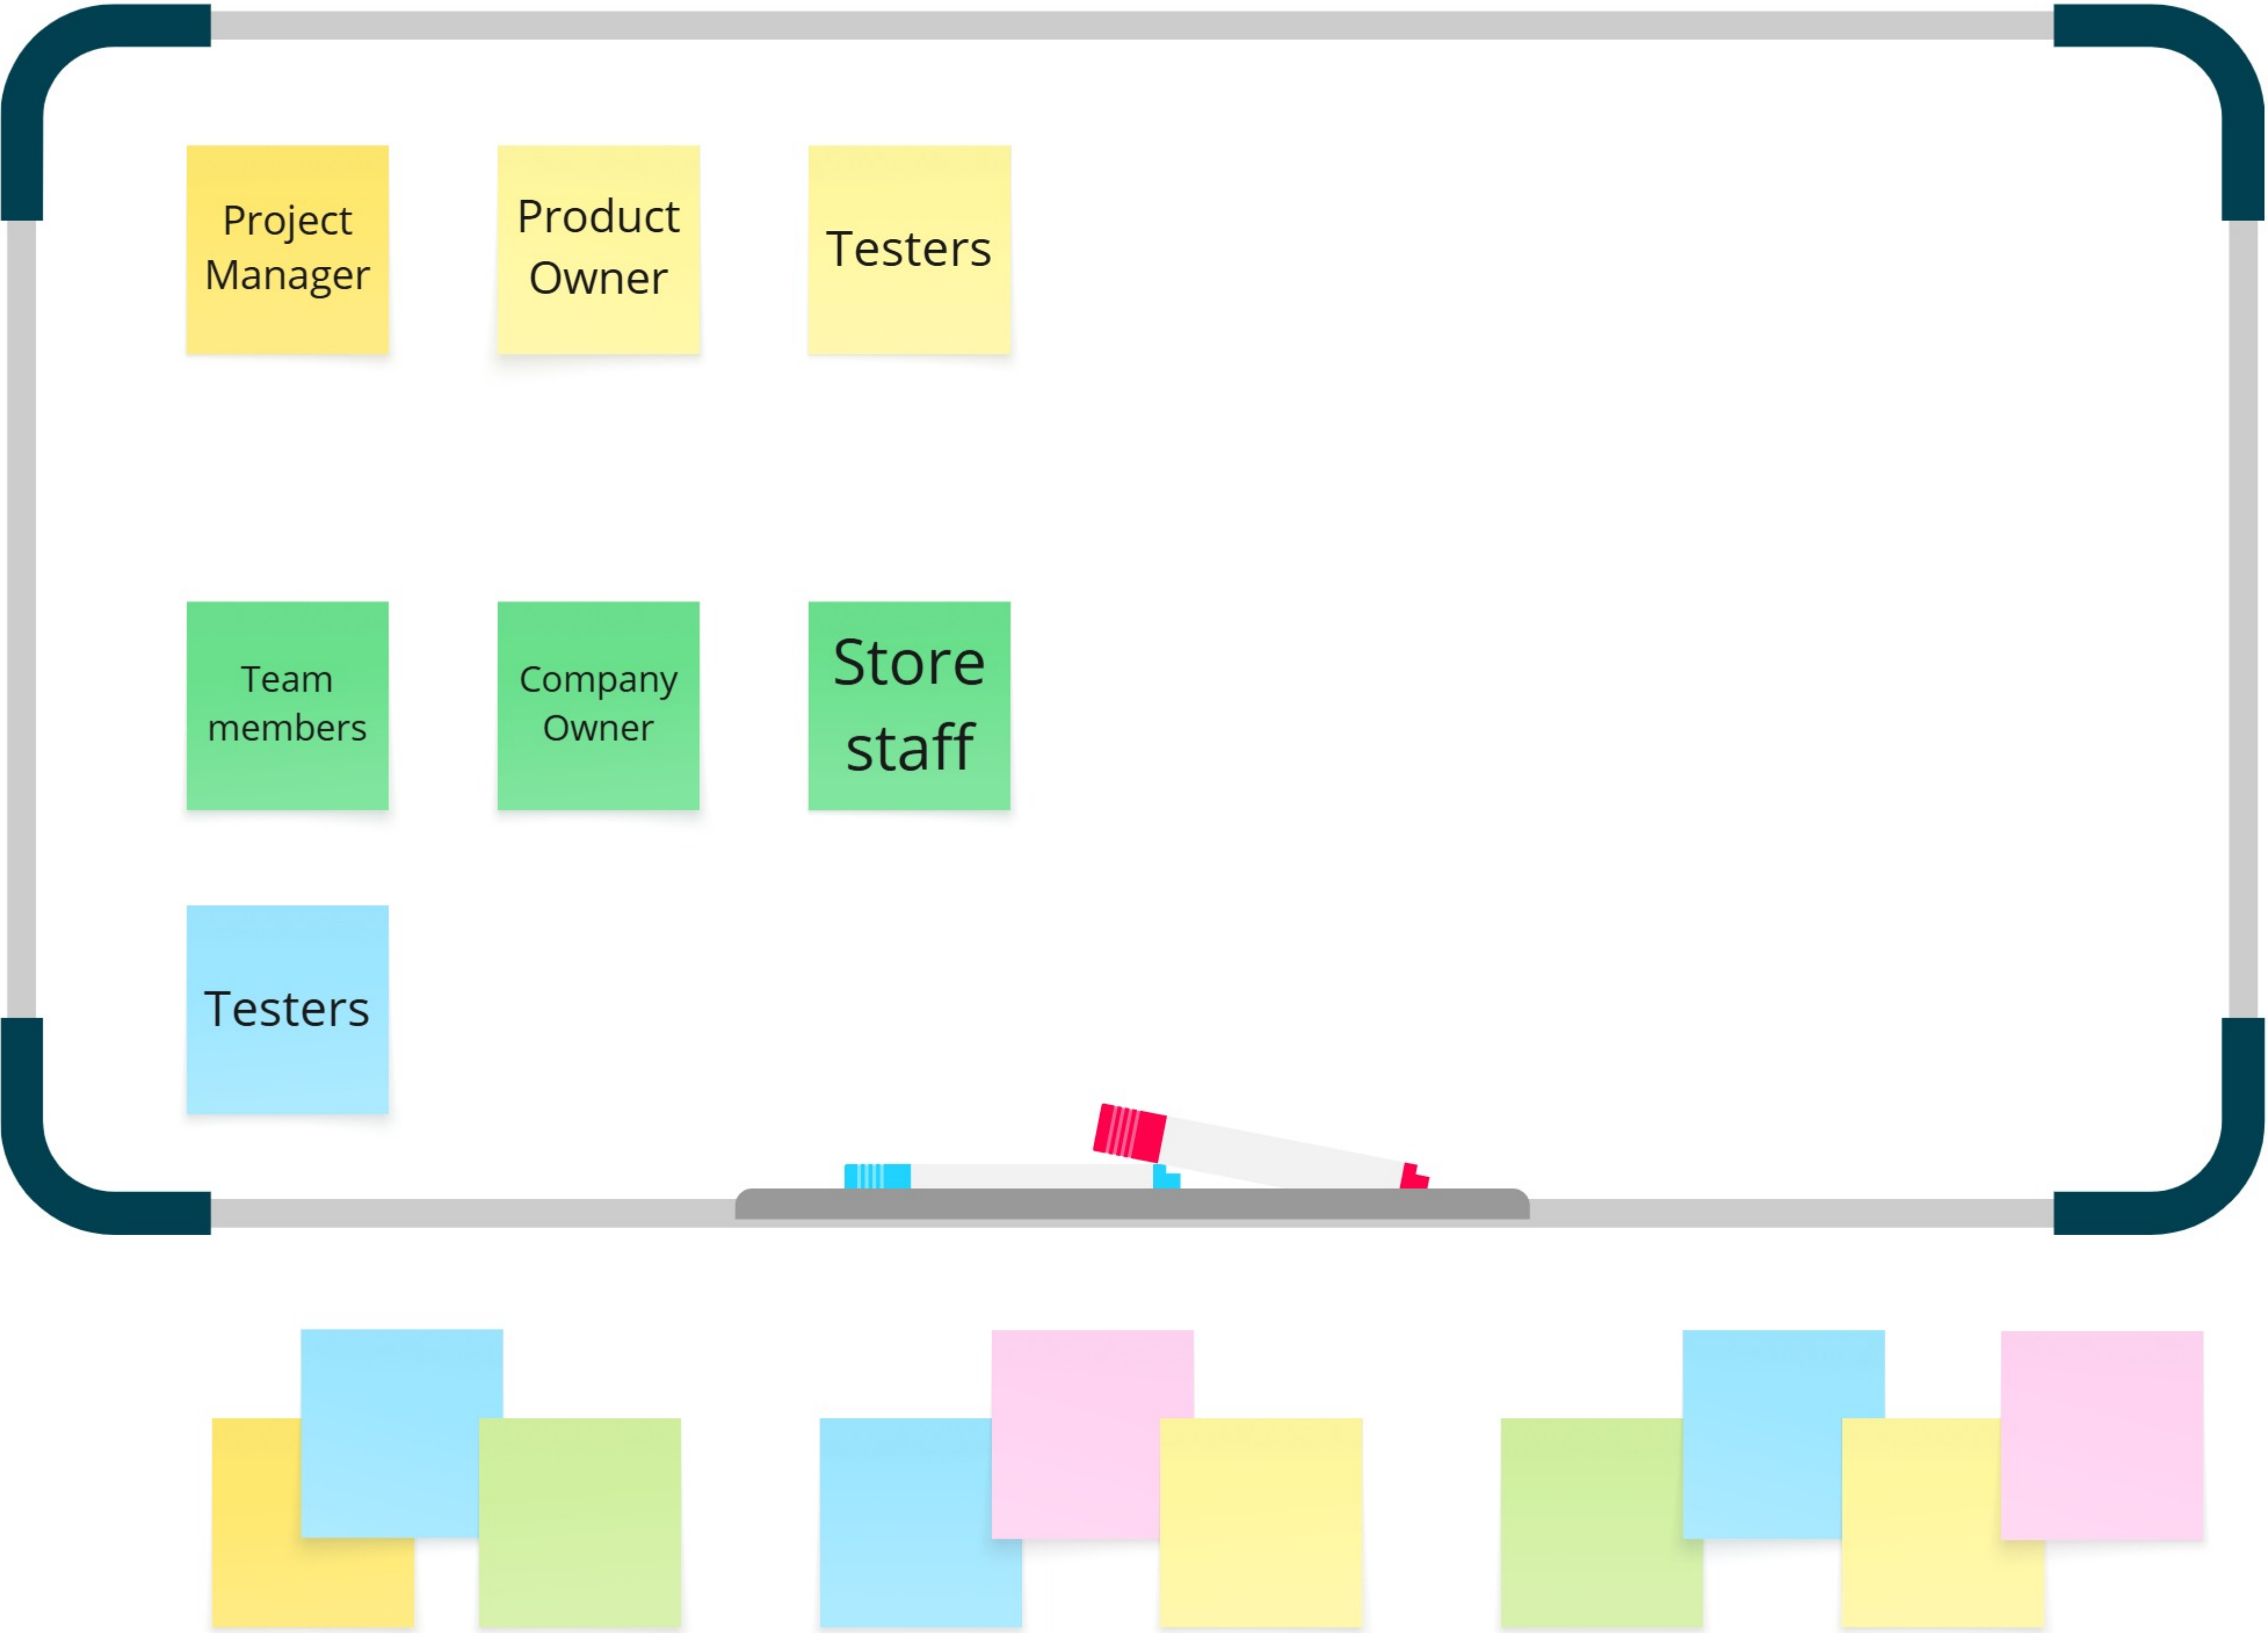

Project Scope, objectives, goals and KPI's.of the reports and dashboard.

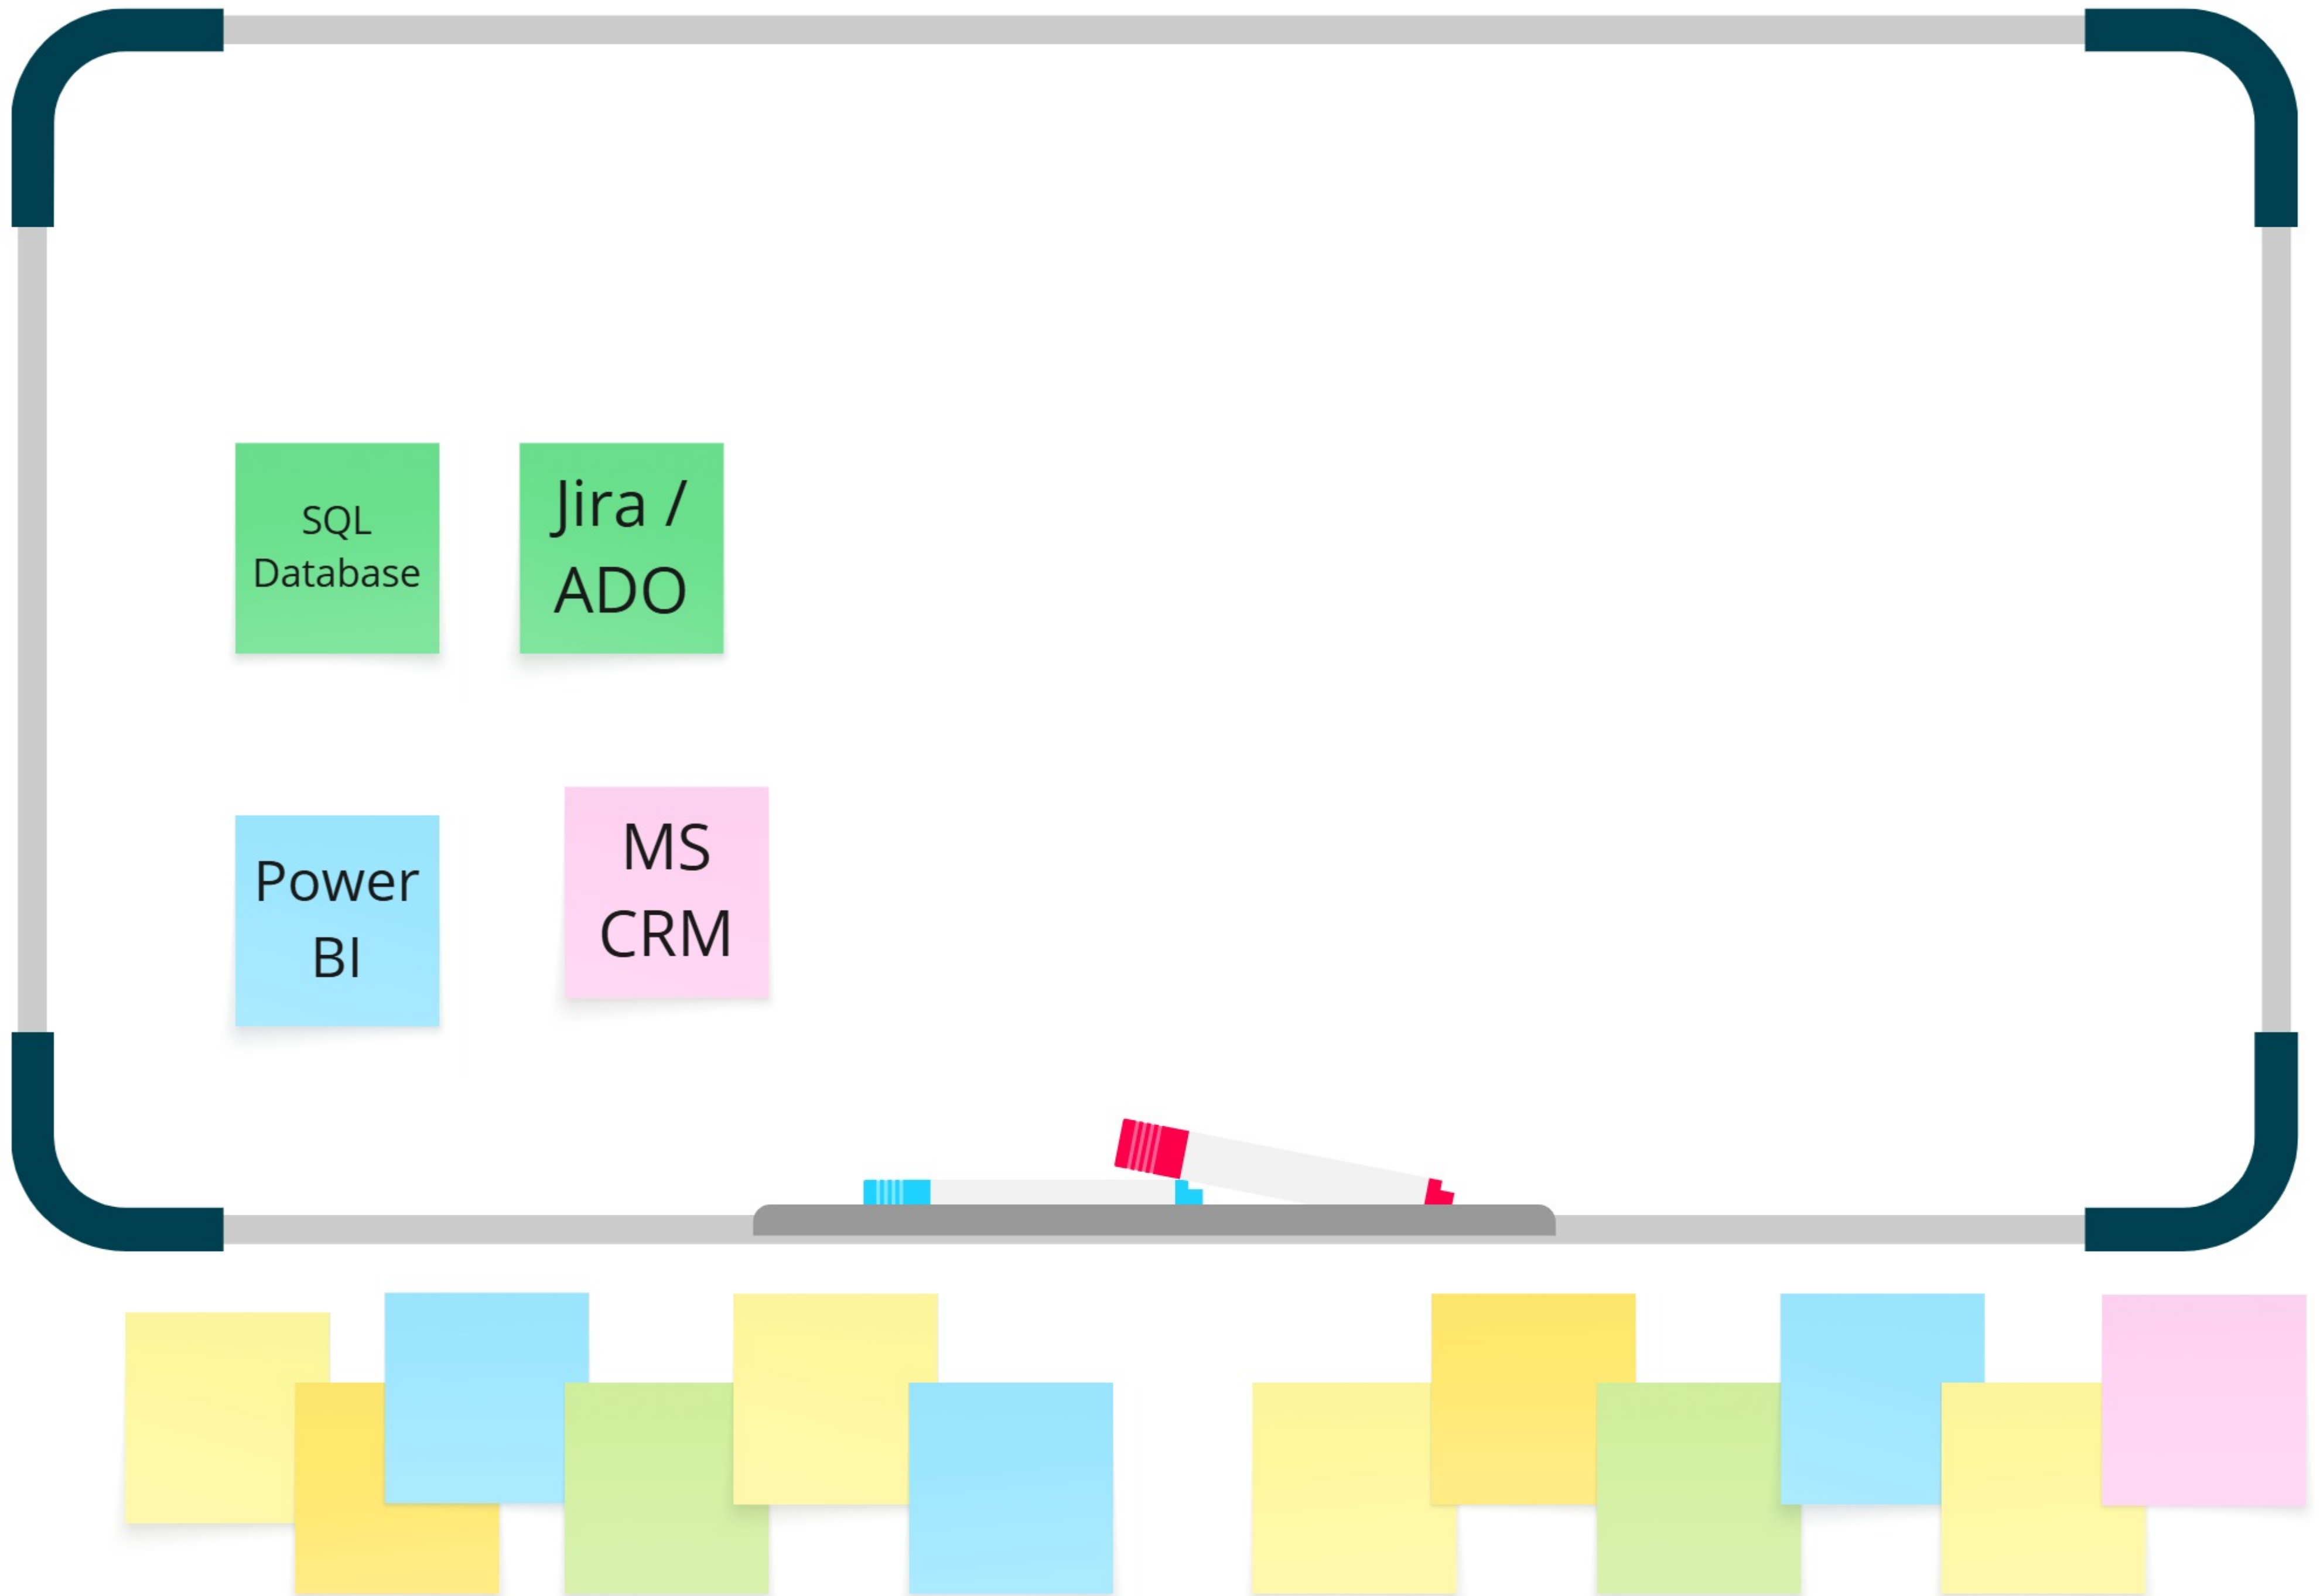

Potential constraints or limitations.

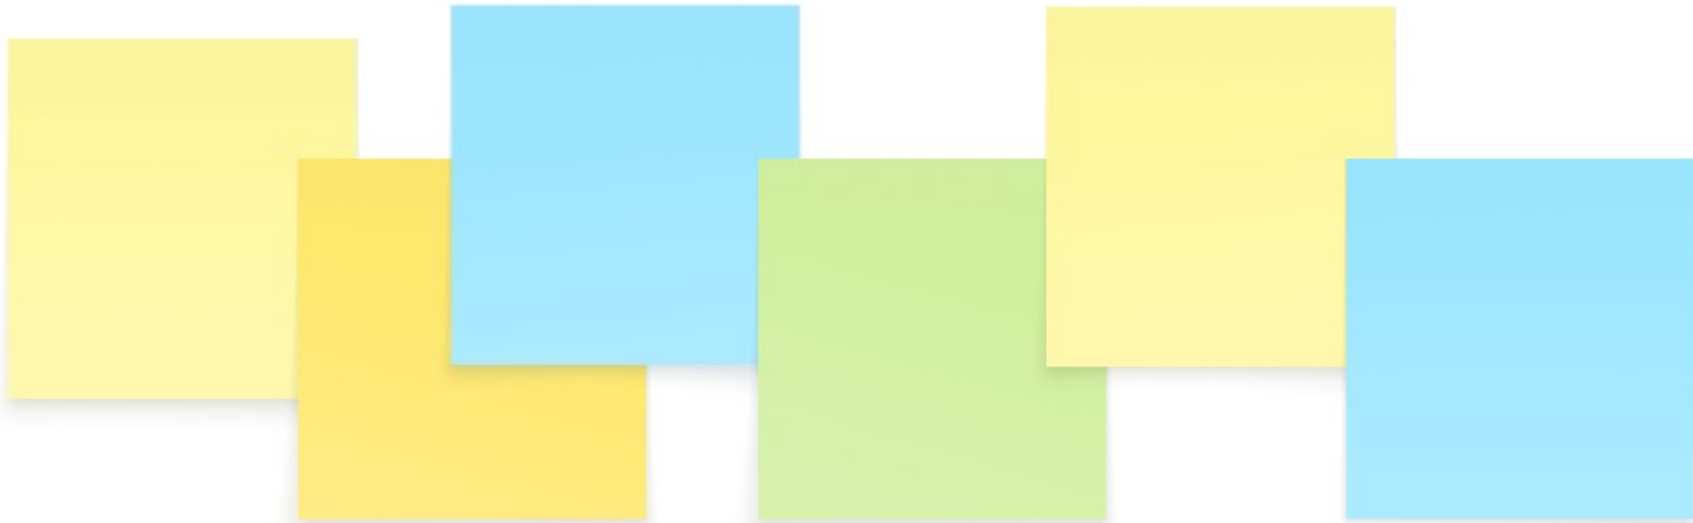

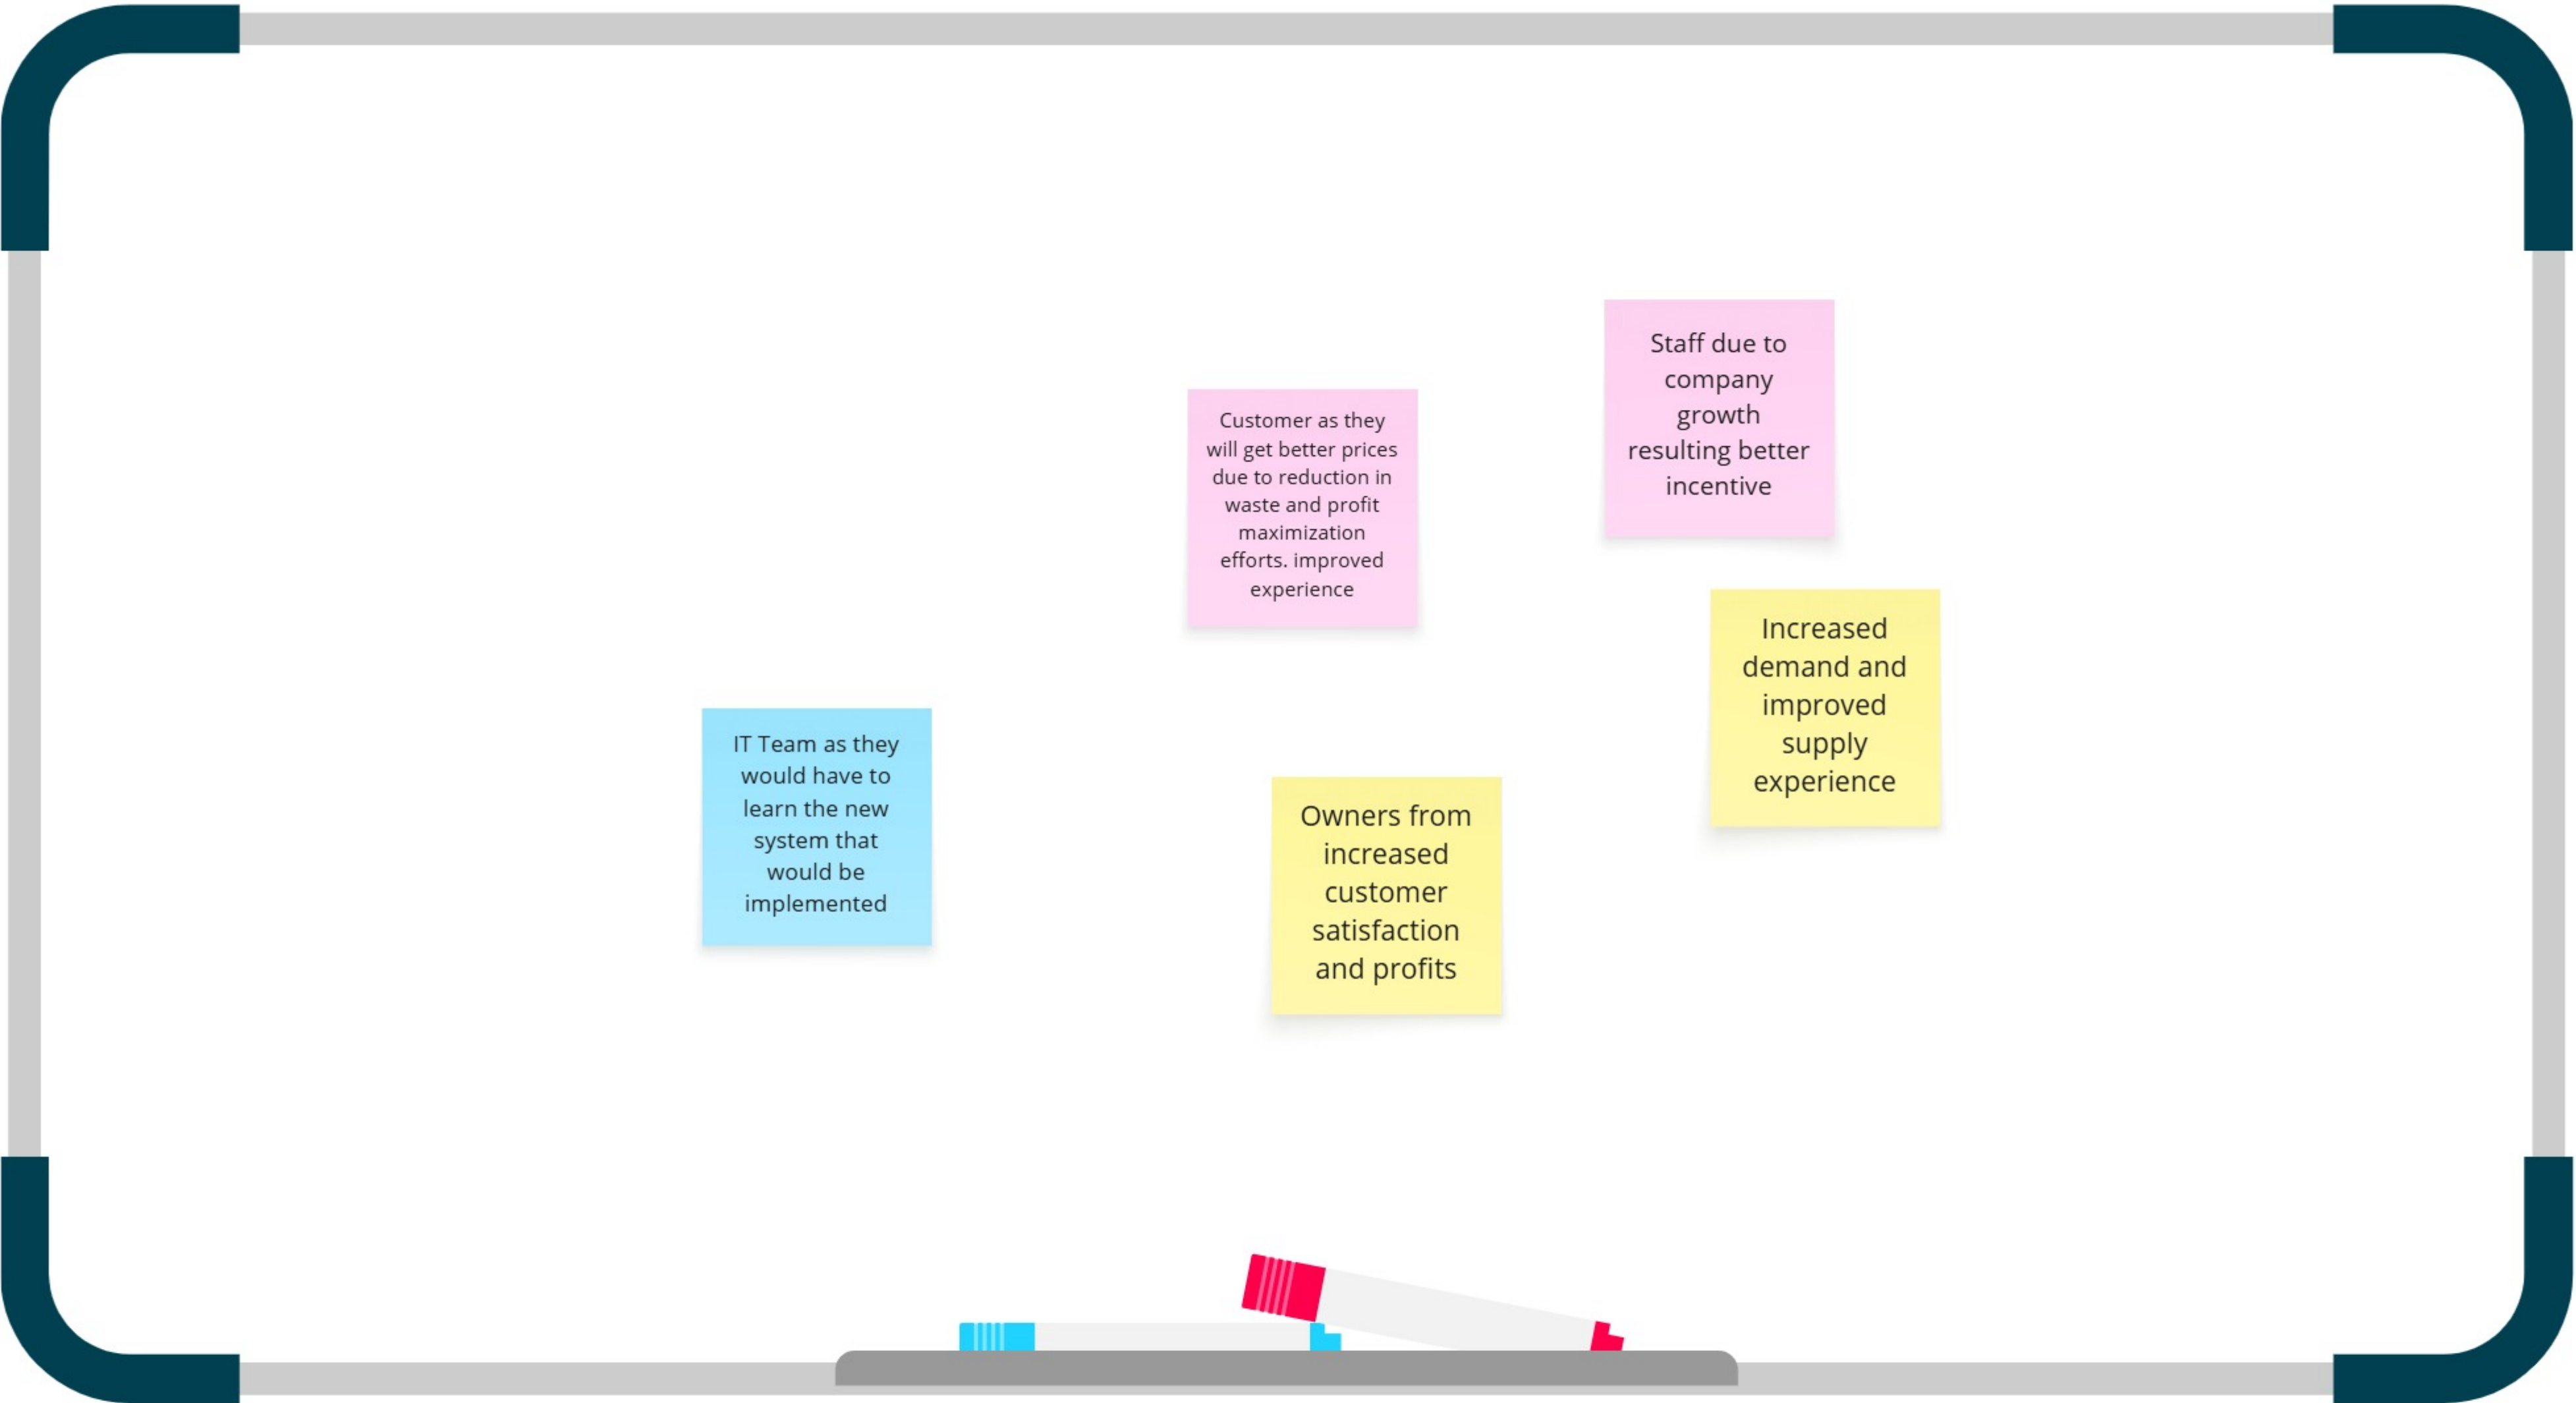

Target audience and stakeholders who will use the reports and dashboard.

Online public reviews

Discuss potential challenges in data collection, such as data availability, data quality, or data integration

Discuss how having a well-defined data collection plan will support Dairy Delights in making informed decisions to reduce waste and maximize profits.

Well defined data allows for:

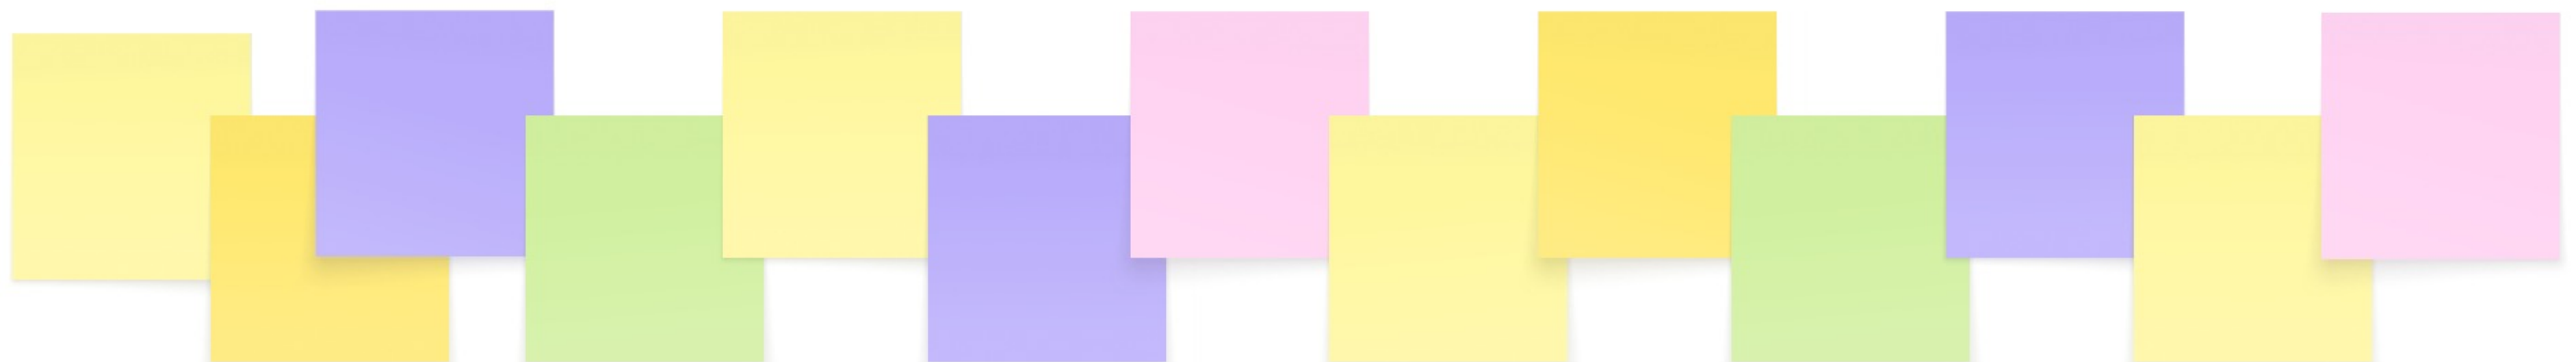

- a more precise viewpoint of stakeholder satisfaction
- reduced time spent on unnecessary tasks and the wrong focal points
- a streamlined data analysis process

The team will be better able to identify the key areas requiring amendments which in turn will allow them to formulate an appropriate project action plan for improvement

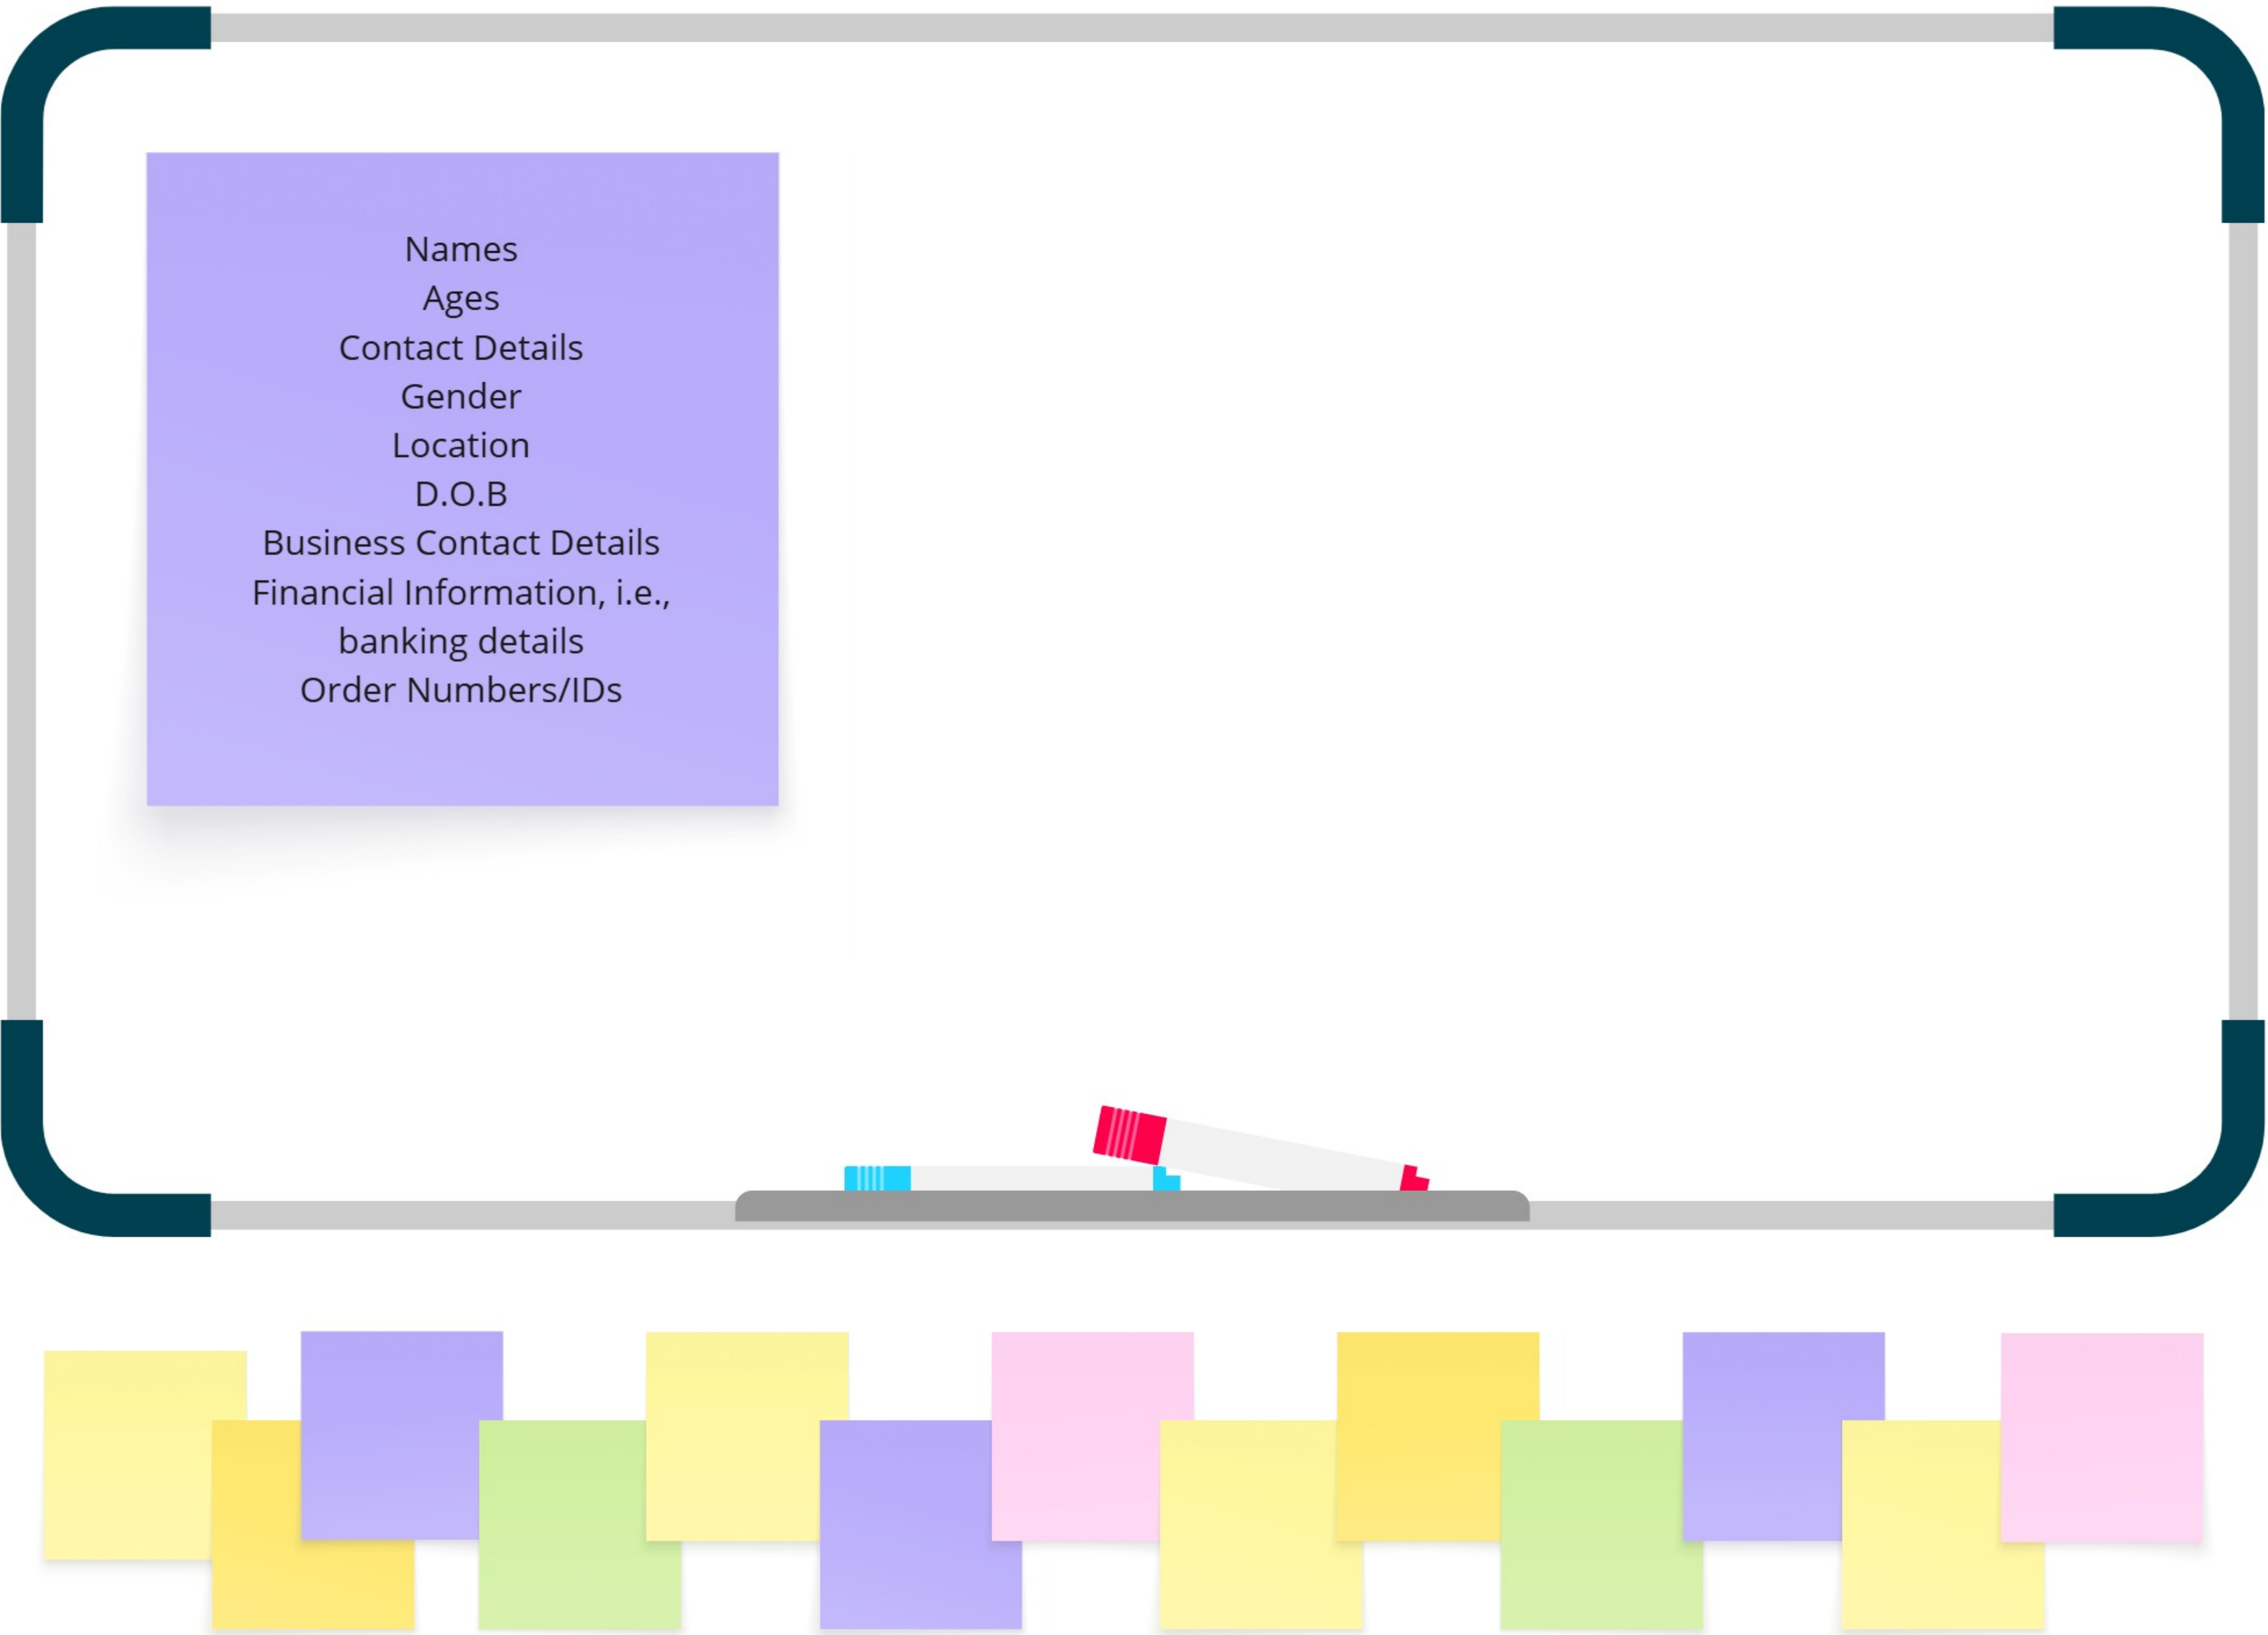

IoT & real time stock data from resellers will enable them to keep supplies available.

Over time they can identify patterns & trends, helping shape the pricing strategy to max profits.

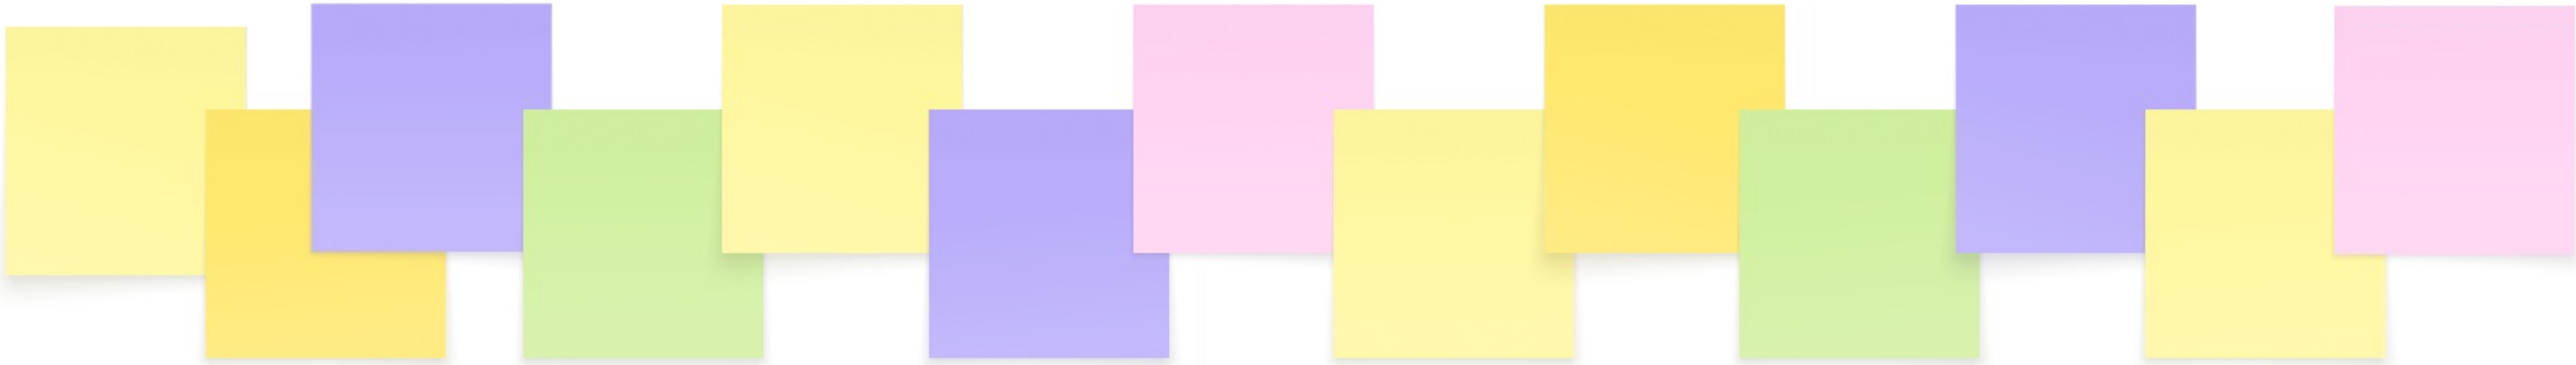

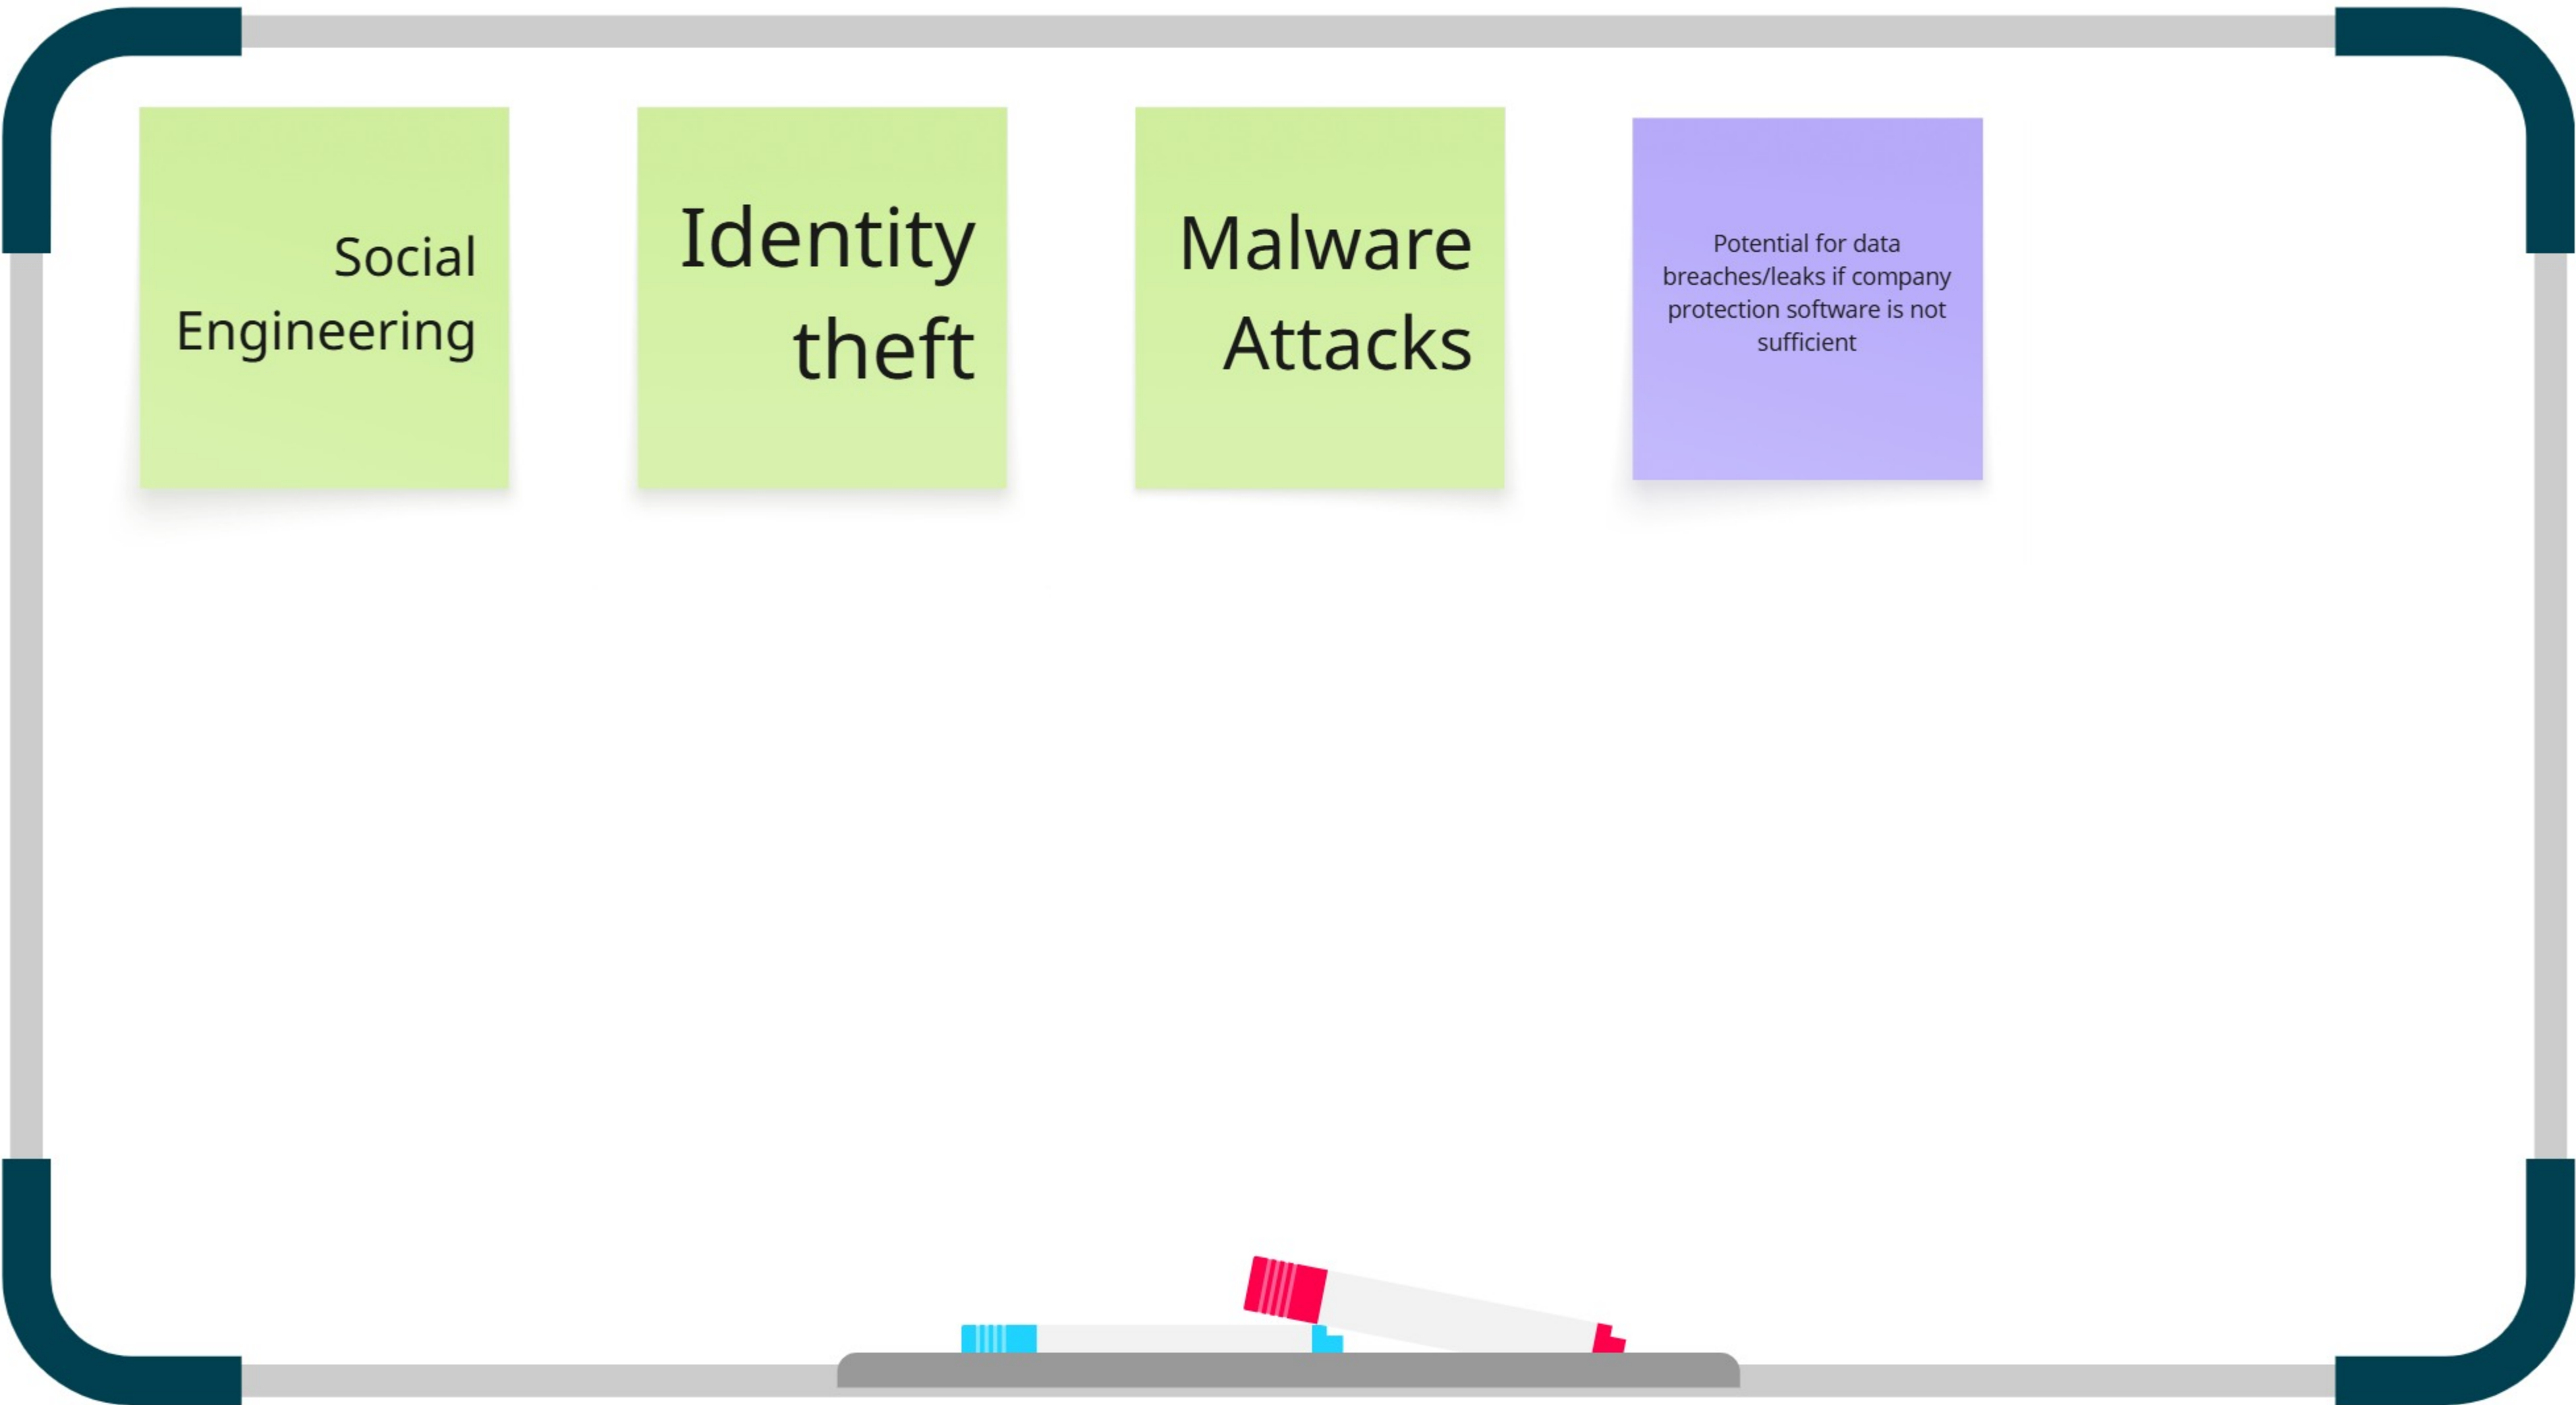

Well designed plan helps improve data quality and accuracy

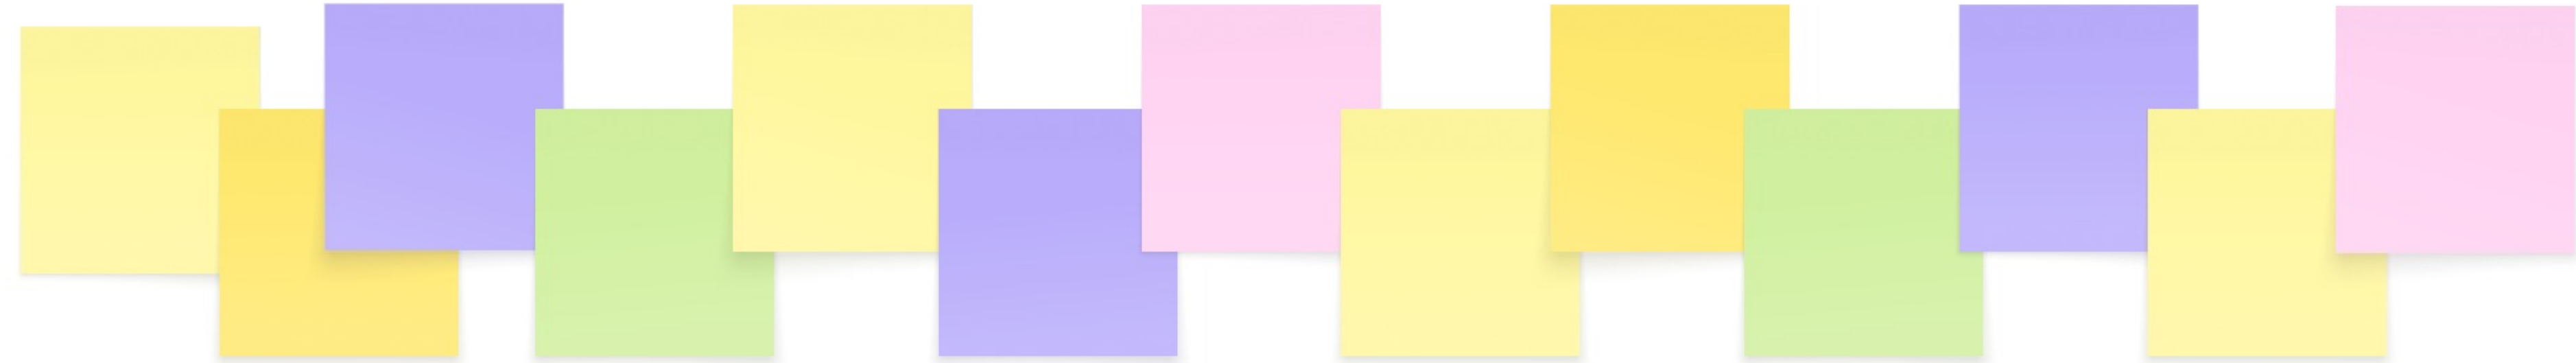

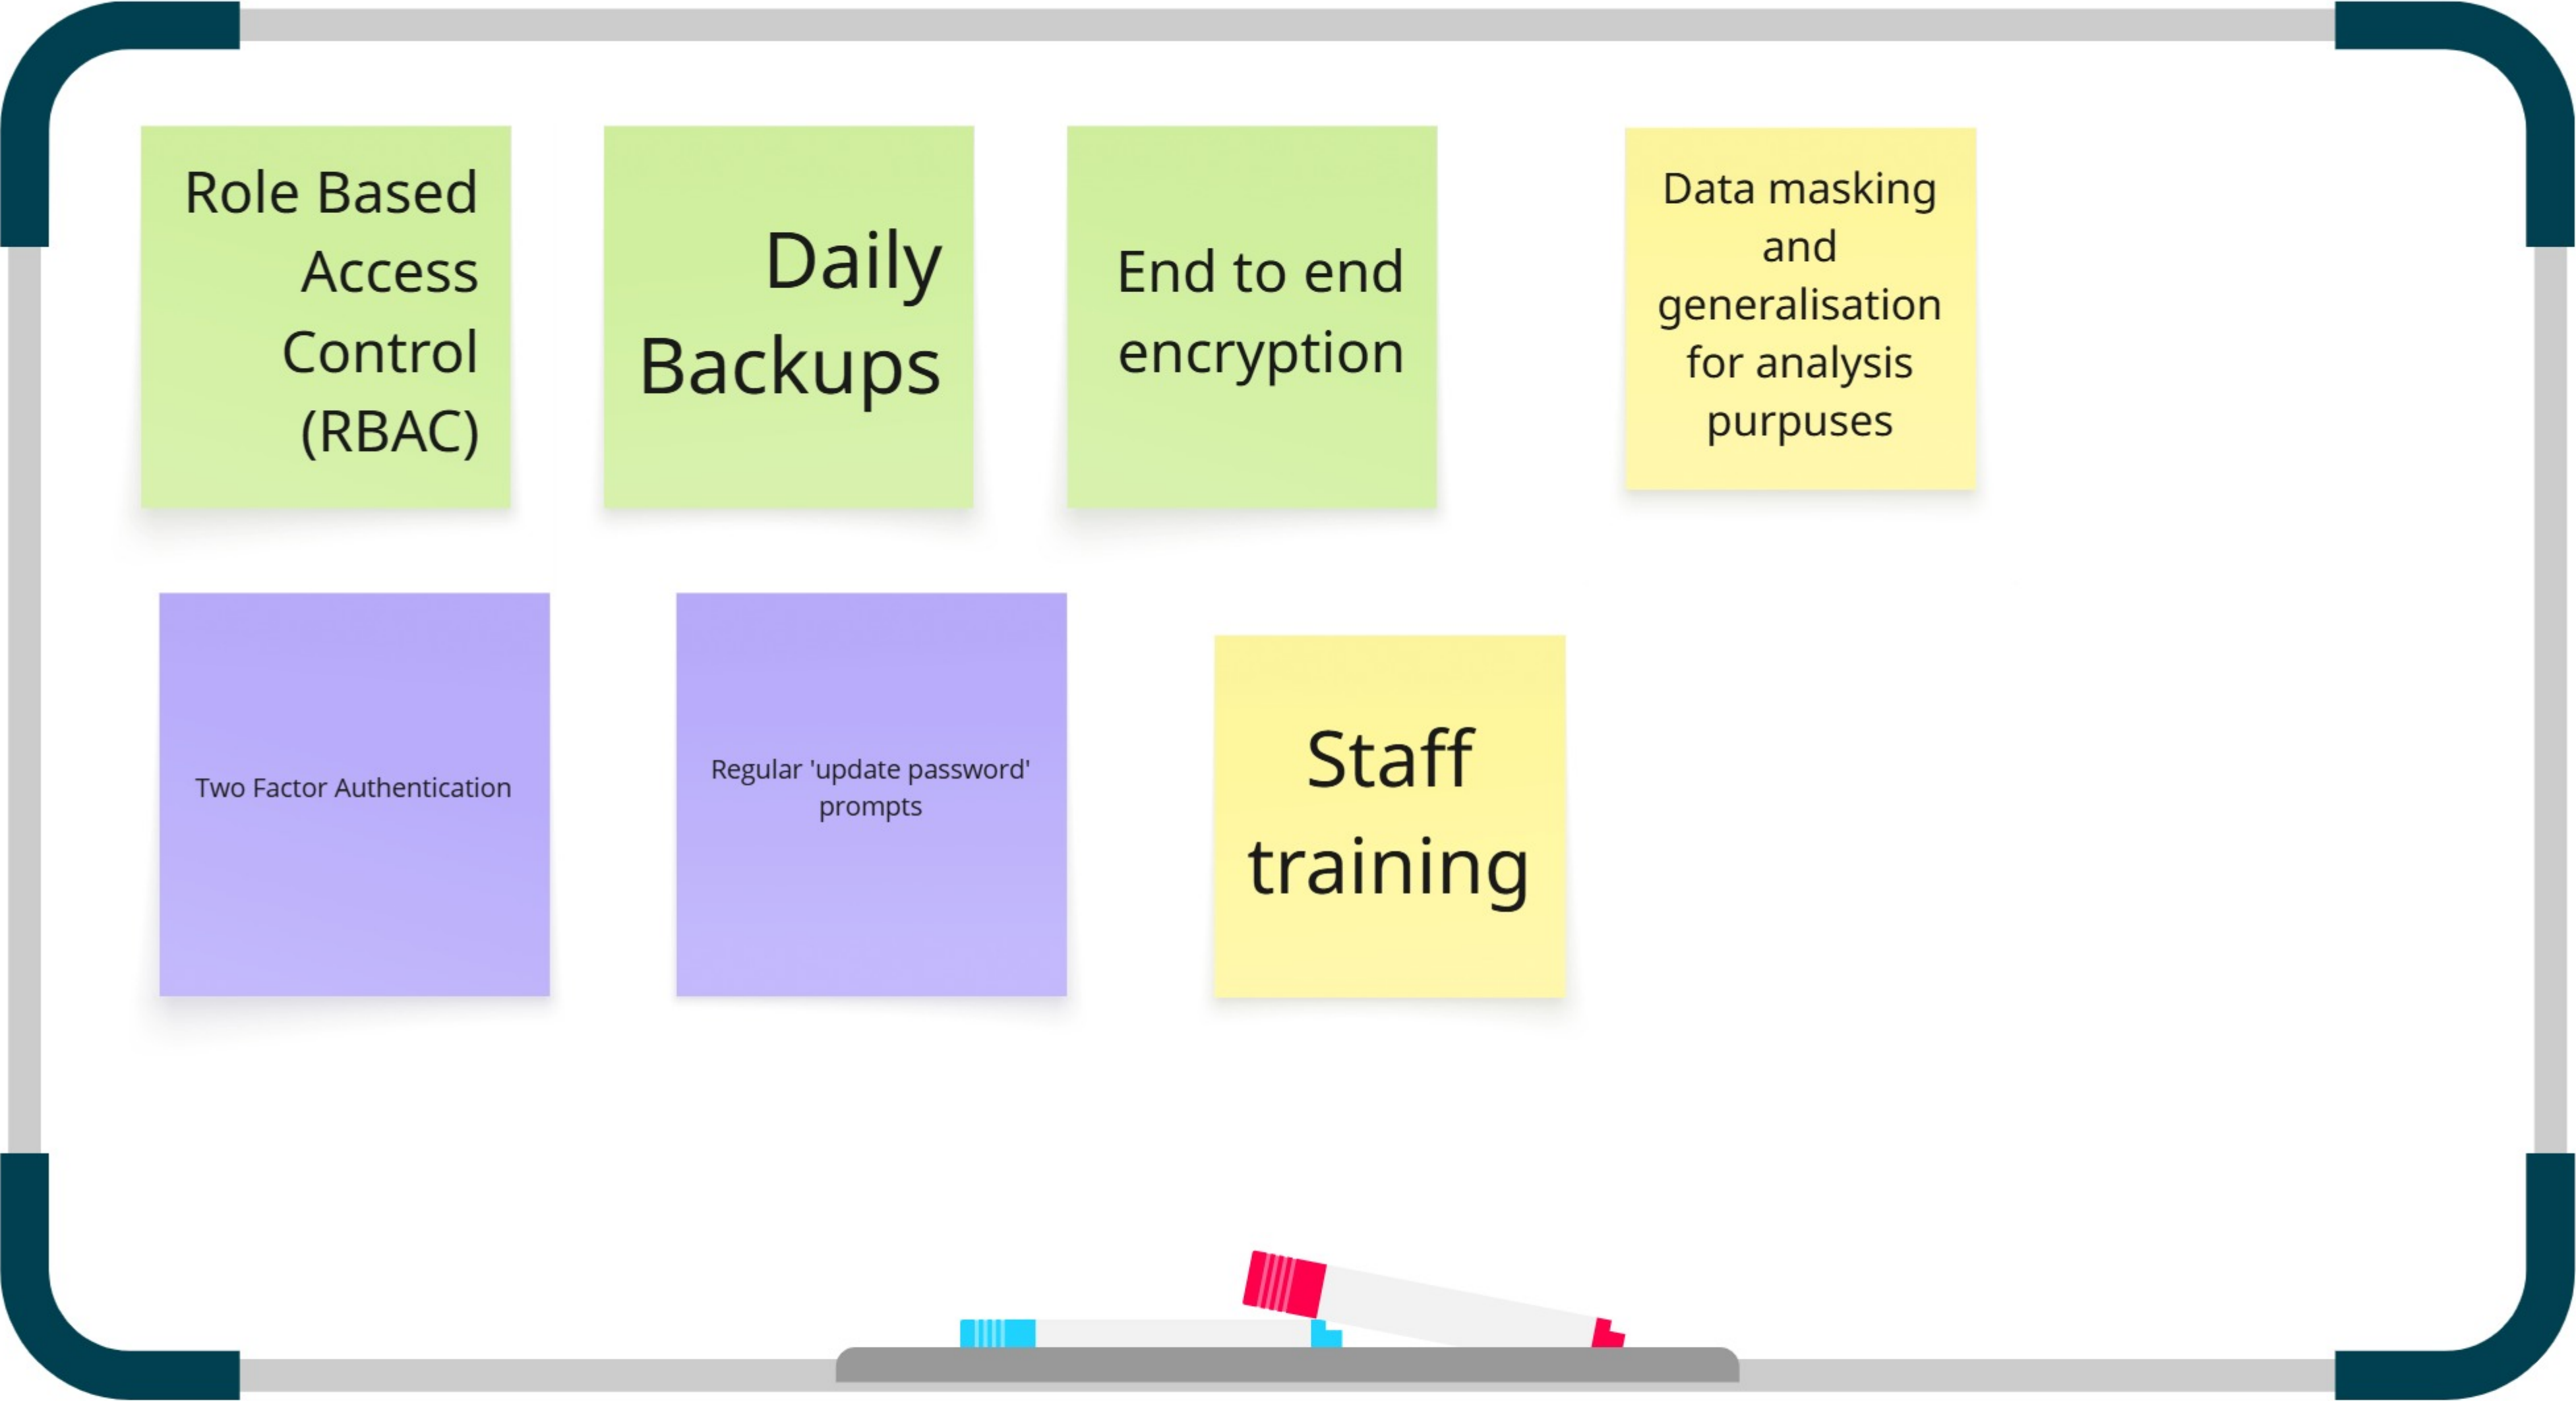

Conduct a data mapping exercise to **identify any personal data collected, stored, or processed by Dairy Delights**

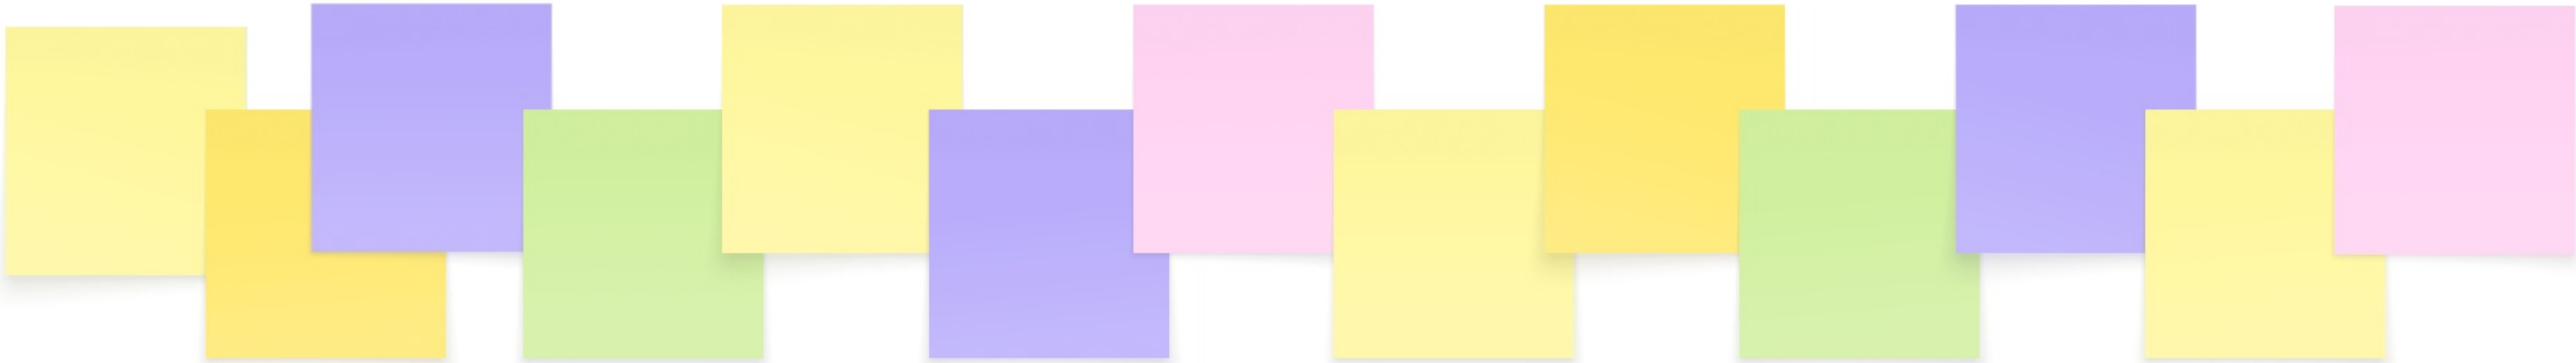

Assess the risks and and vulnerabilities associated with the identified personal data

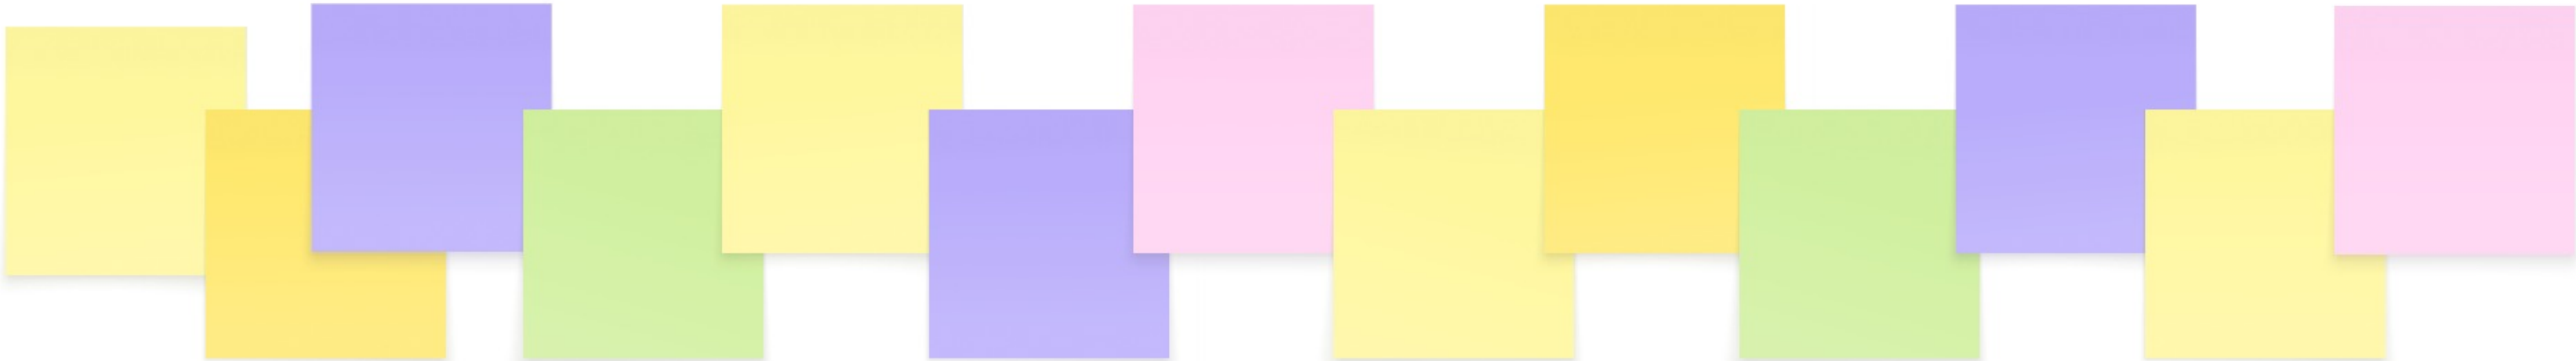

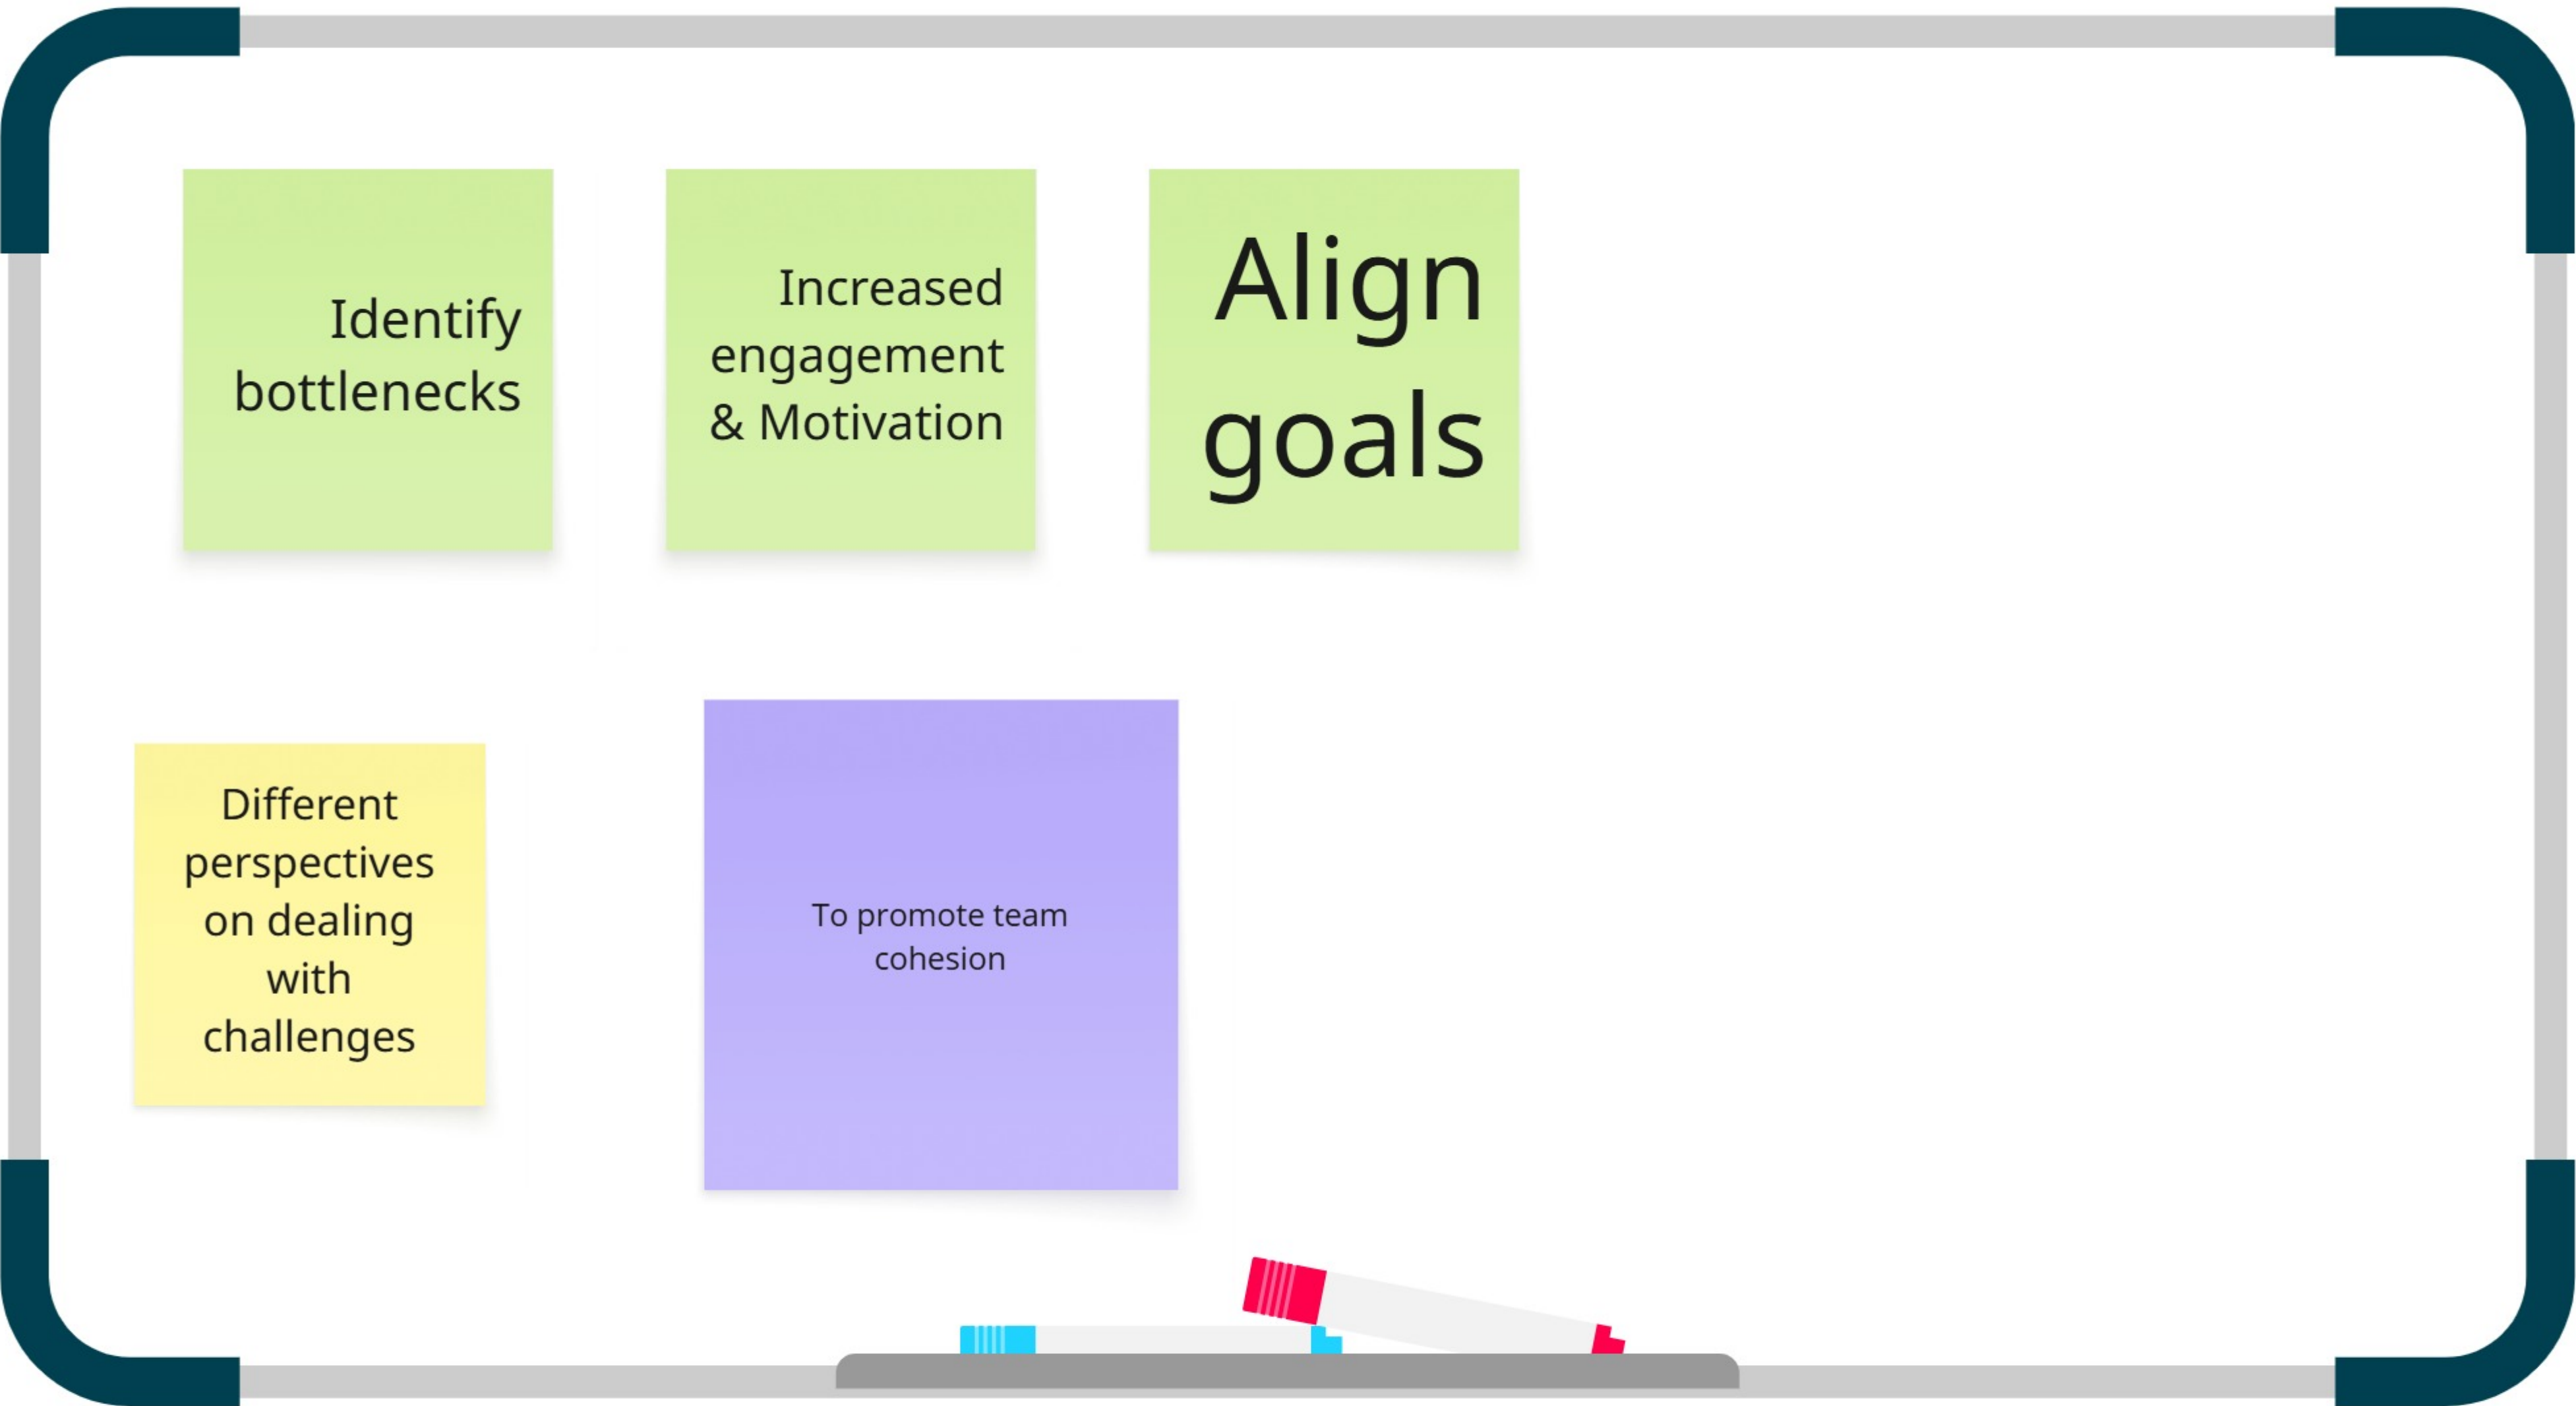

·Brainstorm and propose security measures to mitigate the identified risks and implement privacy by design principles for Dairy Delights' data processing and analysis.

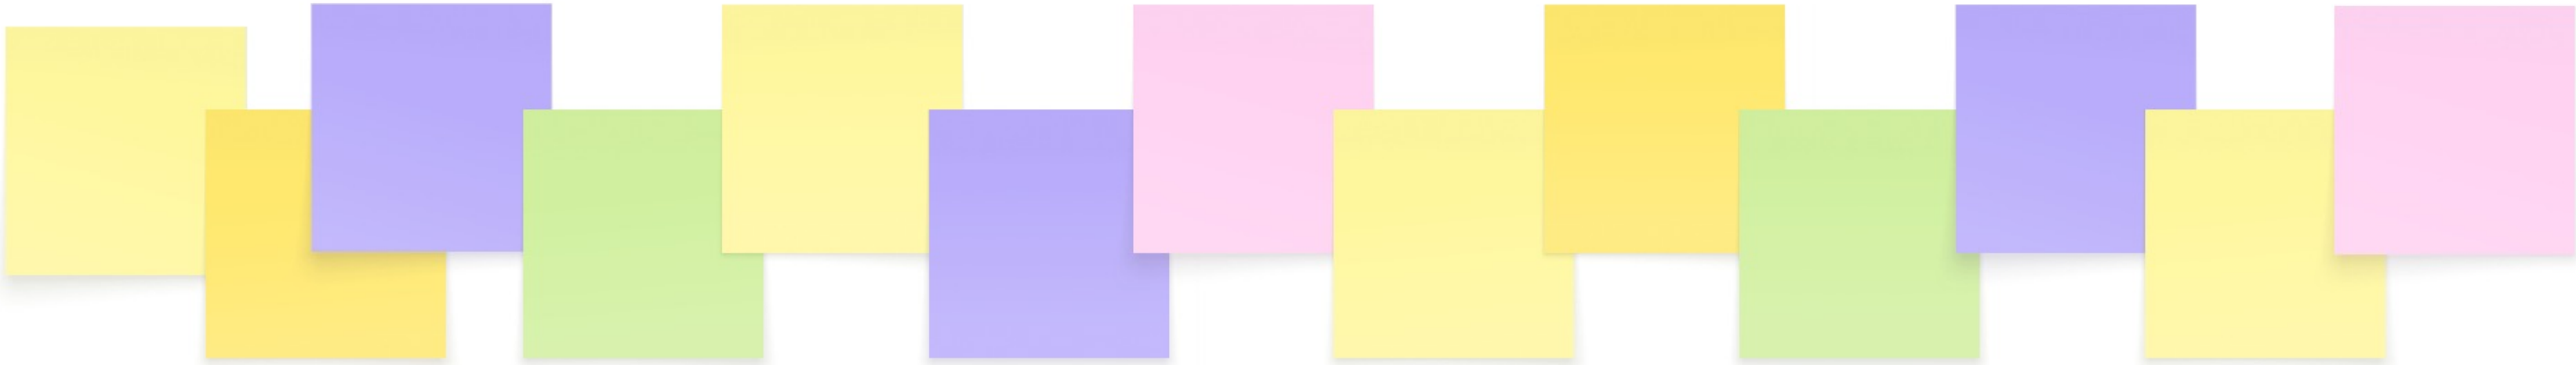

Legislations Protecting Personal Data

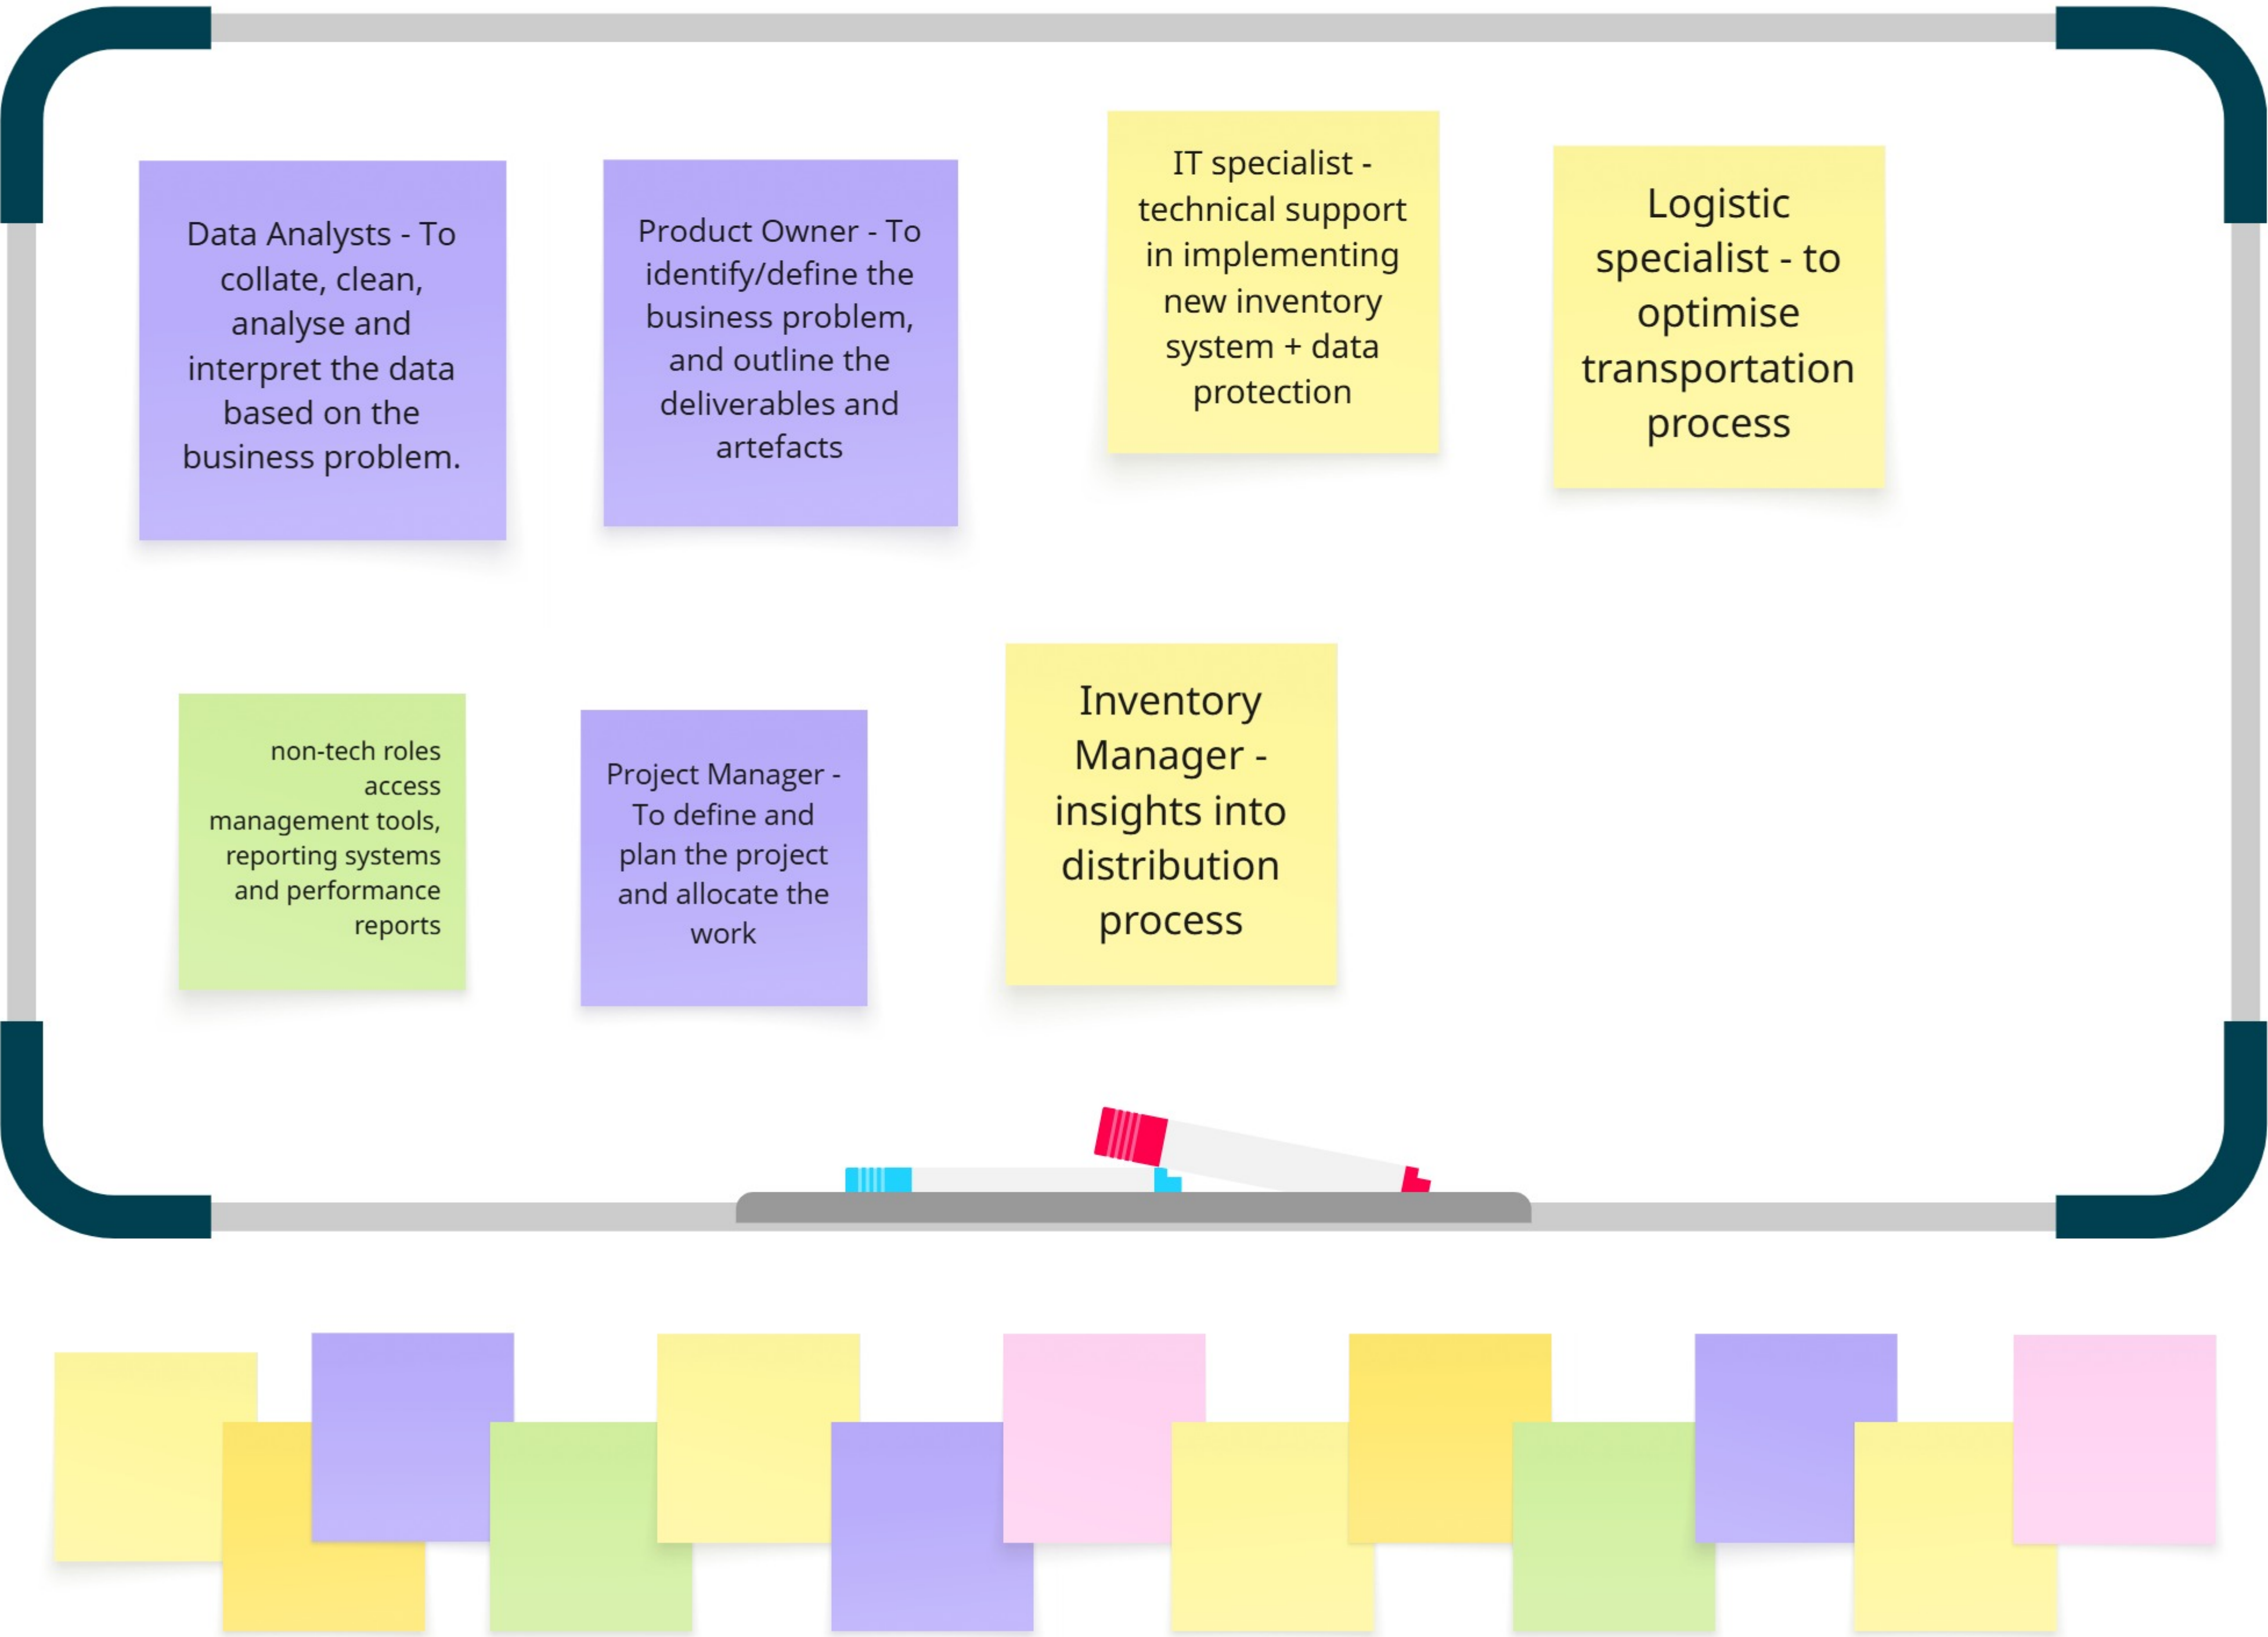

Identify key roles required for the Dairy Delights data project.

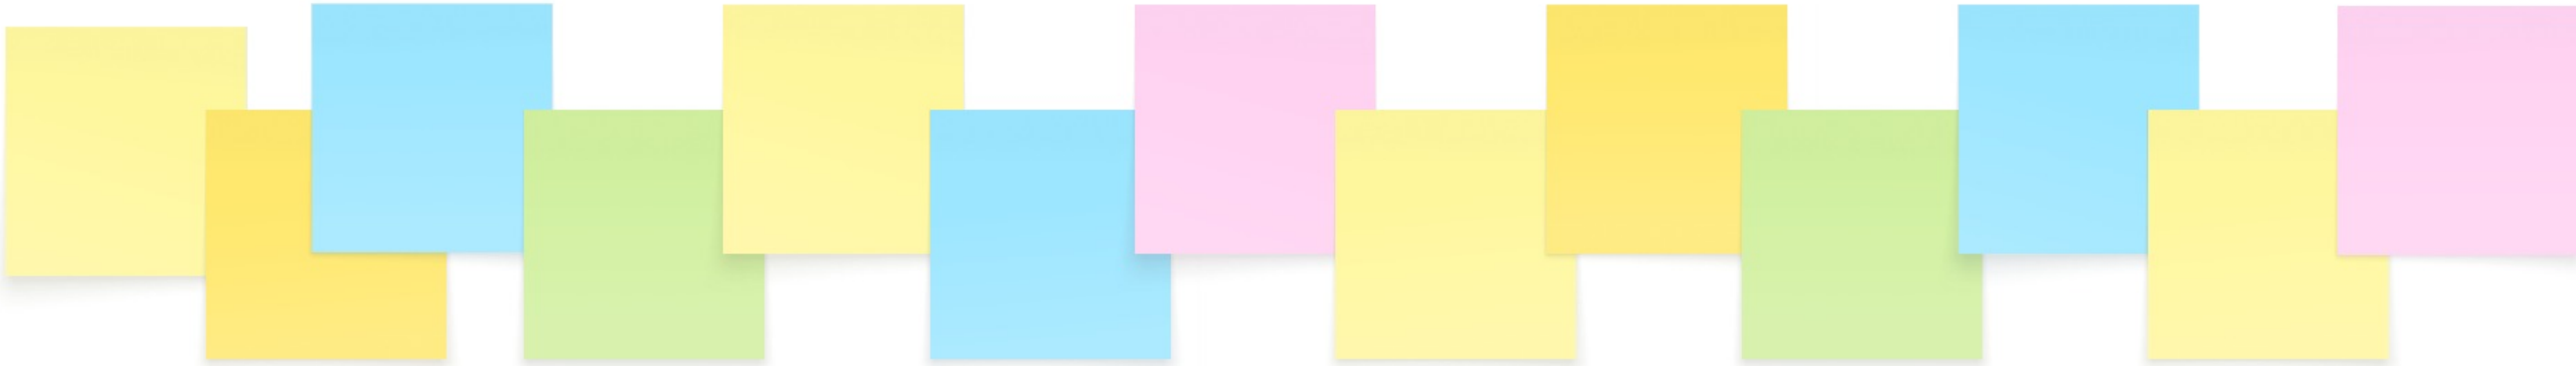

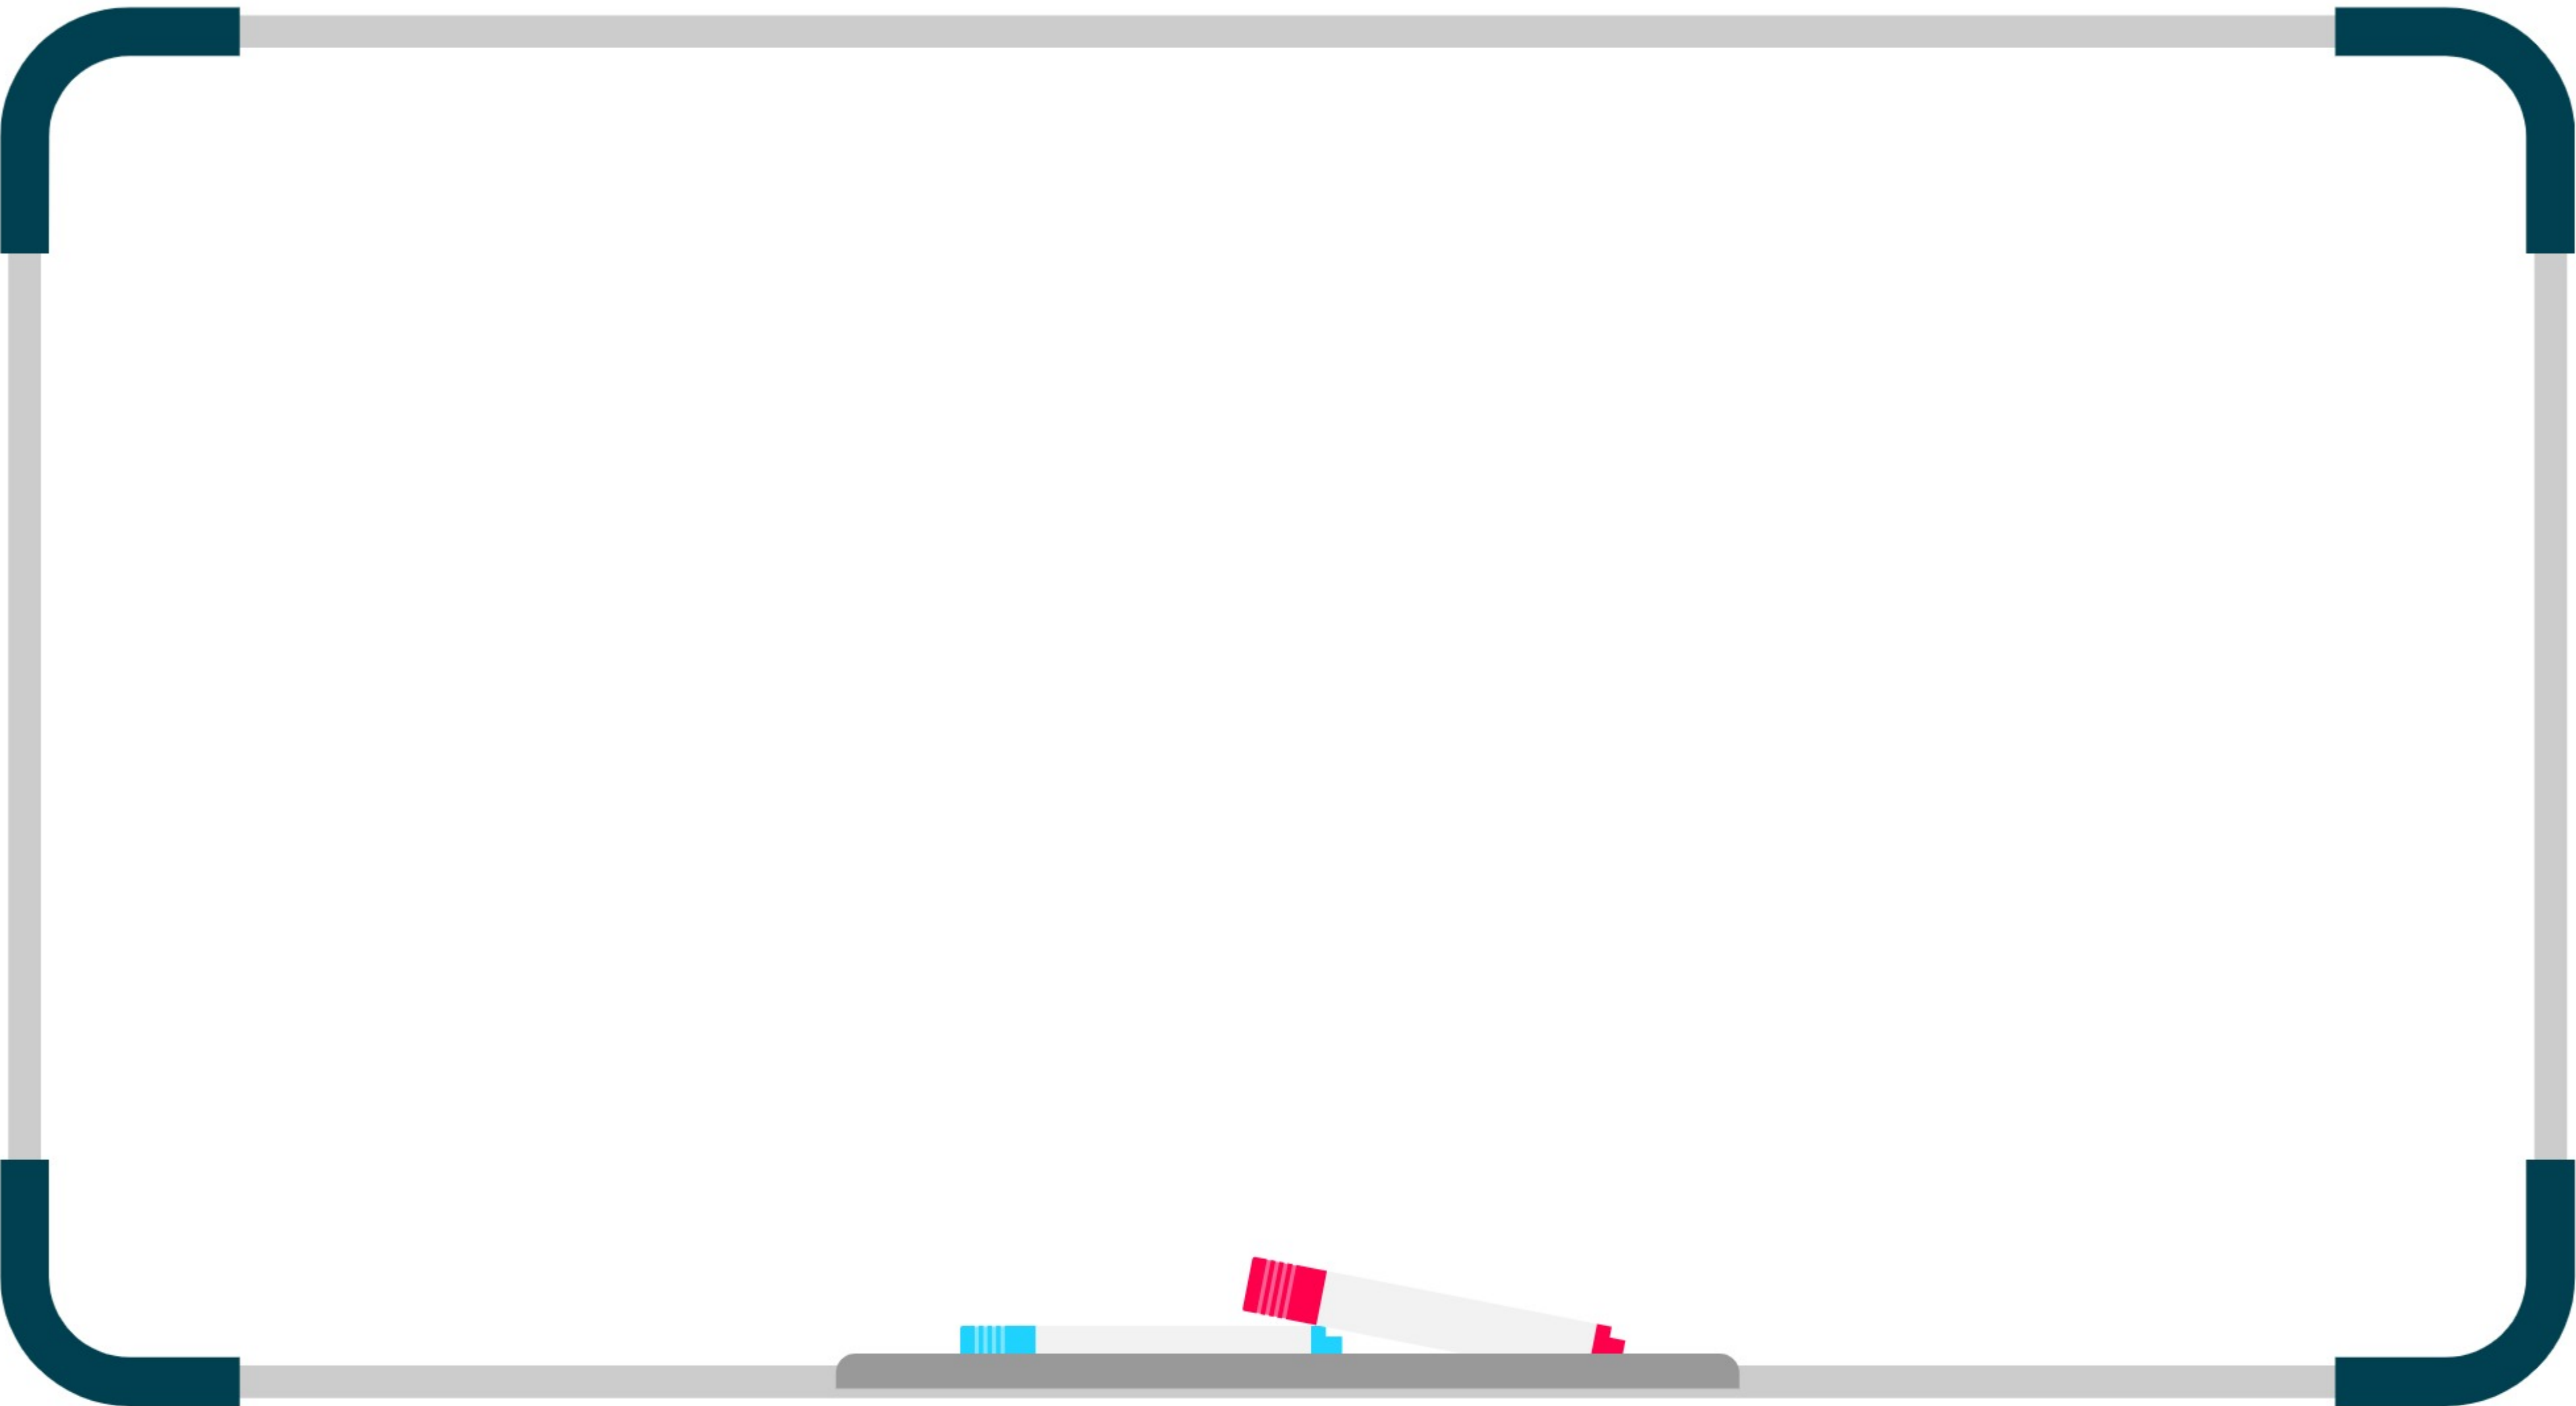

Define the responsibilities and tasks associated with each identified role.
